What is Going on Among Institutions of Higher Learning.

TEACHING USES OF A LIBRARY

nited States Bureau of Education Lays Stress on Value of Training a Student to Use Literary Tools.

Knowing how to use a library to so mportant in the estimation of the United States bureau of education that Dr. Henry R. Evans of the bureau's editorial staff has been commissioned to find out what the educational institutions of the country are doing as to "instruction in the management and use of libraries." The results of this investigation are made public in a bulletin just issued on "Library Instruction in Universities, Colleges and Normal Schools."

Out of 446 institutions of higher education replying, ninety-one give definite library courses, Of 166 normal schools replying to the bureau's inquiry, ninetythree reported instruction in library methods.

Separate library schools have been ex-

tablished at the following institutions: Simmons college, Boston; Western Reserve university, Cleveland, O.; University of Wisconsin, University of Illinois and Syracuse university, New York. Required courses in library instruction are maintained by the Kansas State

Agricultural college, the University of North Dakota, Ohio State university, Oregon Agricultural college, Pennsylvania State college, Utah Agricuitural college and the University of Washington. All of these institutions give full credit toward graduation for courses designed to train students in effective use f books and libraries.

Elective courses in library work are offered by many prominent institutions of higher education, including Cornell university, the University of Blinois, Indiana, Iowa, Maine, Michigan, New Mexloo, West Virginia and the University of Denver.

Wisconsin and Idaho are the only states equiring library instruction in the normal schools, according to the report. "The best material in the library," the bulletin asserts, "is frequently in the form of magazine articles, pamphlets and technical papers prepared by ex-

State Treas. Hall Gives Surety Bond Men a Chilly Deal

Seventy bond men are all up in the air over the placing of the state treasurer's bond, which is the biggest official bond written in Nebraska, direct with eastern companies, and apparently cutting them out of all participation in it. State Treasurer-elect Rail and several conferences with the insurance folks, to which some of the Omaha agents were invited, and after stringing them at the last session past midnight, told them that he would go over their heads.

"Political consideration always cut a figure in the handling of this bond." said a bond man, "and Mr. Hall to give the agents here the go-by had to turn down some of his strongest political supporters. I heard that his main solicitude at first was to have the commission split up with the friendly agents in his home district, but the deal was really pulled of by Judge England of Lincoln, who professed to appear not as an agent, but as the legal representative of the favored companies. Another interesting thing developed at the conference in the effort write on the back of your ticket the dancer is unprecedented, it is declared. of influential democratic politicians to pull a part of the bond for a prominent that many of Omaha's society women bullmooser in Omaha, asserting that Hall will wear gowns made of cotton, in def- was indebted to him for keeping Mr. erence to the trade depression in the Broatch, the builmoose candidate, on the south, due to clogged market conditions. track and diverting enough votes from "This is a charity affair, so it will be the republican nominee to elect a demomade so in every manner possible," de- crat, but he got the cold shoulder just
