BUSY TENNIS SEASON AHEAD

No International Matches, but Local Interest Will Be High.

TOURNEY TO BE AT BOSTON

Professional Championship Match Will In All Probability Be Staged at Hub City Between White and Kinsella.

NEW YORK, Dec. 13.—Racquet and court tennis players plan a busy season. While there will be no international competitions, there will be plenty of national contests. Last year the sport was made unusually interesting through the match for the world's open court tennis championship between Jay Gould and George Covey, the invasion of England by Joshua Crane, Jr., and the visit to America of the Hon. Mr. Lytton, the English amateur court tennis champion.

The growth of squash tennis during the last three years has been remarkable, and a number of players who formerly played court tennis and racquets are now devoting their attention to the less costly and equally energetic game of squash tennis. Several new courts have been built during the last year, and others are planned.

Play for the national amateur racquet championship in singles and doubles will be divided between New York and Philadelphia. The actual dates for the tournaments will be decided this month at a meeting of the clubs interested in the championship. The singles will be played in the courts of the New York Racquet club, while the doubles will go to Philadelphia.

Boston May Be Chosen.

Boston will probably secure the court tennis championship tourney, despite the fact that Jay Gould, the title holder, belongs to the Philadelphia Racquet club.

One of the most important events in court tennis circles will be the proposed match for the American professional championship between Jack White of the New York Racquet and Tennis club and Walter Kinsella of the Squash club.

White, who has the professional championship in his pocket since he defeated George Covey, the English champion, two matches last winter, Covey conceded to White a half winter, but the Racquet club professional could have beaten the Englishman on even terms.

For the first time in many years the professional squash championship will be decided. Kinsella will play Stephen Feron of the Harvard club, the present champion, a series of games for the title.

The first match will be played December 16 at the Harvard club, and one week later the second half of the match will be contested at the Squash club. Should the series result in a tie, the rubber will be played at the Princeton at a date to be decided by the contestants. Dr. Alfred Stillman, second, the amateur champion, has been selected as referee.

I. L. Clubs Will Make Deposit Guaranteeing They Will Not Quit

NEW YORK, Dec. 13.—In order to guarantee the following of International league base ball that the league will go through the 1915 season, regardless of what happens, each club of the league will be required to deposit \$10,000 with President Barrow at a special meeting to be held January 10, it was announced today.

The \$10,000 collected in this way will be used as an "emergency fund," which will be used to bolster up any weak spots which may develop.

Managers Miller Huggins and Charles Herzog of the St. Louis and Cincinnati, respectively, have made a joint bid for the Buffalo club, and, according to Barrow, their offer was a good one, considering existing conditions. However, the Huggins-Herzog proposition, it is stated, is only one of seven which have been made to President Stein of Buffalo, who will accept the offer of the highest bidder.

FED MAGS CAN'T 'HOG' STARS

Executive Committee to Decide on System.

WARD MAKES ANNOUNCEMENT

Every Man Showing Enough Faith in Independent League to Desert Organized Ball to Get Protection.

NEW YORK, Dec. 13.—Vice President Ward of the Federal league, who is also chief owner of the Brooklyn Federals, announced today that a meeting of the executive committee of the league will be held in Chicago Wednesday, December 16. The executive consists of President Gilmore, Vice President Ward and President Robertson of the Buffalo club.

The purpose of the meeting is to decide on a system of distribution of players when they are captured from the National and American leagues, and to formulate plans which will make it impossible for any Federal league club owner to overbid his team with stars.

In a statement Ward denied that any action was taken at the recent Federal league meeting to cut down the roster of players, and says every player who showed enough faith in the Federal league to desert the organized league ball will be protected to the end of his agreement, even though it necessitates the carrying of high salaries men in bench and coaching roles.

HARVARD OFFERS STADIUM FOR CHAMPIONSHIP GAMES

CAMBRIDGE, Mass., Dec. 13.—Representatives of Harvard will go to the forthcoming meeting of the Intercollegiate Association of Amateur Athletes of America instructed to tender the Harvard stadium for the intercollegiate track and field championship games next year. This was the statement made today by James Greenough, undergraduate manager of the Harvard track team.

"Harvard is not an active candidate for the honor," Mr. Greenough said. "We have staged the big meeting for several years now and the association may decide that the scene should be changed. But the games at Cambridge always have turned more money into the treasury of the association than those held elsewhere and we believe Harvard has the best facilities for handling the meet."

STALLINGS SIGNS TO RUN BRAVES FIVE YEARS

BOSTON, Dec. 13.—George T. Stallings, who led the Boston nationals to the world's championship of the club for at least five years, according to word received here today. He has signed a contract extending four years beyond the coming season, when his previous agreement will expire.

In the darkness Burns stumbled, twisting his left arm and wrenching his side. It is thought the ex-champion will be confined to the hospital several days.
