DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious as it dries the scalp and weakens the hair follicles.

Society

By MELLIFICIA. Tuesday, March 23, 1915.

INGENIOUSNESS, thy name is woman! A Chicago girl broke the monotony of the social entertainment, one afternoon last week, by giving a rest-cure party.

It was a true innovation, and the result of a stray shot expression of one of a small group to the effect she was so tired out, so weary of formal parties, so bored by being a social success, that she longed for something different to happen.

The something different surprised her a few days later in the form of a wee note, reading: "Come to my rest cure party, from 3 until 6 o'clock."

All accepted; not a single guest was missing, and the affair proved to be a whirlwind success.

When the guests arrived, they found the drawing room with shades nearly drawn, a log fire popping most invitingly and couches piled high with pillows and afghans.

The hostess announced that no one was to talk until moved to do so, and then only in the lowest voice. Quite mystified, the guests found places, and a maid noiselessly passed piping hot bouillon and crisp wafers, while from an adjoining room a low, sweet voice sang lullabies to the accompaniment of a guitar, and read delightful stories in low, distinct tones.

Harmony reigned supreme at this Lenten affair and the surroundings were sufficient to rest a panther—or a woman.

VICE REPORT IS REFERRED TO KUGEL

Morals Squad of the Police Ordered to Investigate Places Named in the List.

MINISTERS MAY MEET AGAIN. The city commissioners referred without comment to Superintendent of Police A. C. Kugel a "vice" report filed Monday morning by a committee representing the Omaha Ministerial union.

"I have nothing further to say at this time in connection with this report. I stated my position Monday morning before the city council committee of the whole and the ministers," was the reply of Superintendent Kugel when asked for an explanation.

The "moral squad" of the police department has been directed to investigate the places referred to in the vice report of the ministers.

Ministers to Meet Again. At a meeting of the Methodist ministers of the city it was resolved to ask President A. C. Douglas of the Ministerial union to call another meeting of the union for the purpose of discussing the report rendered by the special committee, the expressions of the city commissioners Monday morning and other matters in this connection.

One of the ministers appearing before the council committee of the whole Monday morning made the statement that it is probable that this vice report will be brought to the attention of the Commercial club, Women's club and other organizations.

Rev. C. N. Dawson, chairman of the Ministerial union's special vice committee, has no further comment to make just now regarding the work of his committee or the attitude of the city commissioners.

Commissioner C. H. Withnell has received many expressions regarding his "speech" Monday morning. The fact is he was the only commissioner who was silent during the proceedings.

What to Do to Get Fat and Increase Weight. The Real Cause of Thinness.

A Physician's Advice. Most thin people get from four to six pounds of good solid fat from food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of the nature of the food.

They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay here" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol acts as a solvent, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week.

Dies from Injuries Received in Easter Tornado in 1913

Mrs. Archie Miller, who was injured in the Easter tornado in Omaha two years ago, died last week after that time from the result of those injuries.

Mrs. Archie Miller, formerly Nellie E. Bigelow, was born in Iowa October 18, 1871, and was united in marriage with Archie Miller near Kearney, Neb., September 28, 1890. They took up their residence in South Omaha and have lived

there the greater part of the time since. She was a life-long member of the Methodist Episcopal church.

Funeral services were held in the Methodist Episcopal church, South Omaha, conducted by Dr. C. N. Dawson, a former pastor, assisted by Revs. Simeon Cornish and Dr. R. L. Wheeler. She leaves her husband, one son and one daughter.

Bail Bond Filed in Omaha for G. B. Darr

A bail bond in the sum of \$5,000 has been approved and filed here in the office of the clerk of the district court for George B. Darr, the Omaha capitalist.

He was indicted last week at Lincoln on charges of aiding and abetting President M. L. Luebchen of the First National bank of Sutton, in violation of the national banking laws. Arthur H. Benton and Ralph W. Emerson of Omaha, are Darr's bondsmen. The bond will be forwarded to the Hastings division of the federal court, in which Darr's case will be tried, unless he removes it elsewhere.
