SOCIALIST PLATFORM MADE

Measure to Cover City Election This Spring is Drafted and Made Public.

MADE UP OF NINE PLANKS

The Socialist party has prepared its platform to cover the city election this spring. The platform consists of nine planks. The first of these calls for home rule of cities, providing for the call of a charter convention. Other planks have to do with self-government, labor measures, public ownership, education, health measures, public amusements and recreation and financial measures.

HOME RULE FOR CITIES. Complete home rule is demanded for the city in all municipal affairs. And to this end a charter convention should be called in order to formulate new charter laws for the city. Those laws should permit the city to own and operate all public utilities.

SELF-GOVERNMENT. The initiative, referendum and the right of recall should be put upon a workable basis.

LABOR MEASURES. 1. Union labor is always to be recognized and given preference in all public works. The union label is to be required on all city printing. Ultimately the city is to establish a printing plant of its own, and when necessary is to be made upon the state legislature for the power to do so.

2. Union wages to be paid on all public works, thus raising and maintaining trade union standard.

3. Eight-hour day to be recognized and hours of labor on all public works to be reduced as rapidly as possible to eight hours per day. Rest and holidays to be provided—these provisions also to be required of all contractors doing work for the city.

4. Pending national legislation in this line, the city should establish accident insurance, sick pay, and old age pensions for all public employees.

5. The city should have a thoroughly equipped employment bureau for the assistance of those out of work, or free of charge.

6. Public works and public institutions in various lines should be executed as far as practicable by the city.

7. Public works and public institutions in various lines should be executed as far as practicable by the city.

8. Constitutional and legal rights of workers to be maintained. Police not allowed to use unnecessary roughness or violence or to interfere with peaceful picketing by the right of assembly, or free speech.

9. Sanitary conditions to be maintained in all places of employment. Proper light, heat, ventilation, toilet facilities, safety appliances, etc. Health department to co-operate in these matters; extra factory inspectors to be appointed for this purpose where necessary.

10. Direct employment of labor to be substituted for contract labor as far as possible.

PUBLIC OWNERSHIP. 1. All public utilities, water works, light, power and heating plants, transportation systems, ice plants, slaughter houses, etc., to be publicly owned and operated. These to be operated so as to raise wages, shorten hours, improve conditions and reduce the cost of service.

2. The establishment of public undertaking establishment and crematory.

3. The city should secure for itself as far as possible all unearned increment in land values. This to be accomplished by purchase, lease, taxation or otherwise.

EDUCATION. 1. Adequate free school facilities in all respects demanded, including sufficient buildings, playgrounds, gymnasia, baths, libraries, etc. by the community.

2. Warm meals to be supplied in the schools at cost, and where necessary free.

3. Medical inspection and care of children.

4. Industrial and occupational training.

5. Night and vacation schools where required.

6. Teaching standard to be raised; better wages paid and retirement funds maintained.

7. School buildings to be always available for all social and civic purposes required by the community, not interfering with school functions.

HEALTH MEASURES. 1. The city shall extend the free medical services, including hospitals, medical inspections in schools and free treatment where necessary, of contagious, infectious and dangerous diseases.

2. Food supply to be carefully inspected.

3. Modern, scientific and sanitary methods of garbage and sewage disposal to be established and operated by the city.

4. Rigid inspection of all places of employment to insure sanitary conditions.

PUBLIC AMUSEMENT AND RECREATION. 1. Parks and parkways to be extended; social centers with lectures, gymnasia, and baths, clubs, games, dancing and other wholesome recreation to be established—public school buildings to be used for the same.

OMAHA ONE PLACE

TO INVEST MONEY

So Declare Officials of International Realty Corporation in Omaha Looking at Property.

PREDICT END OF WAR SOON

"As soon as this war is over this country is going to see an unprecedented boom in real estate," said Edward S. Judd of Chicago, treasurer of the International Realty associates, an investment corporation that is looking for a real estate investment in Omaha. Mr. Judd and N. J. Upham of Duluth, president of the same corporation, are in Omaha looking at several pieces of property which have been offered them.

When Is It Coming? "What we would like to know, though," ventured an Omaha man, "is when this war is to be over so that we may know when to look for this boom you predict."

"Well," said President Upham, "you just set it down and watch what I tell you, this war won't last longer than fall. The way it is going it can't last much longer." He did not predict who would be victorious.

The two representatives of the International Realty Associates came in from Kansas City where they spent a day looking at some property. They did more than look at Kansas City property. They bought two pieces, one a brick office building of four stories, and another lot with a small building on it. They paid \$800 a front foot for the lot.

Here Six Weeks Ago. A half dozen weeks ago President Upham was in Omaha looking over some possible real estate investments for the corporation. He got some figures then, but did not buy at the time. The fact that he is back here again to look these pieces over, is taken as somewhat significant by local real estate men.

The officials admit that they are not going far out of the great central grain belt at present in search of real estate investments. "Ordinarily," said the president, "we are willing to invest anywhere. But just at the present time we are sticking pretty close to this central territory, to Kansas City, the Twin Cities and Omaha. We believe these are the best places to invest money in real estate at the present time, with Omaha probably the best of them all."

In National Corporation. The International Realty Associates is an investing company whose stockholders are all members of local real estate boards, and all members of the National Association of Real Estate Exchanges. It is capitalized at \$500,000. The corporation sells no stock to anyone but members of the National Association of Real Estate Exchanges. They do not wish to increase their capital stock by money from outside the ranks of real estate men. This corporation bought a tract in Duluth some time ago and made \$40,000 on it in a remarkably short period of time.

Byron Hastings and C. F. Harrison of Omaha are members of the executive board of the corporation. They do not wish to increase their capital stock by money from outside the ranks of real estate men. This corporation bought a tract in Duluth some time ago and made \$40,000 on it in a remarkably short period of time.

Byron Hastings and C. F. Harrison of Omaha are members of the executive board of the corporation. They do not wish to increase their capital stock by money from outside the ranks of real estate men. This corporation bought a tract in Duluth some time ago and made \$40,000 on it in a remarkably short period of time.

Marshall Party Calls On Foreign Commissioners

SAN FRANCISCO, March 26.—Vice President Thomas R. Marshall and Assistant Secretary of the Navy Franklin D. Roosevelt, with their military aides, formally called today at all foreign buildings at the Panama Pacific exposition. Commissioners from various nations received the vice presidential party. Eighteen calls were made.

The vice president and Mrs. Marshall and their party will attend a Japanese reception and dinner at the California building tonight, to be given in honor of the exposition officials.

The vice presidential party will leave San Francisco tomorrow for a visit at the home of United States Senator James D. Phelan at Saratoga, Cal. Late in the day the party will start on the trip to San Diego to visit the Panama-California exposition.

Mrs. Merriam Dies After an Operation

Mrs. Clara E. Merriam, for two years matron at the Old People's Home, died Thursday at the Wise Memorial hospital following a surgical operation performed last Saturday. Mrs. Merriam was 61 years old and was for many years active in the First Baptist and Calvary Baptist churches. She was an earnest worker in the Woman's Missionary and Aid society. The funeral will be held Saturday afternoon at 1:45 from Berkeley's undertaking parlors. Rev. J. E. Maxwell of Calvary Baptist church officiating. Interment will be at Red Oak, Ia.

Mrs. Merriam is survived by two sons, J. H. Merriam of Ashland and Chester W. Merriam of Louisville; a daughter, Mrs. A. H. Neill, of Chicago; a brother, H. A. Hinton, and a sister, Miss Agnes Hinton. Through marriage Mrs. Merriam was related to the late Mrs. George Tilden.

Peace Memorial Day Observance Monday

Plans for the observance of Memorial day this year will be discussed Monday evening at 8 o'clock at Memorial hall by the court house. The meeting will be composed of four representatives from each local post and corps of the Grand Army of the Republic. Major R. S. Wilcox is chairman of the whole committee.

ILLINOIS TRACK SQUAD GOES TO THE EXPOSITION

Enroute to the Panama exposition where they will take part in the athletic competition, twenty-five members of the University of Illinois track team passed through Omaha in a special car, over the Northwestern and Union Pacific.

Wedded at City Jail, Now Are Divorced

The following divorce petitions have been filed in district court: Arthur Gaines against Josephine, cruelty alleged; Katherine Logan against Charles, cruelty alleged; Lora Elliott against John H. McLaughlin, desertion; Lillian and Alvin Livingston, who figured in a wedding ceremony in the city jail two years ago, were divorced by Judge Radick.
