**ARE you planning to move this spring? And if not, are you considering your garden?**  
These are the two vital questions of the restless days of early spring. At every function, no matter how inconspicuous, flower talk predominates. To belong to a sewing class is desirable, but to belong to a garden club or coterie is necessary.

Not many people, as usual, seem to be moving this year; most are satisfied with the present roof, but every year more are interesting themselves in growing things.

Mrs. C. C. Allison, who is most enthusiastic over her gardens at "Rosemere," is experimenting constantly with all sorts of new varieties of roses. There are roses, roses everywhere at Rosemere. Trailing roses, rose bushes, trellis of roses, roses the most unusual greet you, when you go to Rosemere.

Mrs. Lawrie Childs has literally thousands of floral specimens around her estate, "Maxwellton." The iris holds a favored place in her heart, and in mid-summer the water lilies below the hill at Maxwellton are a charming rarity. She told me the other day that the pussy willows in the woods of her place have long been out, and now they are waiting for the Witch Hazel blossom, which will soon fill the thickets.

Mrs. Louis Nash does not spend so much time in variety at "Nashwood." Her attractive hedge of crimson ramblers takes all of her time. This hedge extends entirely around her place and makes a veritable hill of color from the road.

## LIKES HUBBY NO. 2 BETTER THAN NO. 1

So Mrs. Della Ferris Goes on Witness Stand for Second Husband in Suit Against First.

OLSEN IS SUING FOR \$5,000

Mrs. Della Ferris, pretty 21-year-old wife, who as a witness is defending Grandison Ferris, husband No. 2, in a \$25,000 suit brought by Ernest Olsen, husband No. 1, for alleged alienation of her affections, is unable to say why she prefers Ferris to Olsen. She now loves Ferris and dislikes Olsen, but refuses to try to give a reason.

She was asked the same question last December when the case was first tried and resulted in a \$500 verdict, afterward set aside by District Judge Troup.

"Just look at him," she said then, directing her gaze toward her husband and smiling. "That will explain why."

That Olsen was too attentive during the time he was married to her is urged by the defense as the reason why he lost her affection. Olsen maintains, however, that Ferris, who is only 20 years old and inherited a valuable farm in Buffalo county, persuaded her to love him rather than her first husband. Mr. and Mrs. Ferris first met at a dance in the Douglas auditorium.

**Affects His Health.**  
Olsen, who is a Union Pacific fireman, testified on the witness stand that the loss of his wife had affected his health and caused him acute suffering. He asserted that while she was still his wife he found her and Ferris in her room at Twentieth and Douglas streets early in the morning of October 15, 1913. They were partially dressed, he declared.

Mrs. Ferris denies the latter statement, explaining that she had asked Ferris by telephone to take her to breakfast and that he had just arrived when Olsen made his appearance.

Several witnesses for Olsen testified that they had seen Ferris and Mrs. Ferris together prior to their marriage.

Ferris is now engaged in running a jitney bus in Omaha.

**Sore Throat and Chest.**

**JAMES GREEN BURIED IN WEST LAWN CEMETERY**

The funeral of the late James Green was held from the Crosby undertaking parlors yesterday with burial in West Lawn cemetery. Among those in attendance were two brothers, Jerry S. Green, Davenport, Ia., a lecturer for the Odd Fellows for thirty-five years, and A. M. Green of the same city, besides two sisters, Mrs. Martha Brenner, Arapahoe, Neb., and Mrs. Jennie Peters, Kansas City.

Mr. Green leaves a widow and two children. He was found dead in bed Sunday morning. A post mortem revealed the fact that he died from enlargement of the heart and hardening of the heart valves.

**Grain Receipts Are Light and Prices Make Slight Rise**

While receipts on the Omaha Grain exchange were light, the market was strong to higher, wheat advancing 1/4 cent per bushel and selling at \$1.40 1/2. There were sixteen outlands on sale.

Corn made a gain of 1/4 cent, with sixteen cars on the market. There were but eight cars of oats, which sold at 54 1/2 cents, 1 cent up from Monday.

**Makes Stubborn Coughs Vanish in a Hurry**

Surprisingly Good Cough Syrup. Easily and Cheaply Made at Home.

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four the 2 1/2 ounces of Pinex (50 cents worth) into a pint bottle and fill with the bottle with plain granulated sugar. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of 48c. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualiacol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex, and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
