

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

GRANDMOTHER KNEW

There was Nothing So Good for Congestion and Colds as Mustard.

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finny-fine entry. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Charges Detective Framed Red Plot To Wreck Church.

NEW YORK, April 1.—Detective Amadeo Polignani, chief witness in the trial of Frank Abarno and Carmine Carbono, charged with attempting to set off bombs in St. Patrick's cathedral, arrested a man outside the court room whom he said had given him and another detective "the Italian death sign."

The man, who gave the name of Giuseppe Alia, was one of a group of foreigners who had gathered about the court room and who put their fingers to their mouths as Polignani passed them in token, the detective said, that he was marked for death.

Francis W. Pollock then began his opening address for the defense. He charged Polignani with being the instigator of the plot.

When his suggestion to throw the bombs met with coldness, the lawyer said he threatened the boys. He showed them the home of the rich on Fifth avenue and said, "If you will not do as I tell you, I will cut your face and denounce you as spies."

Polignani suggested the bomb throwing. He bought the explosives, hired the rooms where the bombs were made, kept the keys of the room, led Abarno to the cathedral, and urged him on when at last Abarno tried to back out by saying, "Coward, come on."

Alia, Polignani's alleged assailant, was found guilty of disorderly conduct and held in \$500 bonds to keep the peace for six months or serve thirty days in the city prison. As he was unable to give bond he was locked up.

United States Asks Pay for Sailing Ship William P. Frye

WASHINGTON, April 1.—The American note to Germany over the destruction of the American sailing ship William P. Frye by the German raider, Prinz Eitel Friedrich, has been dispatched to Berlin.

Acting Secretary Lansing of the State department said today the note would be made public here as soon as it had had time to reach its destination.

The representations of the United States concern only the vessel and do not discuss the cargo, which the State department is satisfied was not American owned.

The note contends there was no justification for the sinking of the Frye; that a neutral vessel carrying a cargo of wheat not confessedly contraband was sunk when a release of the vessel would have involved no vital consequences to the Prinz Eitel Friedrich.

On account of the difficulties of communication between the German embassy here and its foreign office the ship's papers and Commander Thierichen's report of the case were sent three weeks ago by mail.

While no German official would discuss the question today it was learned recently that the German ambassador, Count Bernstorff, had recommended the reimbursement of the owners of the vessel. The dispatching of a note on the subject to the German government was deemed necessary, however, because of the precedent it established, the American government desiring to record its objections to such procedure on the high seas, and its expectation that full restitution would be made in every case.

SKYSCRAPER FOR SCHLITZ CORNER

Plan is Under Way for Building in the Nature of an Insurance Exchange.

EASTERN FINANCIER IS HERE

A skyscraper building to serve as an insurance exchange is in prospect for the site of the Schlitz hotel.

Although admitting that the First National bank might sell the Schlitz hotel corner at Sixteenth and Harney streets, if the proper price were offered, officials at the bank yesterday denied that any such sale had been made.

This denial came in spite of the rumor that Napoleon Picard of New York, who was in Omaha Wednesday, made a deal for the building for an eastern syndicate.

F. H. Davis, president of the First National bank, is at Excelsior Springs, according to information from the bank.

T. L. Davis, cashier, still denying the bank bought the Board of Trade corner, said, however, "I'll admit that it is possible if we could sell the Schlitz corner, and either buy or lease a place in the new building to go up on the Board of Trade corner, we might do that, but nothing of the kind has taken place. I know nothing of Picard, and never heard of him."

Bank Would Sell.

It has been common gossip that the bank would sell its holding in the Schlitz corner at Sixteenth and Harney, now that there are possibilities of its getting into the Board of Trade corner.

But while officials state that they would sell the Schlitz property if they could get the right kind of a lease on the Board of Trade building, it is known that George A. Joelyn has had practically a standing offer with them to take the Schlitz corner off their hands at a substantially higher figure than the \$1,000,000.

This offer of Joelyn has not been accepted, although it is understood the offer has been standing for some weeks. This offer from Joelyn, it is understood, is still good, in spite of the fact that Mr. Joelyn has just invested \$140,000 in the Patterson block at the corner of Seventeenth and Parson streets.

The lease of the Sherman & McConnell Drug company, which firm occupies the corner of the Schlitz building, is good for two years hence. The other leases in the building contain a clause which states that the lease may be terminated at any time by the lessor on giving thirty days' notice. No such clause is contained in the Sherman & McConnell lease.

Three Thousand Union Painters in Chicago Strike

CHICAGO, April 1.—Three thousand union painters and decorators struck today. The strike order was issued after the unions and the employers failed to reach an agreement over a new form of contract.

Contractors and representatives of building trades other than the painters conferred today in an effort to reach an agreement which would prevent a general strike or a lockout of workers.

It is estimated that more than 10,000 men are affiliated with the Painters' unions, though only about a third of the men have been employed recently.

GRAIN RECEIPTS LIGHT HERE, AS IN OTHER PLACES

Here, as elsewhere throughout the country, grain receipts were light. Omaha had fourteen cars of wheat, twenty of corn and sixteen of oats on sale. Prices remained firm on a report of large quantities of wheat being taken for export.

Wheat sold at \$1.44 1/2 to \$1.45 1/2, an advance of 1/2 cent; corn, 65 1/2 to 66 1/2 cents, a gain of 1/2 cent; white oats were down 1/4 cent, selling at 62 1/2 to 63 1/2 cents per bushel.

RASH BREAKS OUT ON BOY'S HEAD

Four Days After Birth, Cried Day and Night. Disfigured. Hair Came Out. Used Cuticura Soap and Cuticura Ointment. In Four Months Head Healed, Hair Grew.

Flate, Neb.—"My second child, a boy, had what is called scrofula of the head. The whole top of his head and forehead broke out in a thick rash the fourth day after he was born and formed one white crust. He cried a good deal both day and night. It seemed to hurt him. It disfigured him and I felt ashamed to have anybody see him. Hair came out.

"I used home remedies for about six weeks and the crust got dry and cracks formed, then eruptions the size of a pea would come out in the cracks. A kind old lady told me about Cuticura Soap and Ointment so I began using them. I bathed his head with the soap and then used the Ointment. He began to improve right along. In four months his head was healed up as nice as could be and his hair began to grow." (Signed) Mrs. C. H. Kammerer, June 17, 1914.

Changes Ordered in Postoffice Have Gone into Effect

Changes in the Omaha postoffice staff, ordered recently by the department after inspection and recommendations by an efficiency board, went into effect yesterday.

They include the retirement of Colonel Henry C. Akin, postal cashier, and the advancement of Charles J. Magill to that position from the money order division, with salary increase. Other changes include:

Promotion of Iven W. Barr to be bookkeeper in the division of finance, at increased salary; promotion of William E. Baehi from clerk to assistant money order cashier; transfer of William A. Kelley from superintendent registry division to be special clerk in connection of C. W. Kaitzer from superintendent Union depot postal station to superintendent registry division, with salary increase; promotion of Philip P. Kelley from foreman special delivery carriers to inspector of carriers, with salary increase; transfer of Samuel C. Taylor from stamp department to another department.

Warring Spirits Make a Compromise

The warring spirits have come together beneath the olive branch of peace, according to a compromise ordinance introduced at a meeting of the city council. This measure provides that the mediums, clairvoyants and others of similar activities shall be assessed \$20 a year as license fee, except that the fee shall not be imposed in cases where certificates are issued from organizations operating under a charter of this or some other state.

A Strength, Flesh and Body Builder For Spring

Run Down, Underweight People Fat on Tea to Twenty Pounds of Healthy Flesh.

Most people show a tendency to lose weight in winter. The fat making material in the foods they eat, which at other seasons keeps flesh and weight at normal is partially diverted in cold weather and instead is used to furnish heat for the body. Then most of us acquire coughs, colds or the grippe which tear down flesh, lower vitality, cause a considerable loss in weight and leave us in a rundown condition in the spring.

Any material loss of weight should be regarded with alarm and prompt measures taken to regain the lost flesh. A splendid body builder and flesh producer is found in a preparation known as Sargol which can be found at druggists everywhere and which seldom fails to give the user a weight increase of from ten to twenty pounds within a few weeks.

Sargol does not of itself make flesh. It is a small tablet, which readily dissolves in the stomach and, mixing with the fats, sugars and starches of the food you eat, prepares these flesh making materials into a form where they are easily absorbed and distribute them throughout the body. It is really amazing how quickly and easily lost flesh and weight return when Sargol is used with your meals.

With returning normal weight comes too a corresponding return of health, spirits, ambition and vitality and you soon feel your old self again. Sherman & McConnell drug store, Omaha, and leading druggists everywhere sell and recommend Sargol and every package contains a guarantee which will increase or money back.

CAUTION—While Sargol is also widely used for overcoming nervous depression and general stomach troubles, its action in increasing weight is so practically certain that its use is not recommended to those who are not willing to put on ten or more pounds of flesh.—Advertisement.

GREATER OMAHA'S SCHOOL PROBLEMS

Increased Expenses Must Be Provided For Under the Consolidation with Suburbs.

TEACHERS TO GET MORE PAY

The public school feature of Greater Omaha presents to the members of the Board of Education a financial situation which will soon be given serious consideration. Although it may be premature, some of the members already are discussing this phase of the prospective enlarged school district.

A bill has been introduced at Lincoln raising the maximum school levy from 20 to 25 mills for this district. Efforts are now being made to put this measure through. This year's school levy was 20 mills.

It is estimated that when the teachers of South Omaha, Dundee and Florence shall have been brought into this jurisdiction there will be an immediate increase of about \$1,000 a month by reason of placing the salaries of the annexed teachers on the same basis of the present Omaha school system. This would not be effective until the beginning of school next September, but it would increase this year's deficit, and the problem is to meet this increased deficit next year. In addition to this increased salary budget there will be needed about \$15,000 to comply with a new law requiring that all school buildings of two stories or more be equipped with fire escapes.

It is further anticipated that the South Omaha schools will require considerable improvement.

BODY OF MRS. JULIA HAYES IS TAKEN TO IMOGENE, IA.

A coroner's jury returned a verdict of suicide Thursday morning after deliberating on the death of Mrs. Julia Hayes, aged 78 years, who jumped from a fourth-story Paxton hotel window Wednesday. The body was taken by relatives to the woman's home at Imogene, Ia., where funeral services will be held Friday.

Fruit Laxative For Sick Child Give "California Syrup of Figs"

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without griping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again.

When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good liver and bowel cleansing should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other fig syrup with contempt.—Advertisement.
