

Keep Uric Acid Out of Joints
Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.—Advertisement.

MOTHERS' MEETING ENDS IN BIG ROW

Four Circles in Federation of Child Conservation League Break and Quit Organization.

Schism parted the ranks of the Omaha Federation of Child Conservation League at Young Woman's Christian association yesterday morning. Of the seven circles which comprise the federation, the Benson, South Side, Bemis Park and Hancock Park circles withdrew their connection, through their presidents. This left the North Side, the Dundee and the South Omaha circles, the three largest, in charge of the city union.

The separation came at the end of a long morning of attacks, personal and aimed at the Howard Severance Book company of Chicago, as well as at the National Child Conservation League of America, which sent its representative, Miss Charlotte White to defend its claims. The separation came when Mrs. F. R. King of Benson, president of the federation as well as the Benson circle, voiced her withdrawal.

The dissenting members then adjourned to the next room, elected Mrs. King president and Mrs. Horace J. Holmes secretary of a new mothers' organization. They then made arrangements to hold their first meeting on Thursday for themselves for next Thursday, when they will complete their own organization.

CHIEF DUNN IN FERRIS CASE

Witness in \$25,000 Suit Brought by Husband No. 1 Against Husband No. 2.

CITY ATTORNEY IS IN CASE, TOO

Chief of Police Dunn was called as a witness yesterday in \$25,000 suit brought by Ernest Olsen against Grandson Ferris for alleged alienation of the affections of Olsen's 2-year-old wife, now Mrs. Della Ferris, to testify concerning an alleged poison orange episode, related by her.

The plaintiff sought to show by records in Chief Dunn's possession that the young woman, then Mrs. Olsen, told the police she had taken poison in an attempt to commit suicide because of a disagreement with Ferris. The testimony was ruled out by District Judge Troup on technical grounds.

Mrs. Ferris accounted for her illness on that occasion by a theory that an orange which she had eaten had contained poison.

The sheriff's office took charge of the crowd of spectators which overflowed the court room, a deputy remaining inside throughout the morning session.

Married Soon After Divorce.

Mrs. Ferris resumed the stand for a short time for rebuttal testimony. She testified that her personal habits of Olsen had been displeasing to her. The defense attempted by her testimony to show that she was not induced to leave Olsen by Ferris. The plaintiff introduced testimony in an attempt to show that Ferris assisted in securing a divorce for her from Olsen. Mr. and Mrs. Ferris were married in Council Bluffs a few weeks after she secured the divorce.

Attorney John A. Rine, representing Ferris, in his argument criticized Olsen

for bringing the damage suit in an attempt to secure payment for the loss of his wife. He asserted that Ferris would inherit \$14,000 from his father, Alden Ferris, a pioneer of Buffalo county, and that Olsen desired to obtain part of this inheritance.

W. T. CANADA IS DAILY GROWING MUCH WEAKER

William T. Canada, at St. Catherine's hospital, had a bad night, according to reports, and his condition is practically unchanged, aside from that he has grown weaker. He is unconscious and in a comatose state most of the time. No hope for his recovery is entertained. His illness is so critical that only nurses, his physicians and members of the family are allowed to visit his room.

Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress. The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gently yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 622 Washington St., Monticello, Ill.

Friday Sales Insure Both Saving and Satisfaction

Big Savings on Men's Spring Furnishings in Our Easter Week Sales.

Our Great Easter Sale of Men's Furnishings Continues Friday and Saturday.

Resinol

certainly does heal eczema

In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. The first use of Resinol Ointment and Resinol Soap usually stop the itching and burning, and they soon clear away all trace of the eruption. No other treatment will do this unless the public can show such a record of professional approval.

Sold by all druggists. For trial box, write to Dept. 264, Resinol, Baltimore, Md.

Urine for Drink Habit

TRY IT AT OUR EXPENSE

We are earnest when we ask you to give ORBINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORBINE. This offer gives the wives and mothers of those who drink to excess an opportunity to try the ORBINE treatment. It is a very simple treatment, can be given in the home without publicity or loss of time from business, and at a small price.

ORBINE is prepared in two forms: No. 1, secret treatment, a powder; ORBINE No. 2, in pill form, for those who desire to take voluntary treatment. Costs only \$1.00 a box. Come in and talk over the matter with us. Ask for booklet, Sherman & McConnell Drug Co., corner 18th and Dodge streets, Owl Drug Co., corner 16th and Harney streets.

stick to the Ship.

The members who stayed by the ship also elected officers to fill the vacancies caused by the resignations. The officers now are: Mrs. Charles H. Savidge, president; Mrs. I. E. Arey, first vice president; Mrs. Don McCown, second vice president; Mrs. Kellogg of South Omaha, third vice president; Mrs. Bruce McCulloch, secretary; Mrs. W. O. Perry, treasurer.

At the opening of the meeting a motion was made to exclude newspaper reporters from the meeting, but at the roll call taken the vote was in favor of their presence.

The local circles of the National Child Conservation League of America were organized last summer by Miss Charlotte White and a corps of assistants, while taking orders for books for the Howard Severance company of Chicago. Later Miss White returned and federated the circles. Soon after, suspicion as to the existence of the national organization was aroused among the members because letters from local officers to the national secretary, Mrs. May E. Hoos, brought responses on the book company's stationery. This led to further discussion and finally the decision to withdraw from the national organization on the part of some of the members. The meeting was called to settle the question.

Miss White, although reprimanded by the president, Mrs. King, asserted her right to be heard, as representative of the national organization, which the local circles recognize as their superior body, according to their constitution. She then read a signed article from Dr. Winfield Hall Scott and Mrs. May E. Hoos, respectively of the national league, and finally a copy of statements which she article read by Miss White states that the league was incorporated under the laws of the District of Columbia and was organized in Chicago in March, 1912.

No Right to Make Resolutions.

"You have no right to pass any resolutions contrary to your superior body, any more than the states have a right to pass a law contrary to the federal law," argued Miss White.

Miss White was asked how the league originated.

"I think it originated when the field managers saw the necessity of an organization of this kind for mothers, but I don't know. I have never questioned its origin," replied Miss White. Here a woman in the audience laughed aloud.

"Can you give us any assurance that the officers of the national league have no interest financially in the book concern?" a woman asked Miss White.

"They have no connection," was the reply.

However, at the meeting held after the four leagues had withdrawn, Miss White stated: "The royalty that the national league received from the book company is the only means of propagating the league's work."

Many of the women left the meeting room incensed at the near-riot. "I am ashamed to be a member of a mother's circle which held a meeting such as this one. If my children acted like this I would spank them," declared Mrs. W. O. Perry indignantly.

Some who remained in the original federation said they were not bothered about the connection between the league and the book company. They said they were satisfied with the books they had purchased and were willing to continue in the organization.

FOUR SUITS TO CANCEL.

NATURALIZATION PAPERS

Four suits to cancel naturalization certificates, upon allegations of technical defect or fraud, will soon be heard in federal court by Judge T. C. Munger. The cases were filed by United States District Attorney F. R. Howell and are entitled the United States against Moses Bear Corsester, Fredolin Brix, Jan Resek and Oscar A. Anderson.

A Specific Anxious Case.

"If there is such a thing as a specific anxious case, it is to be found in the sleeping porch or the open bed room. Next to that comes the cold sponge bath in the morning," says the Youths Companion. He is so careful as you can you will occasionally take cold, and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it. Try it. Obtainable everywhere.—Advertisement.

What 4 Years Did for This Hudson

The HUDSON Light Six came out first as a 1914 model. But two years had been spent in developing it, and two years have been spent on it since.

So this new model is the result of four years of refinement. Not only by Howard E. Coffin, its famous designer, but by our whole corps of engineers.

One result shows in its lightness—3,670 pounds. It is the lightest 7-passenger Six. And lightness denotes refinement. Every needless pound is a crudity, due to wrong materials or less skillful designing.

Other results show in finish, luxury, beauty and equipment. Every detail in this HUDSON shows the final touch.

25-Million-Mile Test

But the best thing these years have done is to prove that the car is right.

Over 10,000 owners have now driven this car, perhaps 25 million miles. Half of them have proved it two seasons.

All of those owners will vouch for this car. No mistake has developed, no weakness, no shortcoming.

Another great appeal in the HUDSON lies in pride of ownership. The HUDSON is the class car of its type. It shows its class. And the name HUDSON, in every mind, stands for the highest standards.

Another reason lies in HUDSON service. That means protection to you, it means constant satisfaction.

Now is the time—before the rush season—to find out which Light Six is best.

Spring Opening Sale

Actually a little late with the announcement, but just in time for Easter shopping.

A little early in season to announce low prices for high grade merchandise, but very timely for the economical buyer.

To make our spring business a record-breaker, our buyers have taken the pains to obtain our goods of the best reputable houses for the lowest prices possible.

To accomplish our plan the sales manager is going to do his share and give the people the lowest prices right at the opening of the season, when they really do their buying, and save by it.

There is another reason to make our claim good in giving the people better goods for less money, and that is: The Fair Store being fortunate enough to have a very large store for a very small rental.

To keep up with our method of cutting down on expenses, we will mention just a few of our special values:

\$15.00 Men's and Young Men's Suits, made of all wool materials, 1915 models, thoroughly hand tailored and consisting of a large variety of patterns to suit most anybody. Special..... \$9.75
