## DOOMED MEN USE GALLOW'S ROPE TO BREAK FROM PEN

Three Convicted Murderers, Two Sentenced to Die, Slide Down Hangman's Cord in Vain Dash for Liberty.

**BARS OF WINDOW HOLD THEM**  
"Human Tiger" and Companions Work Way Into Death Chamber and Take Halt for Box.

**SMUGGLED KEY AIDS EFFORTS**  
SACRAMENTO, Cal., April 7.—When under death sentence, are back in Folsom prison dungeon tonight after an ineffectual attempt to escape by sliding down the hangman's rope.

The trio, Frank Creek, Earl Loomis and Zollic Clements, escaped from their cells by a key smuggled to Creek, who got away once before by murdering a sergeant of the guard. They worked their way to the anteroom of the death chamber, which awaits Creek and Loomis, and took from a box the rope used two years ago to hang Jacob Oppenheimer, a convict known as the "human tiger."

With this they slid to a window, at the bars of which they were sawing away when discovered.

They submitted without resistance and their adventure did not become known outside the wall until nearly twenty-four hours after its occurrence. The source of the saw and key has not been disclosed.

## WILSON ENDORSED; BRYAN IS LEFT OUT

Senator Quinby Achieves Action by Upper Chamber Upon Repudiation of Praise.

**NO GOOD WILL FOR SECRETARY**  
(From a Staff Correspondent.)  
LINCOLN, April 7.—(Special.)—After trying for several days to get an endorsement of President Wilson through the democratic legislature without result, Senator Quinby this morning was successful.

It appears that in face of the republican victories in Chicago and other eastern cities the senate thought that somebody ought to endorse the democratic administration and so President Wilson can look out through the dark clouds of yesterday's elections and see the bright light created by the Nebraska legislature and receive inspiration. A significant part of the endorsement is the fact that the name of William Jennings Bryan had to be taken from the endorsement because the senate would listen to it and either reference eliminated except for the peace policies of the administration.

## EITEL CHIEF ASKS SHIP BE INTERNED THROUGHOUT WAR

Commander Thierichens Informs Collector of Port He Desires to Have Craft Held in United States Waters

**DASH TO SEA IS IMPOSSIBLE**  
Navy Department Announces Converted Cruiser Will Be Taken to Norfolk Yard.

**MEN MUST GIVE PLEDGES**  
WASHINGTON, April 7.—Commander Thierichens of the German auxiliary cruiser Prinz Eitel Friedrich informed the collector of customs at Newport News tonight that he desired to intern his ship in American waters for the war.

The commander said he had been obliged to determine upon this course because relief, which would have made possible a dash for the sea, had failed to arrive. It was announced at the Navy department that the Eitel would be taken to the Norfolk navy yard for internment and its officers and crew bound not to participate further in the war.

**NEWPORT NEWS, Va.**, April 7.—Commander Thierichens sent for Collector Hamilton tonight and told him of the decision to intern his ship, and said that he awaited the orders of the United States government.

## Strike on Harriman System Taken Up By Federal Probers

**CHICAGO**, April 7.—Investigation of wages and working conditions of Pullman conductors and porters was suspended by the federal industrial commission today until next Saturday upon receipt of information that John S. Rumbold, president of the Pullman company, and Robert T. Lincoln, chairman of the board of directors, are too ill to appear before the commission.

Complaints of shippers of the Illinois Central and other so-called Harriman roads were taken up. This phase of the inquiry was expected to last three days. Harold H. Markham, president of the Illinois Central, was the first witness. He read a statement asserting that the shippers' strike of 1911 was "ill advised and inopportune" and did not represent the attitude of the men, but, largely the "selfish ambitions" of would-be union leaders.

Had the ultimate purpose of the strike been achieved, Mr. Markham said, the railroads would have been helpless. A strike in a sawmill, he illustrated, might tie up a whole railroad system. He read a record of alleged violent acts which marked the strike. The reading of the statement consumed two hours.

Chairman Walsh questioned Mr. Markham as to the requests of federation of employees of the Illinois Central and of requests of federation officials for conference.

"I was consistent in declining those petitions," said the witness.

Mr. Markham said that guards placed over company property and men generally were not armed, but where they were isolated and especially open to attack they were given weapons of defense.

For the first time in the history of Chicago a negro, Oscar De Priest, was elected to serve in the city council. He was chosen from the Second ward, which is thickly populated by negroes. He was a former county commissioner. Mitchell (Hinky Dink) Kenna, who has served as alderman from the First ward for twenty years, was re-elected by a plurality of 4,000.

Revision of police returns showed the next city council will be made up of thirty-four republicans, twenty-nine democrats, three independents, two socialists and two progressives.

"The crooks had better move out of Chicago before I am inaugurated," said Mayor-elect Thompson in a statement. "This town will be cleared of criminals so completely before the new administration in many weeks old that the whole world will understand that Chicago is a safe place to come to."

"I go to the mayor's office absolutely free, owing no obligations to any faction. This is not to be a political administration in any way. I shall ask the biggest men in Chicago to become members of my cabinet, even though their salaries as cabinet officers will be small."

## GREAT BRITAIN WILL RESTRICT LIQUOR TRAFFIC

Cabinet Will Announce New Policy Which, it is Expected, Will Not Quite Reach Total Prohibition.

**RUSSIANS ARE PUSHING ATTACK**  
Czar is Rushing Fresh Armies Into Passes of the Carpathian Mountains.

**FRENCH CONTINUE OFFENSIVE**  
A FURIOUS ASSAULT on the German positions between Meuse and the Moselle is being made by the French in continuation of their new offensive movement.

**ANOTHER ATTEMPT** to force the Dardanelles apparently is under way. An official announcement from Constantinople states that a cruiser and a torpedo boat were struck by shells during a bombardment of the outer forts on Monday.

**TURKISH WAR OFFICE** also reported a resumption of hostilities in the Caucasian campaign.

**ROME CORRESPONDENT** of a Paris newspaper telegraphs that Italy and Serbia are at the point of concluding an agreement, under which Italy will not object to Serbia's acquisition of territory on the Adriatic, provided it is not fortified.

**LONDON**, April 7.—The military situation in the Carpathians is competing with the prohibition question in the interest of the British public. The cabinet meets today. It is expected that announcement will be made of measures to provide drastic restrictions on the consumption of liquors, but total prohibition is not expected.

Attention is concentrated on the Carpathian passes, where the Russians are bringing up heavy reinforcements to push their attack, the success of which is expected only through weight of numbers. On the other hand the Austrian and German commanders also are making strenuous efforts to strengthen their positions.

**Austrians Retreat and Advance.** Petrograd reports that the section near the Uszok pass, where Vienna demands a retirement, extends for a distance of seventeen miles. To offset this Vienna claims a counter offensive movement near Lupkow pass, where the Austrians report the taking of several Russian positions, with the capture of 7,000 prisoners.

A conservative interpretation of both the Austrian and Russian reports leads to the belief that the Russian offensive at Lupkow has been checked, while they have forced their way through the Rostok pass, capturing two villages on the southern side of the range.

**French Continue Offensive.** In the west where the French continue their offensive movement between the Meuse and the Lorenae frontier. Their reported gains in the Ailly forest indicate the possibility of a new danger for the Germans holding St. Mihiel, while the advance to the east of Verdun is regarded in London as threatening St. Mihiel from the north. Berlin reports heavy fighting in this region without results for the French.

The belief that operations in the Dardanelles have been resumed is general in London today. Nevertheless, complete silence prevails concerning details of the result of any activities.
