

SENATORS PROVIDE FOR THE UNIVERSITY

Upper House Adds Money to the Provision for the State School.

APPROPRIATION FOR VALENTINE

(From a Staff Correspondent.) LINCOLN, Neb., April 9.—(Special.)—The senate elects to differ with the house in the matter of appropriations. The University of Nebraska appropriation bill as recommended for passage today by the upper house committee of the whole is a substitute measure, containing many changes from the one sent over the house.

Adds \$45,000 More. In the first place, the senate cuts out that part of the house bill limiting the appropriation of the collectible part of the 1-mill levy to \$1,180,000. The senate bill merely appropriates 95 per cent, or the collectible part of the levy, setting no limit. All told this will increase the funds available for the university by at least \$45,000.

Cuts Out Division.

The senate, going still farther, eliminates the attempted division of the appropriation by the house into two separate funds, one for salaries and one for maintenance with a specified amount for each. The senate bill leaves this wholly up to the regents.

The house direction that the regents return separate statements for various parts of the university, specifying the medical college at Omaha, the agricultural college at Curtis and special state activities, is retained in the senate bill.

General Appropriations.

In addition \$270,000 is appropriated out of the general fund of the state for these departments with this specified as follows: Legislative reference bureau, \$10,000; conservation and soil survey, \$15,000; substitution at Valentine, \$15,000; substitution at Valentine, \$15,000; improvements at Curtis school, \$20,000.

Farm Irrigation.

An amendment offered by Byrland of Boone increased the legislative reference bureau appropriation to \$21,575. An amendment by Mallory and Rubbs made a specific appropriation of \$15,000 for the regents to use in experimental pump irrigation in the western part of the state. The senate bill also cures an alleged error in the house bill in the specific appropriation of the cash fund of the university.

More for Hall Commission.

The general maintenance bill was recommended for third reading by the senate committee of the whole this morning, after an amendment had been added raising the appropriation for the State Railway extension from \$27,500, the house figure, to \$30,000.

This amendment, which was proposed by Bushee of Kimball and adopted without a dissenting vote, puts the total of the senate increase over the house appropriation up to \$118,150. Its effect is to put the commission back on the same appropriation it had in 1914.

In 1914 the commission was given \$60,000, but this year \$15,000 was transferred by the senate to the commissioner's salary appropriation, contained in another bill. Outside of the railway commission the upper house did not change the bill as reported last yesterday by its finance committee.

In the committee of the whole when the various standing committee amendments came up, Kohl of Wayne, chairman of the finance committee, explained them. The big raises given the Board of Irrigation and the Leno-Rock Sanitary board, he said, were upon the recommendation of the governor. These were about the only increases over two years ago, saving the National Guard increase of \$10,000. In the latter appropriation the committee of the whole accepted the report of the finance committee without a word of comment.

IOWA MOTHERS ASK MONEY FOR CHILD RESEARCH WORK

CREDE FALLS, Ia., April 9.—(Special Telegram.)—The seventh annual convention of the Iowa Congress of Mothers and the Parent Teachers convention will adjourn at noon Saturday after three days' meetings. Mrs. Charles R. Brenton, Dallas Center, is president in charge of all sessions. Mrs. Isaac Lee Hill, Des Moines, has been appointed permanent member of the convention. Dr. Staehelin, dean of the medical department of the state university, gave a lecture on "Child Welfare Research." The convention telegraphed a resolution to the legislature in Des Moines asking \$10,000 for child welfare research work in the state.

Officers elected: President, Allen O. Ruel, Charles City; first vice president, Mrs. T. C. Bennett, Des Moines; second vice president, Mrs. John R. Black, Des Moines; third vice president, Mrs. C. S. Johnston, Sharpsburg; recording secretary, Mrs. R. P. Colegrove, Cedar Falls; corresponding secretary, Mrs. A. L. Jackson, Cedar Rapids; treasurer, Mrs. Arthur W. Brett, Des Moines; auditor, Mrs. Mary Biles Grettinger.

Legislative Proceedings

Bills Recommended to Pass by Senate Committee of the Whole.

H. R. 750, Crooks—Appropriates \$100,000 for laundry at soldiers' home at Milburn.

HOUSE NEARS THE WINDUP

Kills All Bills on Hand, Save Twenty Which it is Still Considering.

LAST RAIL BILL SMOTHERED

(From a Staff Correspondent.) LINCOLN, Neb., April 9.—(Special.)—The house disposed of 90 bills this morning at one time that it has been able to get away with in three months in the regular way. Every bill not on the sifting file was killed by a simple motion. This leaves but about twenty bills to be disposed of now on the sifting board.

Chaplain Mills gave the members a talk which some of them listened to much more attentively than they have the prayers the chaplain has made during the session in behalf of a democratic legislature. Chief Clerk Potts will be given \$500 to clean up the work on the house journal and index the same. As the house has had a daily printed record, there will not be so much work in getting the house journal printed as in the senate where the old system was used.

Judges by Districts.

The Wilson bill from the senate providing for a constitutional amendment for election of supreme court judges by districts was advanced to third reading in committee of the whole in the house this morning. As a general thing party lines were drawn, with republicans voting against the bill and the democrats for it.

Will Railroad Bill.

H. R. 213 by Mallory to forbid trespassing on the rights-of-way of railroads was killed. Some members said it was a bill to take responsibility away from the roads so they would not have damage to pay and notwithstanding other members explained that it was along the lines of legislation for "Safety First" and that it would save many lives, the bill was killed.

Post Phone Bill.

The house backed up on its action of Thursday indefinitely postponing H. R. 188, the Robertson bill to exempt telephone companies having not more than \$500 of capital stock from making reports to the state railway commission. It was explained by Messrs. Taylor, Beaman, Anderson (Boyd), and others that the bookkeeping required of these companies in making reports is an undue burden upon them, and that they get no corresponding benefit. The bill was jerked back from the bone yard and sent to third reading.

DAU AND ORR VOTED ON THE INSURANCE BILL

(From a Staff Correspondent.) LINCOLN, Neb., April 9.—(Special.)—Two members of the legislature, Dau and Orr, have been "hearing from home" today, because the announcement of the vote on H. R. No. 48 in some of the papers did not show them as voting either way, thus giving the impression that they "lacked."

MUNICIPAL BAND CONCERTS MAY YET BE PROVIDED FOR

(From a Staff Correspondent.) LINCOLN, Neb., April 9.—(Special.)—Mr. Blanner succeeded in having S. P. 211, the bill allowing a 1-cent levy by certain cities to support municipal band concerts and other amusements, recommitted in the house for a specific amendment to include all cities and villages in the state. The bill now goes to third reading.

Safety Federation Refuses to Condemn Jitney Bus System

NEW YORK, April 9.—City officials from the south and middle west who came here to persuade the Safety-First federation to condemn the new "jitney" buses as a menace to traffic, returned home today without accomplishing their purpose. After hearing their arguments yesterday the federation's executive committee unanimously voted that this method of transportation had not been in operation long enough to warrant making rules to control it. It was held that each community should work out the problem for itself.

ALLEGED GERMAN SPIES USE INVISIBLE INK

LONDON, April 9.—Charged with sending military information to Germany by means of invisible ink three men have been arrested and will be tried in a civil court. The authorities intimate that the case is one of the gravest importance. One of the suspects, named Kuepferle, professes to be an American. Another, Muller, claims to be a naturalized Englishman, while the third, who gives the name of Hahn, does not deny that he is a German subject. Kuepferle's name has been from the United States, first visiting Dublin and then coming to London, where he is said to have been awaiting passage across the channel.

COTTON MAKES SHARP RISE IN NEW ORLEANS

NEW ORLEANS, La., April 9.—After a decline from 9 to 11 points earlier today suddenly rose 24 to 26 points, or nearly 21 a bale. The close was 29 to 31 points up. Buying was the heaviest in months. The longs were aided by peace rumors.

CHANCE FOR CHARTER BILL

Measure Located on Senate Sifting File, Where it May Be Located Any Time.

NO PLANS ARE YET GIVEN OUT

(From a Staff Correspondent.) LINCOLN, Neb., April 9.—(Special.)—The senate this morning killed all bills, except appropriation bills, that have not been advanced to sifting file from the general file. This puts to final sleep a large number of measures, including H. R. 1, the bill for a constitutional convention.

H. R. 127, the Omaha charter amendment bill, which Quincy of Douglas attempted to lift last week before the Omaha primary election, is found, however, on the sifting file and is saved for the action of the senate.

The sifting file, as it stands, contains about sixty house bills, all senate bills left on it having been killed several days ago. If the senate and the house get tied up on the appropriation bills, the senate may find time to act upon all of these measures; if not, some of the list will never be reached.

Second American Physician Dies of Typhus in Serbia

WASHINGTON, April 9.—Dr. Earnest P. Magruder of this city, one of the physicians at the head of the American Red Cross unit in Serbia, has fallen a victim to typhus fever. His death was reported today from Belgrade to Red Cross headquarters here.

Dr. Magruder is the second American physician to give his life to the American Red Cross work to cope with the epidemic of typhus in Serbia. The first was Dr. Joseph F. Donnelly of Brooklyn. Of six American surgeons and twelve nurses, who went in the Red Cross unit to Serbia, only one has been untouched by the dread disease. He is Dr. G. F. Butler. None of the other cases, however, has resulted fatally.

When Dr. Edward Ryan, who was originally in charge of the American Red Cross unit in Serbia, was stricken after a heroic effort to deal with the plague, Dr. Magruder was put in charge of the work. In Washington he had been a professor of clinical surgery at Georgetown university and was prominent in the work of the American College of Surgeons.

Torpedo Misses Belgian Steamship by Only One Foot

NEW YORK, April 9.—The Belgian steamer Lydie, which arrived tonight from Rotterdam, had a narrow escape from being blown up by a German torpedo in the North sea, according to the commander of the Lydie.

Captain Tielemans of the Belgian steamer said that on March 11, the day before he entered the port of Rotterdam on his outward trip, he was fired on by a German torpedo boat, the torpedo launched by the war craft passing within a foot of the Lydie's bow. Despite the menace of further efforts on the part of the German to sink his vessel, Captain Tielemans continued on his course, he said, and was not further molested, the torpedo boat shortly afterward disappearing.

MULES BLAMED FOR STRIKE OF 1,500 MEN

WILKESBARRE, Pa., April 9.—Stubborn and unruly mules were responsible for a strike of 1,500 employees of the Lehigh and Wilkesbarre Coal company yesterday, which completely tied up the operations.
