

Nebraska FINAL STRUGGLE ON MONEY MEASURES

House and Senate Entrenched and Ready to Fire Their Heavy Artillery Over This Question.

SENATE LIBERAL, HOUSE IS NOT

(From a Staff Correspondent.)
LINCOLN, April 11.—(Special.)—While it may be considered that the thirty-fourth session of the Nebraska legislature is practically closed, appropriation bills still remain to be passed and enrolled.
The two branches of the legislature are so far apart on what they consider the proper amounts to be appropriated and appear to be so strongly entrenched in their own ideas that it is useless to figure what the result will be. It simply remains to see which end of the legislature will give way to the other or whether both will recede somewhat from the positions they have taken throughout the session.

Difference from the Start.

The trouble started right at the beginning over the proposition of adopting the new methods of running the legislature, most of the trouble being on the matter of the number of employees. The house took the stand that the number should be cut fully one-half of that formerly used while the senate contended that to cut off about one-third the number was sufficient to start on.

Both branches holding strictly to that program the house got in its first blow on the senate by refusing to appropriate sufficient funds in the maintenance bill passed at the opening of the session for the payment of the amount of employees the senate deemed it needed. This called for a conference committee with the result that the house receded somewhat and the senate got the amount it thought necessary.

House Begins Cutting.

Then when it came to the general appropriation bill, the house under the leadership of Representative Norton as chairman of the finance, ways and means committee proceeded to cut the general maintenance bill in nearly every department from the university to the very smallest department in the state house, still further cutting expenses by the consolidation of several of the departments of the state.

This was resented by the senate with the result that in nearly every case the amounts which were cut by the house were reinstated by the senate and the consolidation scheme unconsolidated. It has been a frequent remark by members of the house as an excuse for voting for a cut in an appropriation to say "Oh well let it cut it, the senate will put it back," and so it has been generally understood that the economy plan of the house has been carried out with the idea in the minds of many of the members that the senate would reinstate the sums needed.

Mr. Norton says he has no desire on congress or the substitution of the economy plan as the very purpose and as while of the drive on and that a seat in Washington or in the big chair of the executive office has no charms for him. He is content to give the people of Polk county for the next fifty years if they want him.
So with the big appropriation bills in the hands of a conference committee of each branch, composed of Norton, Korf and Reynolds of the house and a committee to be appointed in the senate nobody can predict the outcome.

DAVID COLE IS DEFENDANT

Charged with Chicken Stealing by Frank Judson in Y. M. C. A. Mock Trial.

FOR BACHELORS' CLUB FUND

Frank Judson, a governor of Ak-Sar-Ben, will appear as complainant against David Cole, another well known Omaha business man in the prosecution of the latter on the charge of chicken stealing, to be featured amid ludicrous hilarity in a big mock trial at the Young Men's Christian association—a week from Monday evening. The entertainment is planned by the Bachelors' club of the association dormitories, to raise money for a fund to be used by the club for the purchase of an entertainment machine.
For the purposes of the fun, the hilarious crime of filching a plump Plymouth Rock rooster will be alleged against Mr. Cole, whose regular business as a commission man might give color to the charge, were he not known as a citizen of integrity and irreproachable reputation, a former school board member and director of the Young Men's Christian association.

To Call Many Witnesses.

Mr. Judson will press the charge with all the regular fervor of complainants in mock trials, and a large number of other prominent citizens will be called as witnesses to tell what they know of the case.
Among them will be Rev. Titus Lowe, pastor of the First Methodist church, who recently distinguished himself as a vigilant detective. Other witnesses will include C. S. Wright, A. W. Carpenter and several called to give expert testimony. The exciting and fun-provoking entertainment will be directed by Colonel A. V. Newton of Worcester, Mass., who has staged similar mock trials in many large cities. He will be the lawyer for the defendant and introduce much of the comedy.

Has Used Chamberlain's Cough Remedy for Twenty Years.

"Chamberlain's Cough Remedy has been used in my household for the last twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it." writes Mrs. Mary Minko, Shortsville, N. Y. Obtainable everywhere.—Advertisement.

Run Over by Car, Boy Rises Unhurt; Criticises Driver

After being run over by a car driven by J. Downs, Arthur Toy, a newspaper carrier boy for The Bee, arose from the pavement apparently unhurt and started to criticize the autoist for not sounding a horn. A front wheel of the car passed over the lad's chest and spectators of the accident feared he had been killed, but he suffered only damage to his clothing. Young Toy, who lives on 14th Phelps street, was riding a bicycle at Seventeenth and Douglas streets. His wheel was wrecked, but the auto was not damaged. Downs gave his address as 411 North Eighteenth street, and asserted that he squeezed the bulb of his horn. He offered to replace the ruined bicycle.

BUSY WEEK FOR THE EDITORS

Committee Arranges a Program So that Visiting Newspaper Men Will Not Have Idle Moments.

THEATER, DANCES AND DINNERS

Entertainment, theatre parties, dances, and banquets are so numerous scheduled for the Nebraska press association convention to be held in Omaha next week that it is doubtful if the hundreds of editors who will be here will even have time to get in the corners and talk politics. As for real business sessions of the association, five-minute talks are scheduled during the opening morning by a dozen or a score of newspaper men from all over the state. Contract advertising, cost systems, and how to get more advertising will be discussed. Advertising Nebraska's home products is to be taken up as well as a hundred other subjects of interest and importance.

But at the same time entertainment has been arranged so that the men have not a moment to slip away and get a breath of air. No sooner do they land in Omaha than they are to be hustled to the Hotel Fontenelle where a banquet is planned for 6:30 o'clock the evening of Monday, April 13.
Tuesday noon the women are to have a luncheon at the Hotel Loyal, following it up with a theatre party. At the same time the visiting editors are to be entertained at a luncheon at the Loyal. The Omaha Bee, World Herald, and Daily News are to be hosts at this luncheon for the delegates. The visiting women are to have a dinner at the Rome that night followed by a theatre party at the Brandeis.

Luncheons and Theaters.

At noon Wednesday the visiting editors and wives will leave for South Omaha where they are to be entertained at luncheon by the Union Stock Yards company in the Exchange dining room. That evening the visitors are to have their choice of theatre parties between the Orpheum and Boyd.

The entertainment given by the supply houses of Omaha, is based under the direction of the local committee. All other entertainment during the convention, except the luncheon at South Omaha, is under the direction of the bureau of publicity. The courtesies of Omaha will be extended to all visiting editors and wives. All Omaha persons, members or not members of the association, must buy tickets to the various functions.

Many Accept.

Although the convention is still a week away, acceptances of the invitation extended by the bureau of publicity began to come in early, and by the first of the week, something like 150 had already written definitely that they would attend.

PRESENT TO M'PHERSON MADE BY OLD ASSOCIATES

A special called meeting of the South Omaha Live Stock exchange was held on Thursday for the purpose of presenting Mr. McPherson with a token of remembrance in appreciation of his long services as president of the exchange. The hall was filled when Vice-President Targ and E. H. Benton escorted Mr. McPherson to a seat near the rostrum.

President Ingwersen stated the special purpose of doing honor to one who was beloved by every member present. Concluding a feeling tribute to the ex-president, he presented him in behalf of the exchange, with a handsome watch and chain. The initials "T. B. M." are beautifully engraved on the case and on the inside the following inscription: "In appreciation to Thomas B. McPherson, President 1907 to 1914, from South Omaha Live Stock Exchange."

Responding Mr. McPherson said in part: "It is difficult under these conditions to fittingly respond to the eloquent tribute of our president attested by the gathering together of so many of the dear old friends with whom I have worked side by side for nearly a quarter of a century. At the last meeting of our board of directors over which I had the honor to preside, I stated, in laying down the gavel, that I felt it meant the severance of the last visible link in the chain which bound me to South Omaha, but I have come to realize, and today's great meeting and the motive which brought you, my good friends, together, convinces me that there is and always will be an invisible link welded and held by links of friendship which will always last and can never be broken. In accepting this beautiful watch and chain, the visible evidence of that friendship and esteem which will never die, I trust you will pardon me for lack of words in which to express my feeling. In the years to come, as long as I live, I will keep and cherish the beautiful gift, and as I look upon its chain and face, will, with your permission, in memory at least turn back the hands to the good old days when I was one of you, in daily contact with you, and live over again the happy years of my life. It has been stated in the past that I was about to leave Omaha. This is not true. I shall be away attending to business interests elsewhere for some of the time but never expect to stay away permanently."

Mrs. Leona Davos De Smet, 39 years old, a native of Sweveghem, Belgium, who settled for \$1,500, a claim against the Cudahy Packing company for the death of her husband, killed in a boiler explosion, has a brother who is fighting in the Belgian army and a father and mother at Sweveghem. For eight months she has heard nothing from any of them.
Mrs. De Smet has two small children. "If it were not for the children, I would return to Belgium to assist as a nurse," she said today at the court house.

Appeals for Funds To Build Home for Aged on New Site

An appeal to the public to assist in raising a fund for the building of a new Old People's home on the five and one-half acre site donated by Mr. and Mrs. George A. Joelyn was made by Mrs. Edward Johnson in a statement issued yesterday.

The home at present is located at 224 Wirt street and by reason of lack of modern conditions, said Mrs. Johnson, is unsuited as a refuge for a large number of feeble or helpless aged persons.
"From time to time," said Mrs. Johnson, "the plans for a new home have been relegated to the background because of other public buildings or charitable causes. The late Mrs. George Tilden made plans for this campaign which is now before the public. The association is free from debt and has an endowment of \$24,234. Pledges vary from \$5 to \$500."

"Contributions may be sent to Edgar M. Morsman, Jr., treasurer of the building fund, or Mrs. Edward Johnson, president, 3229 Woolworth avenue.
Mr. and Mrs. Joelyn donated a handsome site for the home at Pontefielle boulevard and Bedford avenue.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it to moisten the scalp and rub it in gently with the fingers. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

Heavy, Rigidly Tested Rails

N EARLY all the main lines of the Chicago GREAT Western are laid with steel rails weighing 85 pounds per yard. Despite the rigid tests each rail undergoes in the laboratories at the mills, our track inspectors examine the tracks daily, and whenever a rail becomes worn from the strain of heavy service, or is found defective it is promptly replaced with a new one.
The Chicago GREAT Western uses thousands of tons of new tested rails annually to keep the track in perfect condition.
Heavy rails, firmly secured to sound ties, and plenty of good ballast carefully tamped in place makes Chicago GREAT Western service safe, quick and dependable for passengers and freight.
