Mr. Brown will have for his subject, "How Uncle Sam Regulates His Own Business."

SCENE FROM "SARI," the latest musical hit produced by Henry W. Savage, and which comes to the Brandeis for four nights, starting Sunday.

Omaha to Make Big Showing at Fremont Letter Carriers' Meet

That Omaha will be well represented at the state convention of letter carriers at Fremont on Arbor day, when a special train will leave over the Union Pacific, is already an assured fact. William Maher and W. C. Bouk of the local association were at Fremont yesterday to confer with the committee about necessary arrangements. On the special it is expected that Postmaster Wharton, Assistant Postmaster Woodard, Assistant Superintendent of Mails Kieffer, Congressman Lebeck, Senator Elletts, Postmaster, President of the National Association, Charles F. Ferry, trustee of the United States Letter Carriers' Mutual Benefit Association, and other prominent men will compose the party. Accompanying them will be the Omaha Postoffice band, the ladies' auxiliary and several officers of the Nebraska association. The Fremont committee has arranged a special program, including as speakers, Postmaster Francis M. Brown of Lincoln, "Stand Together," George Kieffer, "Retirement," J. Homer Clark, Lincoln, "Organization," Congressman Lebeck, "Work in Congress," Ed J. Gainer, John C. Wharton, Gilbert M. Hitchcock, Congressman Stephens, and others, whose subjects have not yet been announced. Invocation will be by Rev. W. H. Busa, and the toastmaster of the evening will be Ross L. Hammond. In view of the coming national convention of letter carriers in Omaha in September, the various towns represented in the state convention will send large delegations. "Nebraska night" as called by its different free delivery offices which are to help entertain the national delegates. On Labor day, September 6, a monster parade will be held, with carriers in full uniform coming from cities and towns within 300 miles, and the local committee expect that the attendance on that day will be in excess of 5,000. Letters coming from many of the larger eastern cities indicate the delegates will come in special trains, bringing their bands with them. For 1917 at least half a dozen cities have already signified their intention of entering the competition for the privilege of entertaining the convention at that time. The local committee of Branch No. 5 is working to insure the success of the Omaha convention and raising funds to defray expenses. They will have Sousa's band at the Omaha Auditorium Sunday afternoon and evening, May 8, to help swell the funds. The Omaha Commercial club and other organizations are assisting in this matter.

Maude Adams to Play "Phoebe of the Ringlets" Again

Miss Maude Adams comes to the Brandeis theater for an engagement of two days beginning Monday, May 3. Miss Adams has decided to present Barrie's comedy, "Quality Street," throughout her western tour. This play was originally given immediately after "The Little Minister." It has always been referred to as one of the actress' greatest successes, and many people who did not have an opportunity of viewing the work when first given have been hopeful that Miss Adams would revive it. This she has done this season and the work is enjoying even greater popularity than it did when it was first presented. The role enacted by Miss Adams in the comedy is that of Phoebe Throssel, and she is one of the most charming of all the Barrie heroines.

RIVER FALLS NEARLY TWO FEET AND STILL FALLING

The river is now falling at Omaha and other points. The gauge read 14.2 feet above the lowest recorded mark, a fall of 1.7 feet during the last twenty-four hours. Proper Treatment for Biliousness. For a long time Miss Louie Skelton, Churchville, N. Y., was bilious and had sick headache and dizzy spells. Her mother's Tablets were the only thing that gave her permanent relief. Obtainable everywhere.—Advertisement.

OMAHA TO CLEAN UP FOR THE SPRING

All Yards and Alleys to Be Raked and Put in Shape Today and Saturday. WAGONS TO COLLECT MONDAY. Citizens are urged to put forth a special effort today and Saturday to clean their yards and alleys. Beginning next Monday, the wagons of the city street maintenance department will collect this material without charge to householders. The free collection will be restricted to such rubbish as may ordinarily be raked up in yards, but will not include ashes, garbage or general household rubbish. The thought is that householders who throw discarded articles of wear or such large articles as old gasoline stoves into these heaps need not expect to have the material hauled away by the city free of charge. Ashes Not Moved. On the other hand, it is explained that the collectors will not draw the heap too closely. If there is an old pair of shoes or a tin can or two in the heap of rubbish no objection will be made. But ashes will not be removed on this occasion. Householders are expected to have their ashes and discarded perambulators and other articles hauled away by men who make this a business. Health Commissioner Connell is co-operating in this campaign by directing his inspectors to serve notices in cases where householders have allowed unsanitary accumulations of rubbish in their yards or alleys. In such cases removal is made compulsory and comes within the province of the health department. Let Children Help. The city officials wish to awaken a spirit of civic pride throughout the city. They believe the school children of the city could do much toward this end and on Saturday by spending a few hours each. It is stated that 5,000 school children could on Saturday make Omaha a city beautiful if they would, by putting forth a little effort, each taking pride in his or her own yard or alley. It is requested that the heaps of rubbish which would have been hauled away by the city wagons on Monday, be placed in convenient places so that the men will have no difficulty in getting the material. The wagons will be started out early Monday morning and will cover the entire city, which has been divided into districts.

Cabaret Features Carded for Alumni Prom at Fontenelle

So-called cabaret features in connection with the much-talked-of alumni prom to be given for High school alumni and students at Hotel Fontenelle, April 23, will be entirely by former and active students of the school, it is announced. It will be just a special program of musical entertainment, the committee says, and not what is ordinarily regarded as a cabaret. The High School Glee club and octette will furnish several numbers between dances. Howard Steberg and Harold Nelson, senior students, will sing solos, and Miss Pauline Trout and Lyle Jackson, former students, will offer instrumental solos. Miss Helen Kroper and Harry Walker, former students and winners of the Castle dancing trophy cup, will demonstrate the latest steps.

Cross, Feverish, Sick Children Need "California Syrup of Figs."

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given. "California Syrup of Figs" for children's use. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food,

MRS. CANNON GIVEN DIVORCE

Asks Former Name Back in Her Petition, but Decree Does Not Mention It. SHE IS GIVEN SOME ALIMONY. A photograph of her husband dressed in woman's clothing figured in testimony of Mrs. Lenora Rawitzer Cannon, which resulted in the granting of a decree of divorce from J. Martin Cannon of Florence by District Judge Sears. Mrs. Cannon was married to Mr. Cannon November 26. She filed suit for divorce February 17 and has just been granted a decree. "I found a photograph of Mr. Cannon dressed in woman's clothing among his effects," she testified. "He was fond of wearing an apron and of doing household work." Mrs. Cannon testified that her husband had no affection for her and treated her coldly. He used harsh language to her, she asserted. She declined to make any statement concerning the divorce. "I am on the verge of nervous prostration as a result of this case," she declared. "I am tired of notoriety. I will not say a word."

Water Board Now Perusing Report

General Manager Howell of the city water plant is not yet ready to take the public into his confidence by divulging the contents of an audit recently completed by a Chicago firm. He declares that members of the Water board are perusing the report and that he is not authorized to give the report out at this time, although the report is a public document and will be paid for by the taxpayers. The men sent here by the Chicago auditing concern worked six weeks and covered the entire period since the water plant was taken over by the city. Members of the Water board are now "perusing" the report, copies of which have been made for them.

Burlington Starts Work in the West

With the return of good weather in the west work on the Burlington's Gurnsey-Anderson cut-off, over the Nebraska boundary on the Powder river line is being pushed and the force have been materially increased. This is the cut-off that is to give Omaha the short route to the Casper oil fields and the northwest. Work has not yet started on the Chalco-Yutan cut-off, the contractor holding off for the ground to settle and dry up. It is thought that work on the grade for this line will commence about May 1 and be completed within ninety days.

MAN WHO KILLS SELF AT ELKHORN REGISTERS HERE

G. W. Merrow, Jr., of Hartford, Conn., who killed himself with a revolver near Elkhorn Tuesday night, registered at the Wellington hotel Monday morning and paid his rent for several days in advance. At that time he appeared to be in the very best of spirits and laughed and joked with several people in the office. He remarked Tuesday afternoon that he was going to Lincoln for a day or so and left the hotel shortly after noon. An administrator will be appointed for his estate upon the arrival of G. W. Merrow, Jr., of Hartford, who left for Omaha Wednesday.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. With advancing age people are disposed to restricted activity and exercise, which is responsible for the constipated condition of most old folks. The digestive organs are more sensitive to the demands made upon them and rebel more quickly. A mild, effective remedy for constipation, and one that is especially suited to the needs of elderly people, women and children, is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 623 Washington St., Monticello, Ill.
