We want some one to represent us in every town in lowa and Nebraska—as we own and control some of the best improved and unimproved farms in Minnesota.

We are selling the farms on liberal terms so the renter and city man with a small capital can own a farm and watch it increase in value under his touch.

We handle corn and clover lands only, and invite inspection as we have the soil and get the rain.

Government etatistics show that the state of Minnesota is coming to the front in farm products.

Minnesota alnd will show a greater increase in value in the next three years than any state in the union.
