EXPRESS MEN CALL THEIR TAX DOUBLE

Pay Visit to Attorney General to Protest Against Assessment on Gross Earnings.

SMITH STANDS BY THE LAW

LINCOLN, April 21.—(Special.)—Express companies who have been taxed under the provisions of the Smith special tax law, passed at the last session, which provided that each company should pay into the state treasury on or before the first day of November of each year 2 per cent of its gross earnings, are not anxious to comply with the law.

Today Superintendent Butler of the Adams and Superintendent Patterson of the American, both from Omaha, with Local Agent Garrison of the Adams, with Claude Wilson, local attorney for the local company, called at the office of the attorney general to take up the matter of the payment of the tax which has not been made, the companies claiming that as long as they pay a general tax the payment of the 2 per cent on their gross earnings is double taxation.

The law provides that in case the tax is not paid, the reports made to the secretary of the state board of assessment, that an additional tax of 10 per cent as a penalty shall be added.

Bryan Wants to Be Mayor or He Will Not Accept City Office

LINCOLN, April 21.—(Special.)—The city campaign for the commissionership appears to be settled as far as three of the candidates are concerned, Dayton, Schroeder and Hensley, present members, having the call for a re-election, with the other two positions to be fought out by Mayor Zehring, Charles Bryan and Mr. Marshall.

It is figured that Bryan has a fairly good chance of being one of the three, yet there is such a sentiment against him that the other two may beat him out. Mayor Zehring is strong with the business interests of the city and a banquet the other day in which over 250 business men took part as a boost for him is liable to mean his selection.

Marshall is well liked and if selected would take charge of the safety department. Should Zehring be selected as one of the five, he would have the call on the mayorship—the very one Bryan wants—and this is bringing into the fight some complications. They both can't have it and it is said that Brother Charles will take no other. It is even hinted that he would not accept the commissionership unless it carried the big mayoralty job with it.

It is expected that the commission will accept the offer.

DODGE FARMERS PROTEST AGAINST BRIDGE EXTRAS

FREMONT, Neb., April 21.—(Special.)—Hans Paasch, representing a committee appointed by the Farmers' union of Dodge county, appeared before the County Board of Supervisors today to protest against the payment by the county of the claim of the Standard Bridge company of Omaha for \$18,350 for extra work done on the North Bend state aid bridge. When the claim was first presented at the last regular meeting President R. Z. Drake of the bridge company and Chairman Finagan of the board engaged in an animated discussion. Mr. Finagan held that the county had no right to pay the claim on the ground that the bridge company had no contract. The Standard Bridge company subcontracted the work from the firm of Stupp Bros. of St. Louis when the latter was unable to make the fill and complete the work. On the recommendation of former State Engineer Price the State Board of Irrigation ordered the state's half paid. No action was taken on the matter at the meeting yesterday.

Take Salts to Flush Kidneys

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve the bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

WILL PROBE LABOR AGENCIES

Labor Commissioner Intends to Investigate Their Way of Sending Men on Fake Quests.

LETTERS TELL ABOUT METHODS

(From a Staff Correspondent.) LINCOLN, April 21.—(Special.)—H. H. Bowes, an attorney from Omaha, called at the office of State Labor Commissioner Coffey yesterday to protest in behalf of five commercial agencies of that city against House Bill No. 14, the Druce-Foster bill, compelling employment agencies to make reports to the labor commissioner of business done.

It was the intention of Mr. Bowes to secure some evidence in which he could maintain the secretary of the senate, E. A. Waltham, from certifying on the bill because of the fact that the bill had been passed by the senate during the "stop-the-clock" period, after the legislature had been supposed to have gone home. However, he found that the bill bore April 8 as the date of passage, the day of adjournment, and so nothing was done yesterday.

The labor commissioner yesterday received a letter from Frank Rosperka, who said he had paid an Omaha employment agency \$2 in cash for a job and had been sent to Wilbur where he was to have been given employment by a man by the name of Haverank. He went to Wilbur, but could discover no man by that name. He was to have received \$30 a month.

Three letters of a similar nature reached the labor commissioner this week. One man was sent to Chadron and another to Iowa. The Chadron job proved a fake and the man who had paid the employment agency fee in cash and his railroad fare, which took all the money he had left, was broke when he reached Chadron. The labor commissioner will investigate the charges.

An Old Recipe to Darken Hair

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger.—Advertisement.
