every town in Iowa and Nebraska—as we own and control some of the best improved and unimproved farms in Minnesota.

We are selling the farms on liberal terms, so the renter and city man with a small capital can own a farm and watch it increase in value under his touch.

We handle corn and clover lands only, and invite inspection, as we have the soil and get the rain.

Government statistics show that the state of Minnesota is coming to the front in farm products.

Minnesota land will show a greater increase in value in the next three years than any state in the union.
