

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during the change of life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it to a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 549 W. Russell St., Philadelphia, Pa.

Change of life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister.

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25 and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Nebraska BUSHEE FINDS WEST GOOD AUTO COUNTRY

Drives Back from Legislature in New Machine and Sells it First Day at Home.

NOW COMES BACK FOR ANOTHER

(From a Staff Correspondent.) LINCOLN, Neb., April 22.—(Special.)—Senator Bushee of Kimball county was in the city today and called at the state house for two purposes. One was the sale of \$20,000 in school district bonds of Kimball for the erection of a new high school building and the other was for the purpose of getting his automobile number plate.

He was successful in both cases. The number of his automobile is 6299, and he says he has been waiting to get that number for six months. After finishing his duties as state senator this winter he bought a new automobile, rode it home and sold it. He is back for the purpose of getting another which he will drive back home.

Keep Uric Acid Out of Joints

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps on accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well—advertisement.

ANTI CANDIDATES PICK ASSISTANTS

(Continued from Page One.)

"In my next speech," says the mayor, "I am going to raise the wet-and-dry issue, because that is one of the most important issues in this campaign. The line-up of the anti forces means that if they are elected they will be for prohibition. Judge Sutton, their campaign manager, presided at the big meeting of the temperance flying squadron here some months ago and several of the anti candidates are out-and-out prohibition advocates. The re-election of the administration candidates would mean between 2,000 and 3,000 more votes against prohibition in this city alone. If we are re-elected we intend to use all our forces against prohibition, which undoubtedly will be the big issue in this state next year."

To Have Platform Soon.

"We expect to have a platform to announce within a few days. In this platform we will come out against prohibition, in favor of Sunday base ball, for the Auditorium bonds and a few other progressive things."

"The anti candidates are not familiar with municipal affairs. The people of this city would be foolish at this stage of the game, with a Greater Omaha upon its feet, to take chances by electing the anti. They are good fellows, but—"

The mayor declared his influence and acquaintance in South Omaha would be an invaluable asset in the coming together of the people who will be brought into Greater Omaha and he admitted that he is in a better position than any other man to meet this Greater Omaha situation.

The anti express confidence, on the other hand, they will be able to "clean out" the city hall. They aver that they have seen some handwriting on a wall somewhere and they are going at the task with considerable vehemence.
