Wanted

But— Do not believe you will succeed without an education, because some ancestor of yours did—you can't.

Do not believe that times have not changed—they have.

Do not believe that the business methods that went with the ox cart are still in vogue—they are not.

Do not believe it is better and cheaper to get your business education in the school of experience—it is not.

Do not believe that the office door will open to you because you "want to learn"—it will not.

Do not believe that the business man will devote his valuable time to the teaching of novices—he will not.

Do not believe there is any substitute for thorough training in business and business methods—there is not.

Do not believe that you may as well wait until next year or the year after to go to school if you are ready now—it would be sheer folly.

Our school is in session the entire year—day and night. New classes are organized every Monday.

Do not believe that we cannot do as much for you as we have for thousands of other youns people who are making places for themselves in the field of business—we can.
