DECLARE BRYAN IS OUT FOR GOVERNOR

Political Seers at Lincoln Say Brother Charles Has His Eye on This Goal.

RESULT OF CAPITAL CITY FIGHT

(From a Staff Correspondent.) LINCOLN, May 5.—(Special.)—The election of Charles W. Bryan as one of the city commissioners of Lincoln, and the probability that he will be selected by his associates for mayor has caused the political prophets to agree that Mr. Bryan will be a candidate for the democratic nomination for governor.

It was an open secret during the campaign that Mr. Bryan desired the election as a stepping stone to the governorship.

The democrats of Nebraska may then have an opportunity to select William J. Bryan for the United States senate. To the Bryan follows this looks mighty good, but the prospect of such a condition has already ruffled the feathers of some democrats who might be willing to stand for either, but do not feel like swallowing them both.

Big Vote for Wright.

The big vote cast for John Wright for the commission was a surprise of the election. Mr. Wright made no loud campaign. He simply met the people, and his acquaintance in large he reaped the benefit. Following in the vote, the five highest being elected:

Commissioner—George Dayton, 4,669; Charles W. Bryan, 3,790; William Schroeder, 3,774; T. J. Henley, 3,632; John Wright, 3,432; W. D. Comstock, 2,896; Sam Melick, 2,637; E. H. Marshall, 2,559; F. C. Zehrung, 2,376; Joseph Burns, 1,812.

Dayton, Schroeder, Henley, Zehrung and Marshall were backed by the business men's organization, while for the others it was a sort of go-a-you-piease.

The Excise Board.

Excisemen—Nick Hoag, 4,339; Harry Porter, 4,237; Love, 3,432. These were elected and comprise the old board, which has charge of the saloon question.

George M. Porter was elected cemetery trustee over J. H. Wiggins by 100 votes. The school board members are Mrs. T. F. A. Williams and N. Z. Snell, being elected over T. J. Doyle and Frank Woods.

The proposition of Sunday theaters lost by a vote of 2,890 for to 3,532 against. Park bond extension carried by 3,641 to 2,488. Bonds of \$50,000 for a garbage plant carried by 3,277 to 3,282. The vote on street car extensions carried by big majorities.

Compton of Beatrice men called to Kansas City as witnesses for the government, returned home Tuesday.

CHARLES W. BRYAN.

Threatened Fairbury Drouth Short-Lived

FAIRBURY, Neb., May 5.—(Special Telegram.)—The hearing of the remonstrances against Fairbury saloon keepers was held today before Mayor Mason and the city council. The drouth had remained Attorney C. L. Richards of Hebron to represent their side, while a local attorney defended. City Attorney Barnes presided.

While the drouth put three minors on the stand to testify they had illegally bought liquor at Leroy Berry's saloon, it was proved to the satisfaction of the council that Berry had admonished his men not to sell to minors and it was without his knowledge and consent drinks were obtained. To sustain Berry a supreme court decision was quoted to show the saloon keeper was not liable for acts of bartenders.

The council maintained the drouth had failed to show good evidence to prevent the issuing of licenses and they at once ordered the city clerk to issue licenses and the saloons opened soon afterward. They closed last Friday night, when their licenses expired.

GOVERNOR TO DECIDE EVIDENCE OF GAMBLING

(From a Staff Correspondent.) LINCOLN, May 5.—(Special.)—Whether a deck of cards and a card table may be considered evidence of gambling is up to Governor Morehead, an application coming from Missouri, where Mr. and Mrs. Perry Smith were charged with keeping a "gambling device."

They left Missouri and came to Nebraska and were arrested in Omaha. In the application Edwin Wallace says that he was in Burlington Junction, Mo., and that Mrs. Smith told him that her husband permitted gambling in their home and that stud poker was the name for the game played. Another witness, William G. Sawyers, alleges the same thing.

FREMONT, Neb., May 5.—(Special.)—John McCloud, McPherson county ranchman, who died at a Fremont hotel two months ago, left an estate valued at \$10,000. So far no legal heirs have appeared to claim the property. Deputy Attorney General Barrett of Lincoln, hearing that the case was pending in the Dodge county court and learning that the hotel keeper with whom McCloud had made his home for several months was to claim the property on the grounds that McCloud had agreed to leave it to him, came to Fremont to put in a claim for the state. Before coming to Fremont Mr. McCloud converted most of his property, consisting of ranch land and live stock, into cash. He formerly resided in Fremont before going to McPherson county. Fred E. Calkins of Fremont has been appointed special administrator of the estate pending the appointment of a regular administrator. The case will come up for hearing within thirty days.

Ber Best Brain Food, Says Prof. Chandler. And It's Never Adulterated, So Columbia Man Tells Master Brewers' Convention. Prof. Charles Frederick Chandler is the ranking Professor of Chemistry at Columbia University, New York City, the largest University in the world. "Beer," said Prof. Chandler, "is a beverage prepared from barley, water, hops and yeast. Beer is food. American beer contains 6 per cent. solid food, only 3 to 4 per cent. alcohol and also lecithin, which is real brain food. Beer and bread are both made from cereals; bread with water and is solid; beer with more water and is liquid. Yeast converts both into palatable and readily digested food. Both contain alcohol. Beer is not intoxicating in ordinary quantities and beer is one of the foods that is free from bacteria. It is appetizing and aids digestion. I have had some experience with beer and have been a consumer. I have enjoyed most perfect health and I guess I am a pretty good specimen of the food value of beer. "I don't believe there is any beer made in the United States that is what you call adulterated. It may be misbranded, but not adulterated. If the prohibitionists drive beer from the household they will deprive a large part of the population of a wholesome article of food. There you have reasons enough why beer has become our national beverage." (N. Y. Sun, Oct. 6, 1914).
