By MELLIFICIA.

Thursday, May 6, 1915.

Why is Omaha out of the career wave that is sweeping over society throughout the country?

Daughters of the richest and most exclusive families in elsewhere circles are literally falling over each other in their mad endeavors to pre-empt places for themselves in the business world.

Some are matriculating in training school for nurses, others passing library examinations and entering schools for social economy to fit themselves for settlement work. Many are opening exclusive little shops of their own handicraft.

This growing tendency of young women of social standing to enter active life has reached startling proportions in the last twelve months in many cities, but for some reason conditions are not so in Omaha.

Is it because we have not the vim? Perish the thought of indolence! Possibly we are slightly lacking in initiative! Or maybe Omaha maids are more matrimonially inclined, rather than to careers outside of the home.

### Symposia Club Dancing Party.

Prarie Park clubhouse was the scene of one of the prettiest dancing parties of the season Wednesday evening when the Symposia club entertained. The ball room had an attractive decoration of pink and white, the club colors, Symposia bouquets and pink lilies, the emblem of the club, being used profusely. Silver leaves combined with pink blossoms were also a part of the decoration scheme.

A pretty feature of the affair was the attire of the club members, who were all gowned in white with pink butterflies caught at the back with huge butterfly bows of pink illusion.

Forty couples were present. The members are:

## DAHLMAN SLATED FOR MAYOR AGAIN

Four Commissioners Pledge Themselves to Keep Present Mayor at the Head.

### OTHERS WANT OLD PLACES

It is given out at the city hall that Commissioners Hummel, Kugel, Withnell and Butler have committed themselves positively to vote for Mayor Dahlman for another term as mayor. Formal action will be taken Monday, when the new council meets for organization.

The four commissioners mentioned expressed themselves in interviews and also in an executive meeting of the mayor and council. This information is regarded as settling at rest various rumors that a commissioner other than Mr. Dahlman was being considered for mayor.

"I don't want the office of mayor. I am more interested in my work in the park and boulevard department. I really don't believe anybody else on the city commission wants the place," declared Commissioner Hummel. In a speech last Monday in Alamo hall Mr. Hummel said he would be for Dahlman for mayor if elected.

Are for Dahlman. Commissioners Kugel, Withnell and Butler are equally outspoken in their support of the present mayor.

"It would be an ingrate if I did not vote for the mayor this time," was the declaration of Commissioner Butler. "I think the mayor was re-elected to fill the office he now has, rather than some other place on the commission," stated Commissioner Kugel.

"During the conference it was suggested that Commissioner Butler take the department of public improvements, but he said he would prefer his present department of finance and public accounts."

The five re-elected members of the council agreed to retain their present departments, and it is understood that Jardine will be assigned to the department of public improvements, provided that his unofficial head over Commissioner McGovern is sustained by the official canvass. Dressed in slatted for the cleaning and maintenance, made vacant by the displacement of Commissioner Snyder.

Concerning Other Changes. The commissioners have not considered seriously prospective changes in the various departments, but several are being suggested. It is no secret that some commissioners wish a new city prosecutor and Edward Simon is being urged for that place, with H. J. Madden an applicant. The recommendation will be sent in by the mayor, who is not ready to commit himself on this matter.

A. S. Ritchie, who has been mentioned in connection with the office of corporation counsel, said he is not seeking any public office. Assistant City Attorney Lambert, who has been handling the corporation counsel work since the resignation of H. S. Baker, is in line for the position and indications are that Mr. Lambert will be succeeded as assistant city attorney by a South Omaha man when consolidation is consummated.

The bringing of South Omaha into the official family is expected to increase the work in the legal department materially. Commissioner-elect Jardine visited the city hall and chatted with his prospective associates.

## WOMEN TO ARRANGE FOR RABBI WISE'S LECTURE

Mrs. H. C. Summay, county suffrage chairman in charge of the Rabbi Stephen Wise lecture to be given in Omaha June 10, is seeking expressions on a topic for the rabbi's talk. According to Rabbi Wise himself, his "War Against War, or Is War Curable?" is by far the best thing that he does, but there is a strong sentiment in favor of hearing his talk on "Civic Religion."

Every dollar secured by Rabbi Wise for lectures under suffrage auspices is turned over to one of his special charities, according to the eastern managers of the rabbi's lecture tour. Rabbi Wise is head of the Free Synagogue in New York City and addressed the Paltinest club last year.

Local suffrage women will meet at the home of Mrs. P. D. Wead Friday afternoon to make arrangements for the lecture.

## RAIN OVER THE CORN BELT SENDS ALL PRICES DOWN

With the wheat it was a weather market, and reports of rain everywhere sold prices off 1/2 to 3/4 cents per bushel. The decline had an effect on both corn and oats, the former going off 1/4 cent and the latter 1/8 a cent.

Omaha prices ranged from 11.50 to 12.00 for wheat, 71.50 to 72.00 cents for corn and 11.50 to 12.00 cents for oats.

Receipts for the day were: Wheat, 20 cars; corn, 48 cars, and oats, 11 cars.

Superintendent Graf of the public schools has received nearly fifty applications for the position of principal of the High School of Commerce.

Principal Rusmisl's successor will be announced by the Board of Education on June 5, when all teachers for the next school will be selected.

## MAYOR DOES NOT FAVOR A CHARTER CONVENTION

Mayor Dahlman announces he is opposed to the calling of a city charter convention this year. He explains that in view of the charter amendments passed by the legislature he sees no occasion at this time for a home rule charter.
