When the young man was searched at the police station his possessions were found to consist of packages of needles and other notions, together with a number of printed cards, which showed that Zach was prepared to be either a deaf mute or crippled mechanic at a moment's notice for business purposes. One of the printed cards was entitled, "A Mechanic's Appeal." It was touchingly inscribed thus: "Being crippled in such a manner I am trying to make an honest living. Helping me will entitle you to a package of needles. Please give all you can." The other card was headed, "The Deaf Mute's Lament," and contained this heart-breaking masterpiece: "I cannot speak to strangers. So do not turn when you can help, and when this life on earth is over, The Recording Angel won't forget you, So please heed the mute's lament. Please give all you can. TO AWAKEN INTEREST IN PLAY

An Omaha branch of the Drama League of America was organized at the Central High school, Saturday afternoon. Miss Kate A. McHugh, former principal of the high school, and a list of representative men and women were elected to head the new organization. A speaker from the national league will address the next meeting, the date for which has not yet been set. "Omaha is having a marked artistic growth," said Miss McHugh. "We have seen the awakening interest in art, not only in the Fine Arts society, and greater efforts along musical lines. The interest in plays has been slower, but now we have proof of this artistic growth." Miss McHugh detailed the purposes of the league, which are to stimulate an interest in the best drama and to disseminate as widely as possible, information regarding good drama. It involves awakening the public to the importance of the theater as a social force and to its great artistic value and means the support of good drama by inducing attendance. Theater Men Willing. Often it is because they can't afford to see the better plays. The league hopes in time to deal with this phase also." The Drama League aims to arouse the interest of the younger generation in good drama through its Junior department, and works to bring better attractions to small towns, or induces them to produce good things themselves. During the ten years I had rheumatism, catarrh and stomach trouble I have tried so many things without any benefit. After taking Akos for a month my catarrh is about all gone. From the very first I was relieved of that distressing ailment. In the treatment of neuritis I used Akos several in a pad which I applied where the pain was. The first night the pain that for years had been about driving me frantic nearly all left me, and I could sleep in peace. The next day it all left, and since then I have had no more pain. My stomach trouble responded to the internal Akos treatment quickly. The first two weeks I noticed a change for the better. My appetite picked up, I began to take on some weight and the food I ate did not distress me. Now I feel like a different woman. I can truthfully recommend Akos to anyone suffering as I was. Akos gives similar relief to rheumatism, diabetes, kidney, liver and bladder trouble, ulcers, piles, skin diseases and other ailments.
