## There Is No Sin

Being the Transcript of a Message given by Celestia, sometimes called "The Goddess" and the Maiden from Heaven.

To really exist, anything must be incapable I of being destroyed. It is a law of science. But sin is destroyed by just thinking it so! And therefore there is no sin.

You may think you are bad. I will show you that you are an angel. You may think that you are beyond redemption. I will show that I can wipe out every unholy thought and leave you deified.

How can I force you to listen to me? I am coming to you. I have left my heavenly home to save you-to help to make the community a little better.

I will appear in your house. Be not afraid. I will accost you on the street. Be not afraid. I will sit opposite you at your work. Be not afraid. I will answer that question that troubles you. Be not afraid.
