

# AMERICAN FLEET PUTS OUT TO SEA

Sixteen Battleships and Lesser Craft with Crews Liming Rails Steam Past President's Yacht.

## GO TO NEWPORT FOR WAR GAME

NEW YORK, May 18.—The big fleet of warships which has been at anchor in the Hudson river for ten days steamed out to sea at 11 o'clock today with President Wilson reviewing the five-mile line as it passed the Mayflower off the Statue of Liberty.

Headed by the superdreadnaught Wyoming, Admiral Fletcher's flagship, the sixteen big battleships and their train of lesser fighting craft steamed past the presidential yacht at a speed of fourteen knots, each ship with its sailors and marines standing at the rail at attention. As each craft neared the Mayflower its six-pounders, fore and aft, let loose white puffs of smoke, and over the harbor there roared the thunder of a presidential salute of twenty-one guns.

Tens of thousands of persons viewed the great marine procession. Along the water front on both sides of the Hudson, the piers were black with spectators, the windows of down-town skyscrapers were full, and Battery park, southernmost tip of Manhattan, was thronged.

Traffic on Hudson Suspended. Traffic on the Hudson was suspended between the Manhattan and New Jersey shores half an hour before the fleet sailed. Ferry boats, excursion steamers, tugs and other craft lay at docks with many thousands of persons, who had come to watch the departure.

The sky was overcast, but through the clouds the sun shone at intervals. The air was chilly.

Close by the Mayflower lay the Dolphin, the Isis and the Yankton, with government officials, members of the citizens' committee, newspaper men and invited guests aboard. Swinging at anchor the little reviewing squadron tossed out streams of pennants and bunting.

As each battleship passed the Mayflower, with the crew lining rails and turrets with a fringe of blue, the ship's band played the national anthem. There was little cheering in response. In bidding goodby to the fleet, the crowds seemed to be in thoughtful mood.

## War Game Begins at Newport

Leaving New York, the fleet made for Newport, the rendezvous from which will be directed maneuvers in the war game along the coast. The president and most of his party had arranged to return to Washington aboard the Mayflower, the notable exception to the program being Secretary Tamm, who was to go back to the capital by train.

The fleet is due off Newport at midnight on Wednesday, to begin its cruise in the naval maneuvers which begin at that hour, and will attempt to check an attack from an "enemy" fleet seeking landing on the Atlantic seaboard anywhere from Eastport, Me., to Cape Hatteras.

## CABINET OF ITALY ASKS FULL POWER

(Continued from Page One.)

Baron Von Manno, the Austrian ambassador, said his staff.

Foreign Minister Sonnino conferred at length this afternoon with the British ambassador and the Rumanian minister.

Former Premier Giolitti, whose dramatic appearance in Rome precipitated a ministerial crisis by checking an armistice for peace, started today for his villa in the village of Cavour, accompanied only by his son-in-law, Deputy Chiaraviglio. Before leaving he expressed to friends the hope that he soon would be able to explain how exactly he had been misunderstood and how ardently he desired the successful maintenance of the honor of the fatherland to which the remainder of his life's efforts will be devoted.

The cabinet council today was one of the longest on record. At its close a brief communication was issued stating that the ministers discussed the situation to be made before Parliament. No further intimation was given as to what action was taken.

King Victor Emmanuel spent the entire day in granting audiences to government officials and in the consideration of military and political questions.

War Preparations Continue. The nation continued with feverish activity its preparations for eventualities.

There were further demonstrations and rejoicing throughout Italy at the solution of the ministerial crisis. In Rome a great crowd climbed the Capitoline hill to listen to the address by Gabriel D'Annunzio, who was carried on the shoulders of the people. He declared war was sacred, purifying and exalting. The enthusiasm was increased by an address by Prince Colonna, mayor of Rome, in which he emphasized the necessity for Italy to participate in the war.

In an article summarizing the situation, the Tribune says, "The die is cast, the rubicon is crossed and the triple alliance has been denounced."

## Woman Sluggers of Boston Better Than Those of New York

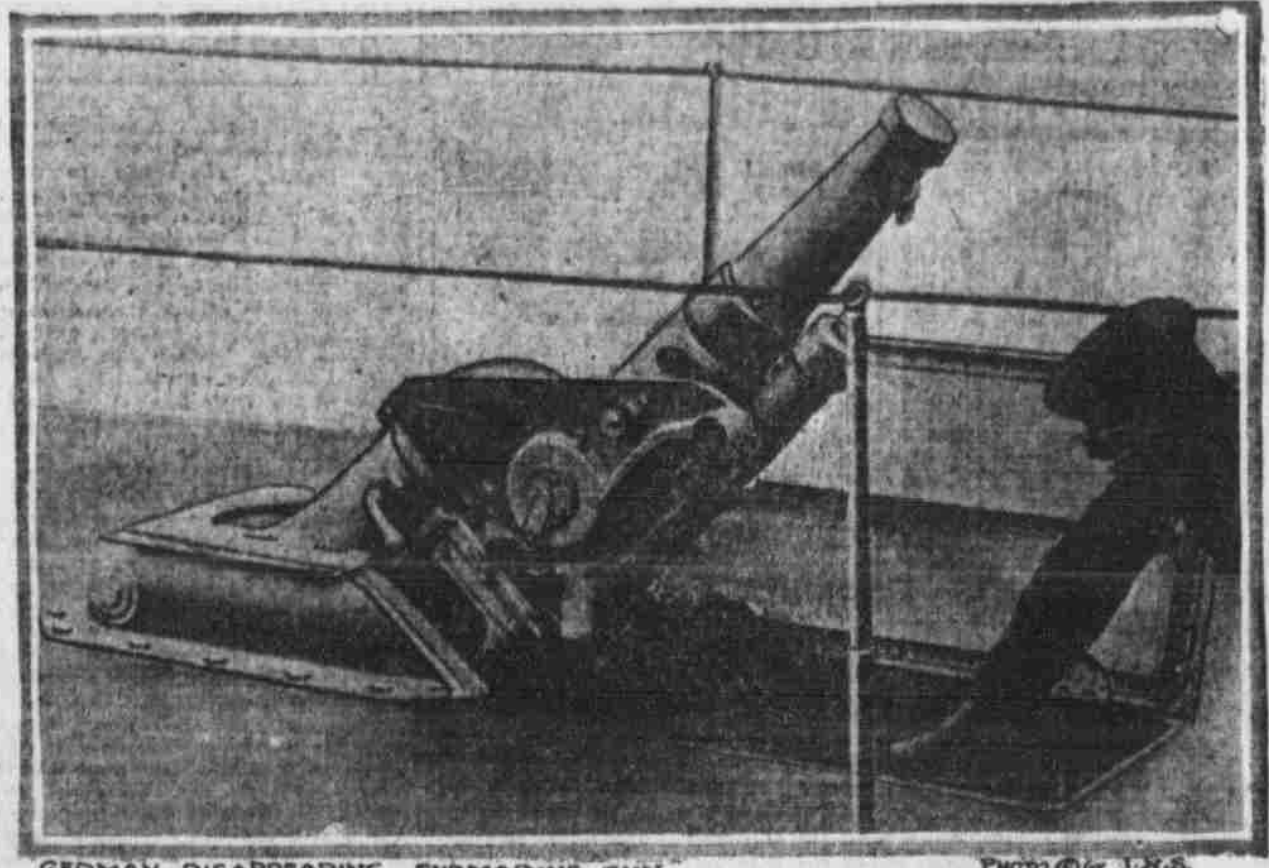

NEW YORK, May 18.—Operations of the gangsters employed by the officials of labor unions to intimidate the employers in clothing trades strikes extend from New York to Cleveland, Philadelphia and other large cities, according to evidence, the substance of which was disclosed by District Attorney Perkins today. Much of this evidence was given in the confession of "Dopey Benny" Fein.

The district attorney, it was stated, has tracked one group of gangsters from the headquarters of a union here to those of a union in Cleveland, where there was a strike in the clothing trade in 1913.

The district attorney has learned that women as well as men were sent to Philadelphia to attack women strike-breakers and that after the end of the strike the unions complained that the women were not as efficient as the men.

The women were then taught by Fein how to use umbrellas weighted with lead slugs, and hats upon victims. Boston women hired for intimidation purposes were considered superior to those from New York, according to Fein.

## BARNES BUYS AND SELLS CONTRACT

Plaintiff in Libel Suit Tells of Printing Deal in Which He Made Several Thousands.

## HOW THE AWARD WAS MADE

SYRACUSE, N. Y., May 18.—The last of the evidence in William Barnes' suit for libel against Theodore Roosevelt was presented in the supreme court here today. Counsel will sum up their respective cases tomorrow.

SYRACUSE, N. Y., May 18.—William Barnes resumed the witness stand in the supreme court here today for further cross-examination in his \$50,000 libel suit against Theodore Roosevelt.

Barnes said he had retained an \$11,000 interest in the McCarthy contract and that this was later paid. He explained that he transferred the \$20,000 to the Albany Journal company, of which he was the head, and when Mr. Lyon paid him the \$11,000 it completed the transaction. He declared he had done nothing which justified Mr. Lyon in paying him a salary. An entry in the Journal books indicated the \$20,000 was for salary paid Mr. Barnes.

Witness Questioned at Length. The witness was questioned at some length about his connection with Attorney Davies, who was a member of the state printing board. Mr. Barnes said he had gone to see Mr. Davies about the printing contract at the request of Mr. Lyon.

Mr. Barnes said he was awarded \$100,000. "Did you know there was a difference between the Lyon and McCarthy bids of \$100,000?" "I did not. Those figures surprise me."

"Did you buy the contract from McCarthy before or after it was awarded?" "Mr. McCarthy came to me and asked me to buy it after it was awarded."

"Did you tell Mr. Davies you wanted the contract awarded to some person or corporation in Albany that had a printing establishment, rather than to Mr. McCarthy, who had no adequate plant in which to do the work?" "I did."

"You said yesterday you told Mr. Davies you hoped Lyon would get the contract?" "I said all those things."

Mr. Barnes then reintroduced letters that passed between Mr. Barnes and Governor Roosevelt. These letters were placed in the record early in the trial and were later stricken out along with other evidence about printing offered in suggestion.

## KING GEORGE WITHDRAWS ONE DERBY CANDIDATE

LONDON, May 18.—The announcement made yesterday that King George was about to discontinue racing is said today to have been erroneous. The king scratched one of his candidates for the Derby, Friar Marcus, and this news was given out yesterday. From it the assumption was made that his majesty was going to stop racing, and other horse owners began to follow his example. Today it developed that the king still has Sammarco entered in the Derby.

## THAW TRANSFERRED TO THE LUDLOW STREET JAIL

WASHINGTON, May 18.—Supreme Court Judge Hendrick signed an order transferring Harry K. Thaw from the Tombs to the custody of the sheriff in Ludlow Street jail.

This was done in response to a request from Thaw's counsel, who had complained that Thaw was suffering from rheumatism and throat trouble and did not obtain sufficient exercise in the Tombs. Thaw's counsel made the request in event there should be further delay of the jury trial to test his sanity. The state attorney general has secured a stay of the trial until Friday at least.

Thaw will not be given a jury trial until June 7. Justice Hendrick today postponed the case until that date in order that the appellate division may have time to render a decision on the new attempt by the state to prevent such a trial.

## ORDUNA CARRIES NO AMERICAN PASSENGERS

NEW YORK, May 18.—More than 20 passengers were booked to sail today on board the Cunard line steamer Orduna, for Liverpool. A few were registered on the passenger list as from New York and two from Chicago. It was reported that the Orduna had on board a large cargo of supplies for the British government. There was not an American among the passengers when the Orduna sailed. Captain Taylor said he was not worrying about submarines.

## COALITION MAY RULE ENGLAND; NEW SEA LORD

(Continued from Page One.)

This afternoon issued the following statement on the progress of hostilities. "On the terrain to the west of the Yser canal conquered by us yesterday and the day before yesterday the Germans left about 2,000 dead and a great number of rifles."

"During the course of the engagements of yesterday we made some further prisoners. "To the east of the canal we have constructed positions recently taken by us. "During the night the Germans undertook a particularly violent counter attack proceeding in the form of a bombardment with artillery and bomb throwing. They were repulsed."

"In the region to the north of Notre-Dame de Lorette, on the road from Ais-la-Telle to St. Germer, we checked completely by our fire two other German counter attacks. "As for ourselves, we captured as a result of a night advance a group of houses near the cemetery of Ablain. Along the front to the north of Arras the artillery fighting is continuing by day and by night. The Germans have bombarded Arras with particular ferocity."

"In the region of Villers-Bretonneux, near Ferry-au-Bac, the enemy yesterday undertook a fresh attack, but he was easily repulsed."

Russian Official Report. PETROGRAD, May 18.—(Via London.) An official statement issued by the Russian general staff, admits that Austro-German columns "bounced" Russian troops, which moved to a new position between the Pilia and the upper Vistula. It is contended, however, that attacks against the recently occupied front in the direction of the Stry and Dolna were fruitless, as were assaults along the Pruth.

The communication follows: "Since the morning of the 16th in the Shavit region, the battles have continued to develop favorably for us. Our troops crossed the Rubies and attacked the Germans, gaining possession of their trenches and capturing several hundred prisoners. Between the Pilia and upper Vistula enemy columns pursued our troops, which moved to a new position. "Near Ghilneft and Ruskiybrod our sudden counter attacks inflicted severe losses on the enemy's advance guard. "In the district between Wiersabik and Opatow, as well as south of the latter, impetuous attacks by us on the 16th drove back the enemy's leading columns more than ten versts (six miles). "Of the Saa there has been violent artillery fire from south of Wlask to Przemysl."

"In the direction of the Stry and Dolna the enemy delivered fruitless attacks against the front which was recently occupied, losing several hundred prisoners. "On the Pruth on the 15th the enemy delivered repeated attacks in close formation, starting from Delatyn and Kolomoia. We repelled him successfully, capturing four more heavy guns and throwing our advance guards beyond the river."

## KITCHENER URGES USE OF GASES; ASKS FOR 300,000 MORE

(Continued from Page One.)

WASHINGTON, May 18.—Clarence S. Darrow told the industrial relations commission today he believed the day not far distant when jails and prisons would be abolished and hospitals would take their places.

"I don't mean that some people won't be confined," he said, "but they will be treated for their social ills and not punished. Punishment is barbarism, and the people generally are beginning to realize it. Some day we will try to wipe out the causes of crime and doctor criminals instead of abusing and punishing them."

"Most folks believe themselves innocent no matter what they do," Darrow thought. "I believe Rockefeller and Standard Oil a most evil social influence, but Mr. Rockefeller thinks he is as innocent as anyone and justifies himself. Everybody thinks himself innocent."

Resistances of military and other constituted authority if that authority were abused, Darrow urged was justifiable, arguing that liberty always had been maintained by bloodshed. As one of the first steps toward an ideal social community he urged public ownership of lands, mines, forest and ranges.

"There is no final remedy for unrest except the grave," declared Darrow.

# PLOT TO MURDER SULTAN DISCOVERED

Armenians Conspire to Kill Turkish Ruler as He Crossed Stamboul Bridge on Birthday.

## FOUR HUNDRED MEN ARRESTED

PARIS, May 18.—Reports from Constantinople confirm the discovery of an organized plot by Armenians and Turks opposed to the new regime to assassinate the sultan, Enver Pasha, Field Marshal Von Der Goltz and General Limen Von Sanders, telegraphs the Journal's Athens correspondent.

Two Armenians, the Journal says, were to have blown up the Kara-Keul bridge, connecting Stamboul and Galata, on the sultan's birthday, while the ruler, accompanied by his commanders, was crossing to attend a ceremony at the mosque of St. Sophia.

The correspondent declares that 400 Armenians have been arrested and their fate is unknown, while Kurds have been given orders to burn two large villages near Van.
