By MELLIFICIA. Tuesday, May 18, 1915.

WITH the approach of June the atmosphere is scintillating with engagements and engagements culminating.

One of great interest is made today by Mrs. Ida Hanchett, who announces the engagement of her daughter, Miss Hope, to Mr. Thomas Robert Rutledge.

Miss Hanchett attended school at Brownell Hall, where she took the full course. After graduating from there she went into settlement work in Chicago at the Eli Bates Settlement house. Later returning to Omaha, she took up newspaper work, becoming society editor on the World-Herald, then became club editor on the Bee, and at present has charge of the society department of the Daily News, where she has been for the last two years.

Mr. Rutledge attended the University of Wisconsin and is now connected with the engineering department of the Union Pacific.

The wedding will be celebrated Thursday, June 3.

Concordia Club Party.

Mrs. E. H. Westerland and Mrs. J. B. Orange entertained the members of the Concordia club in honor of Mrs. Gilbert, who is leaving soon for an extended trip through the south and east. The rooms were ablaze with spring flowers and the honor guest received attractive surprises. Mesdames George Ginter, N. K. Syle, G. E. Fisher, Ray Abbott, Mary Burkett and Miss Minerva Fisher were the guests of the club. The members present were:

NEW LIGHT RATE IS EFFECTIVE TODAY

City Council Puts Protest of General Harries on File—May Mean a Lawsuit.

MAYOR DAHLMAN STANDS OUT

Over the objections and negative vote of Mayor Dahlman the other members of the city council voted to place on file a communication addressed by President Harries of the Omaha Electric Light and Power company protesting against alleged unreasonableness of the new light and power rate ordinance and threatening resistance by litigation if the city officials insist upon enforcement of the reduced rates.

The ordinance will be in effect today, according to its own provisions. "I think the ordinance is fair and am willing to take a chance on it. It may be necessary to have a physical valuation," declared Commissioner Hunter.

"If the rates are too high, as the electric light people claim, and if they cannot pay a per cent on their assessed valuation, then we are beaten at the start, and it would be child's play for us to go to court," was the statement of the mayor, who stood for considering the letter sent by General Harries and for a discussion of the matter before placing the communication on file.

At the meeting now stands the ordinance will be operative on Wednesday, and it will be up to the electric light company to grant the reduced rate or seek aid of the courts.

City Attorney Rine advised the council that it may be necessary to make a physical valuation to determine the reasonableness of the new rates.

Traveling Men's Experience.

"In the summer of 1887 I had a very severe attack of cholera morbus. Two physicians worked over me from 4 a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter 50 cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At 6 o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.—Advertisement.

PETER JENSEN IS HERE FOR A SHORT VISIT

Peter Jensen of Beatrice, prominent in many Nebraska activities and heavily interested in Canadian investments, is in Omaha visiting his son-in-law, C. J. Klassen of the Peters Trust company. Mr. Jensen is keeping in close touch with the war, having many friends on both sides. He has just received a post card from one of his Canadian associates, who is in the trenches, which reads: "We are right up at the front now and we are having a rather warm time. The Germans know where we are from and they call over, 'How's Vancouver?'"

Women's Bootery to Be On Myers-Dillon Site

An exclusive shoe store for women is to be located on the ground floor of the Rose Realty building, which will be erected at the corner of Sixteenth and Farnam streets. The boot shop will be owned by S. W. and B. H. Napier of Omaha and a five-year lease has been signed and the name of the shop will be Napier's Bootery.

S. W. Napier is in Omaha making the arrangements for his Omaha venture. He and his brother have been in the shoe business for fifteen years and until now have operated two stores in Endicott, Ill. One was sold a short time ago and a relative will manage the other while the brothers will move to Omaha and devote all of their time to their establishment in this city.

Speaking of the contemplated store, S. W. Napier declared: "We intend to conduct a strictly exclusive shop for women. While our values will run from \$1 up, it is our intention to place emphasis on the more exclusive footwear selling at \$5 upwards. We believe we will strike a keynote with our new store, as there is at present no exclusively women's shoe store in Omaha and nowadays nobody is paying as much attention to her footwear as to her millinery. I need only point to the quick changes in prevailing styles to prove that contention."

Commercial Club to Boost Merger

At the weekly meeting of the executive committee of the Commercial club annexation was up for discussion and it was the unanimous sentiment that it be recommended to the club that all members get out and boost for the proposition and see that a full vote is gotten out on election day.

Frank Hughes was elected a delegate to the annual meeting of the Upper River Improvement association, held at Duquesne, Pa., June 9.

Robert H. Manley was elected a delegate to the River Terminal conference, held at St. Louis late in May. At the meeting he will also represent the state as a member of the executive committee of the River and Harbors association.

PARENTAL CONTROL FROM MAN WHO NEVER SAW BOY

Parental control of a baby son whom he had never seen was taken from Harry H. Awalt by the district court when it awarded a decree of divorce to Mrs. Corilla E. Awalt. The baby, who is named Russell, was born several months after Awalt disappeared July 5, 1914. Mrs. Awalt was unable to find her husband and secured custody of Russell was given her by the court.

Mr. and Mrs. Awalt were married November 23, 1913, at Waterloo, Ia., and lived together in Omaha until July 5, 1914, according to the plaintiff's petition. The decree was granted on grounds of nonsupport and desertion.

Rine Says No Need for a New Charter; City to Lose by It

In connection with a proposal that a charter commission be selected to draw up another home rule charter, City Attorney Rine offers the following information:

"Our constitution provides that when a home rule charter has been adopted it shall supersede the existing charter and all amendments. This would deprive us of any right now possessed under existing charters to regulate the service of corporations. There is no crying need of a new charter in any event.

"I see that some of the people who are apparently disgruntled with the result of the late election are now loudly clamoring for a charter convention. I wonder if those people know that they are playing into the hands of the corporations, or perhaps some of them do know and are using the same tactics that were used in the last city campaign. If their designs should be successful the city might well abandon its fight for seven fares for a quarter with the street railway company.

"If a new charter should be adopted, this right to regulate the street railway company would be gone and we would have to look to the state railway commission entirely for relief."

Mr. Rine further contends that several supreme courts have held that a city in no event under a home-rule charter can regulate the rates of public utilities made under a constitutional provision, such as ours, or grant to itself such right.

IS ENTERTAINING TODAY IN HONOR OF HER MOTHER.

MRS. W. D. HORSFORD.

Hummel Will Name Woman Member of Recreation Board

W. A. Foster, member of the Board of Education and deputy sheriff, Dr. Zora D. Clark, member of old social service board, and Dr. J. P. Connolly, active in improvement club matters, have been confirmed by the city council as members of the new recreation board, which will begin its official life on June 15. A woman, yet to be selected, will be another member. Under the ordinance Commissioner Hummel of the department of parks and boulevards will be chairman of this board.

Commissioner Hummel stated he found it an easy task to get desirable persons to serve on this board which pays no salary. The board will have charge of the recreational activities of the city, which will include the playground features of the parks and the municipal athletic field at Thirty-second street and Dewey avenue.

IRENE ROUMAS BETTER; HENRY PRUSS RELEASED

Henry Pruss, lodging house clerk at 309 North Sixteenth street, has been released by the police. He was held on suspicion that he shot Irene Roumas, who was found wounded and with a note beside her, apparently indicating that she had tried to commit suicide. At first she told detectives that "a friend" had shot her, whereupon Pruss was arrested and accused of writing the note as a "blind." Later, however, she stated that she had fired the revolver herself, so Pruss was released and the case is recorded as an attempted suicide. The woman will probably recover, according to a report from St. Joseph hospital. The bullet passed through the fleshy part of her chest.

Only 3 More Hudsons Per Dealer This Spring

All the Hudsons in dealers' hands, plus the next two months' output will supply an average of only about three cars per dealer. We believe that many men who want Hudsons this spring will find it out too late.

Last spring, thousands were delayed in getting their Hudson Light Six. All summer prompt delivery was impossible. We were always weeks behind.

This spring we have new attractions. The Light Six is the vogue. And more than 12,000 Light Hudsons are running, each creating new desire for this car. So, despite our big winter output, it can hardly be possible to make prompt deliveries long.

That is true of First Choice cars of every class. There is never enough in the spring.

Hudson Comes First

We announce this because Hudson must come first with you, if you want a high-grade Light Six.

Hudson stands out as the class car. It shows the results of our years of refinement. It has proved itself on millions of miles of road. Everywhere there are users—over 12,000 in all—to vouch that the car is perfect.

It is the only Light Six designed by Howard E. Coffin. It is the lightest of all the 7-passenger Sixes. It is the most refined. It embodies Hudson standards in luxury, finish and equipment. It matches the roughest cars.

"I positively hated to wash my hair until I got Lee's Liquid Shampoo."—An Omaha Lady.

Most every one has a dread of the ordinary shampoo;—of the time consumed and labor involved;—of the stiff, arbitrary condition of the hair afterward;—of the unpleasant feeling of soap left in the hair;—of the fear of hurting the hair or of taking cold;—the difficulty of obtaining soft water, etc.

All of these troubles are overcome by use of Lee's Liquid Shampoo. A few ounces of soft water is best for the "lather-up" but even that is not essential. A man can take a shampoo while taking a bath and quicker than he can shave. A woman can shampoo in five minutes, hair dry in fifteen to thirty. The hair goes right back to its old training. There is no soap, grease, dirt, or dandruff left behind. There is no unpleasant after-effect or odor. No danger of hurting the hair or of taking cold.

3 sizes, 4 oz. 25 cts.—12 oz. 50 cts.—32 oz. \$1.00
