

ALLIES LAND MORE TROOPS IN TURKEY

Dispatch from Athens Says Fresh Forces Debarked at Kum Kale, on Asiatic Side of Strait.

TURKS GET MORE AMMUNITION

LONDON, May 19.—An Athens dispatch to the Exchange Telegraph company, dated yesterday, says it is reported at Mytilene that the allies disembarked fresh troops Monday night near Kum Kale, on the Asiatic coast of the Dardanelles. It also has been learned there that the Turks on the Gallipoli peninsula, who for weeks have lacked artillery ammunition, have obtained an abundant supply of shells in the last few days.

HELLS DAMAGE TRANSPORTS

CONSTANTINOPLE, Turkey, May 18.—(Via London).—The following official statement was issued here today: "On the Dardanelles front, near Avli Burnu, there have been several small artillery and infantry engagements, but no important actions. Some small transport ships have been damaged by our shells. "Our troops on the right wing have retaken a belt of 200 meters from our positions."

"A French cruiser yesterday landed near Samsak, west of Mekele, on the southern shore of the Gulf of Smyrna sixty soldiers, who fired when our coast guard replied to their rifle fire. Other cruisers landed about 100 soldiers near Sefat, west of Tenlik. On the night of May 18-19, two enemy ships which were cruising near the Smyrna forces, retired after being damaged by our batteries."

AUSTRIA AND ITALY ASK UNITED STATES TO ACT FOR THEM

stated that on May 4 the duke of Avarna, Italian ambassador at Vienna, acted under instructions from his government, notified the Austrian minister of foreign affairs that Italy considered Austria's declaration of war against Serbia a violation of the triple alliance treaty. He added that the negotiations started first by Germany and continued by Austria with a view of giving Italy compensation for maintaining neutrality, had resulted in Italy resuming its complete liberty of action both because the Austrian offers were totally inadequate and because Italy's situation had become intolerable. Austria made no reply, but continued the negotiations offering additional concessions.

Relations strained. BERLIN, May 18.—(Via London).—"You are aware," said Dr. von Bethmann-Hollweg, the imperial chancellor, speaking in the Reichstag today, "that the relations between Italy and Austria-Hungary within the last month have been strongly strained."

"From the speech made yesterday by Count Tisza you will have gathered that the Vienna cabinet in a sincere effort to ensure enduring peace between the dual monarchy of Italy, and to take into account the lasting great vital interests of both empires, had resolved on far-reaching concessions to Italy of a territorial nature."

"I consider it proper to indicate these concessions to you. "First, Part of the Tyrol inhabited by Italians, was to be ceded to Italy. "Second, The western bank of the Isonzo, insofar as the population was purely Italian, and the town of Gradisca, likewise to be ceded to Italy. "Third, Trieste was to be made an imperial free city, receiving an administration which would insure the Italian character of the city and have an Italian university."

"Fourth, Italian sovereignty over Avlona, a seaport of Albania and a sphere of interest belonging thereto, to be recognized. "Fifth, Austria-Hungary declared her political disinterestedness regarding Albania. "Sixth, The national interests of Italians in Austria to be particularly respected. "Seventh, Austria-Hungary to grant amnesty to political military prisoners belonging to the ceded territory. "Eighth, The further wishes of Italy regarding the general question to be assured every consideration. "Ninth, Austria-Hungary, after the conclusion of the agreement, to give a solemn declaration concerning the concessions."

Details of Concessions. "Tenth, Mixed committees for the regulations for the details of the concessions to be appointed. "Eleventh, After the conclusion of the agreement Austria-Hungarian soldiers, natives of the occupied territories, shall not further participate in the war."

"I can add," continued the imperial chancellor, "that Germany, in order further to strengthen the understanding between both its allies, undertook, with the full agreement of the Vienna cabinet, to give a full guarantee for the loyal fulfillment of these offers. Germany and Austria-Hungary herewith formed a resolution which, if it should lead to results, would, I firmly believe, find an overwhelming majority in the three nations."

"With the realization the Italian people will now decide whether it will reach the fulfillment of all national aspirations in the widest extent in a peaceful manner, or whether it will plunge the country into war and tomorrow draw the sword against its allies of yesterday and today. "I will not give up the hope entirely that the scale of peace will be heavier than the scale of war, but whatever the decision of Italy may be, we, together with Austria-Hungary, have done all within the bounds of possibility to support an alliance, which was firmly rooted among the German people and had brought profit and good to the three empires."

Know How to Face It. "If the alliance is torn by one of the three partners, we shall know, together with the other partner, how to meet the new dangers with dauntless confidence and courage."

The imperial chancellor's speech was loudly applauded from the galleries. The various secretaries of state were present. The president of the Reichstag opened the sitting by saying: "We begin our work inspired with full confidence which is justified by the course of events up to the present, without vanity, but with steadfast deter-

troops than they can muster as long as the present activity on the western front continues. This is the only road to allied victory, but let there be no mistake—the road is a very long way off.

French Official Report. PARIS, May 18.—The French War office this afternoon gave out a report on the progress of hostilities reading: "The bad weather continues. There has been no development on the front during the night, with the exception of some artillery exchanges at various points. Also to the east of the Yser two attempted attacks on the part of the enemy were checked by our fire."

Italian Military Takes Charge of Railroad Stations

ROME, May 18, 11:30 p. m.—(Via Paris, May 19, 10:15 a. m.)—A royal decree, under which all railroad lines and stations in Italy are placed under the supervision of the military authorities, is published by the Official Gazette.

Under the provisions of the decree, military officials are given the power to prohibit suspected persons from traveling on the railroads or even approaching the lines. All travelers are warned that at certain points they must not look from the carriage windows, but must keep the shutters closed. Any person approaching a tunnel or bridge will be imprisoned for six months. If war is declared when the offense is committed they will be court-martialed. Soldiers and the police are entrusted with the enforcement of the decree and are to fire upon persons who violate its provisions.

Switzerland Must Arrange for Care of Million Refugees

GENEVA, Switzerland (Via Paris) May 19.—There are nearly 1,000,000 American, Englishmen, Frenchmen, Russians, Italians and Serbians now in Switzerland, who will receive protection from the Swiss federal government in the event of Italy's entrance in the war. From a military standpoint all four Alpine-Swiss borders will be closed.

Although the government has received formal guarantees that Swiss neutrality will not be violated it has taken stringent measures to safeguard the frontiers. There is no thought, however, of a general Swiss mobilization. The most important question concerns the food supply for more than 1,000,000 persons who soon may be surrounded by a wall of bayonets. Hope is expressed that the belligerent governments will give their aid.

D., May 18.—(Special Telegram).—Frank Kostecke, a Sioux Falls man who several weeks ago shot and wounded his wife in an effort to kill her, and who pleaded guilty, was today sentenced to a term of four years at hard labor in the Sioux Falls penitentiary.

"DARE NOT TRADE HONOR FOR PEACE"

Address of President Hibben Causes Sensation at Lake Mohonk Arbitration Conference

PREPAREDNESS AGAINST WAR

MOHONK LAKE, May 19.—Dr. John Greer Hibben, president of Princeton university, stirred the Lake Mohonk conference on international arbitration today by taking issue with pacifists who favor disarmament and by advocating "a wise preparedness of our military forces in the United States."

"I do not advocate preparedness for war," he said, "but a preparedness against war—a preparedness which in the event of the catastrophe of war itself, will prevent the enormous initial sacrifice of human lives which has characterized every war in which the United States have been engaged."

"No one can be so blind regarding the significance of present conditions as to take the position that a grave national emergency is not at least a possibility. Without naming any of the belligerents, Dr. Hibben asserted that any failure tending to obstruct the progress of peace was that "this present terrible war has developed certain practices and usages which will revolutionize the accepted restrictions of international law, so that hereafter all immemorial obligations of nation to nation in a state of war will be swept away."

Emergency May Be Near. "In the high tension of international hate and suspicion, the most insignificant accident may chance to precipitate for us a national calamity. And in this great emergency, if it should come, what will we say? Peace? Peace at any price?"

"By all means let us pay any price which can buy peace—restraint of passion, long suffering, sacrifice of material wealth, of every personal convenience and comfort. Let us sacrifice it all, everything which can buy peace. But, let us not forget that there are some things which cannot buy peace. If we sacrifice them in order to secure peace, peace thus sought becomes for us the veriest torment of a living hell. We dare not trade honor for peace."

Never in the twenty-one years of its existence had the Lake Mohonk conference heard such a call to arms. Princeton president's appeal aroused intense interest and discussion among more than 30 delegates here from all parts of the country.

Opening Address by Moore.

The conference was opened by Daniel Moore, who as usual was host to all the members of the conference and their wives. The president's address was delivered by John Basset Moore, professor of international law and diplomacy at Columbia university, and formerly counselor of the State department.

Bulgarian Reserves' Officers Called Out

LONDON, May 19.—All reserve officers in the Bulgarian army have been called to the colors for a month's training, says a Times dispatch from Sofia.

The Turks are hurrying troops, provisions and munitions from Lala, Burgas and Kaban to the Gallipoli peninsula. All siege guns and modern artillery have been removed from Adrianople and sent to the Aegean coast. Keshan and Malazara are being hastily fortified.

If You're Sick, Lay Off!

If necessary, go to bed! It's foolish heroism to try to "stick on the job" if you are sick. If your back aches, or if you are dizzy, or if urination is disordered, it probably means your kidneys are out of order. That ailment may lead to rheumatic troubles, dropsy, Bright's disease, etc. First of all, live carefully. Then, tone up your kidneys with Doan's Kidney Pills. Thousands have found relief through Doan's.

My limbs and body were badly swollen and even my feet were bloated. Rheumatic pains also bothered me. Doan's Kidney Pills strengthened my kidneys and relieved the rheumatic pains."
