Session of Exchange Altogether a Repetition of Previous

Ones

CHANGES IRRGEULAR

NEW TORK, May 19.—Today's stock market was altogether a repetition of the previous session. Dealings were of the same light and insignificant character and price changes were again irregular and parrow. International shares were on more the chief influence, the situation in Italy and the relations between this country and Germany overshadowing all other developments.

London's market reflected the concern fell in that quarter regarding the impending changes in the British ministry. Incidentally, London reported the release of \$00,000 at Ottawa for shipment to this center. Americans were without feature aboard succept for isolated strength in Canadian Pacific.

The stock market as such calls for no

thre aboard except for isolated strength in Canadian Pacific.

The stock market as such calls for no detailed comment. Prices were generally higher at the opening, yielded before the end of the first hour, rose again after midday and fell back alightly towards the close. Except for specialties, extreme fluctuations were within a point. Mexican petroleum weakened on rumors of fire damage to the company's property and war shares rose one to three points on extremely light sales.

Secondary rallway snares, like Missouri Pacific and Chesapeake & Ohio, were heavy, the former because of a reported slip in the plan to extend \$25,000,000 of notes maturing June 1 and the latter on rumors that the forthcoming dividends is likely to be suspended.

Short maturities of these companies and other under similar financial pressure were weak.

Total mie of stocks amounted to 196,000 shares.

The weekly review of conditions in the steel trade lays stress on the fact that the war has played no considerable part in that industry to date. It is understood that some large domestic contracts have been filed.

The foreign exchange was again feverish, france and rubles descending to lower quotations. A sharp advance in sterling remittances at Paris was regarded as an outgrowth of France's heavy obligations to London. The local bond market was steady, aside from weakness in Wabash is, which fell two points on heavy offerings. Total sales par value aggregated \$1,535,000.

United States coupon and registered is advanced % and % per cent, respectively on call.

of sales and teading quotations were as follows: sales High: Lev. Close.

Lad Who "Borrowed" Auto Waives Police Court Examination

John Goodall, 18-year-old son of Frank Goddall, 2768 California street, arrested with three younger boys for "borrowing" autos, has waived preliminary examination in police court and has been bound over to the district court on the charge of grand larceny. He was released under \$500 hall bond signed by his father. The other boys, Alfred Donahue, John and Raymond Murphy, being under 17 years of age, were turned over to the pvenile officers.

BUSINESS GIRLS ENJOY THEIR ANNUAL BREAKFAST

The annual breakfast of the Business Cirls' club was held vesterds morning at the Young Women's Christian association, from 7 until 8 o'clock. The proceeds will be used to send a delegate to the Lake Geneva conference of the Young Women's Christian association in August. The delegate will be chosen next month-Postmaster John Wharton followed his usual custom of entertaining a party from the postoffice and Young Men's Christian association men made up another large party. Over 200 were served. All pronounce the breakfast the best they had ever eaten. Hot biscutts, "like used to make:" shirred eggs, waffles, creamed potatoes and coffee, the best ever, made up the prandial festival.

FAMILY BADLY SCARED WHEN STARTER BURNS UP

With the house filled with smoke, C. C. Nielsen, 1707 Bancroft street, awoke about I o'clock Monday night and hastfly had his wife and four small children dress and prepare to jump from the second story windows, if necessary.

He noticed, however, that the emoired did not ingrease and when he searched the house discovered that all the amoke ane from a motor in the basement used

to run a small printing press.

Fomething had fallen from a shelf above and had accidentally hit the motor starter and hurned out the starter box. The only other damage was from the smoke.

ESTATE OF EDWARD TILDEN HOLDS BEATON & LAIER STOCK
In the stocks and books listed by the
estate of Edward Tilden, the millionairs state of Edward Titleen, the millionairs seat packer, who died not long ago, as inted in the Chicago newspapers, are a shares of the Beaton & Laler Purture company of Omaha, which intended that Mr. Tilden was interested see as an investor. The executor making to inventory scheduled this stock at the per share and rated as good.

NEW YORK STOCK MARKET CONNELL AND DAIRY INSPECTOR MIX IT

Bossic Objects to Health Commissioner's Criticism of the Milk Output.

LETTERS SENT TO DAIRYMEN

The city health department is stirred to its depths over this question; "What is the difference between milk and soup?" Dr. R. W. Connell, the health commissioner, knows that milk is a lacteal fluid taken from domestic purposes, and he also knows that soup is an indefinite mixwater but he is in doubt whether he knows the real difference between milk and soup. Dairy Inspector Bosbetween the first form in life's bill spectable menu.

Called on Carpet.

health commissioner and the dairy inspector are hooking each other just like two belicose bovines. The health commissioner, who is the

nominal boss of the dairy inspector. called his subordinate on the carpet. locked the door, closed the transom, doffed his coat and asked Inspector Bossie, "What about it?"

Reverberations of emphatic sentences percolated through the chinks of the door, indicating that Europe has no monopoly on war. When the door was reopened and the atmosphere had sufficiently cleared to distinguish the proportions of the health commissioner and the dairy inspector, a sudden calm pervaded the health department. Neither would make any statement regarding the outcome of the fray. Inspector Bossie, however, admitted that he did say this. putting water in their milk, he does not know the difference between milk and water. I said this on Tuesday under the heat of passion, but did not think my remarks would get out. I am, however, right in saying that the poor quality of milk, as alleged by the health commissioner, may be due to skimming the milk. and also to the poor quality of grass at this tie of the year."

Has Two Bosses. Inspector Bossie added that he is work ing under the health commissioner and Superintendent Kugel, who is head of he receives conflicting instructions from

Kugel Has Ideas for Regulating

Jitney Business of the police department, will take the lead in the drafting of a jitney regulatory law, has outlined what he believes milch cows and used extensively for should be embodied in an ordinance which will be drawn by the city legal department. In substance his views are:

"I find that the small litney operators ture of edible elements suspended in take in about is a day for a four-passenger car, which would amount to about \$2,400 a year, and, figuring an occupation tax at I per cent, the same as the public service corporations pay, I would say sie has questioned the ability of the that \$72 a year for a four-passenger jit. health commissioner to distinguish ney and \$18 a year for each extra seat would be about right.

"I believe permanent signs should be of fare and the first course of a re- displayed on these cars, so that they cannot be a jitney one hour and then compete with taxes the next hour. Regular routes and schedules should be fol-As a consequence of this situation, the lowed and a limitation should be placed on their operation on busy streets having car lines. They are like files on Farnam street, for instance. Lights should be supplied inside, but I would not insist upon heating litneys.

Fixed rates should be maintained and no special hauls should be allowed by cars operating at fitneys. As for bonds, that is a serious matter which the legal department will have to work out. The examinations of jitney drivers should be sufficient to insure safety to the public." This matter will be brought up for discussion next Monday morning before the city council committee of the whole

Wheat sold at \$1.45@1.45%, corn 90'172c, cats 490600 per bushel. Receipts for the The upshot of this strained situation day were: Wheat, 22 cars; corn, 28 cars,

LAND FOR CAMPUS

Board of Trustees Asks County to Put Price on Part of the Poor Farm Tract.

OUTGROWS PRESENT LOCATION

The University of Omaha desires to purchase a portion of the county portion of the city, for a new campus, a committee of the board of trustees Informed the Board of County Commissioners. It requested the board to place a price on about thirty-five acres low enough to enable the university to purchase it.

The plan arose in connection with the proposal to sell the poor farm for the purpose of substituting a workhouse to be located in the country. The university desires to seek a new location, said A. W. Carpenter, spokes man for the committee, owing to the fact that it has outgrown its present location and is unable to secure additional ground. The county's 160 acres on a part of which the poor farm is located has been surrounded by handsome residences and is regarded as an ideal site for location of a university.

Erect Expensive Buildings.

Funds within the next ten years will e available to the university," declared Mr. Carpenter, "which would make posatble the erection of \$1,000,000 worth of buildings. The university is growing so rapidly that constant building will be the students.

This year there are 145 students enrolled and each year there has been a arge increase.

Dr. D. E. Jenkins, president of the university, told of the value to the city of a growing university controlled by no reigious body and providing educations facilities needed by a large number of Omaha young men and women

Favor Proposal.

Members of the board were disposed to look favorably upon the committee's proposal. They declared, however, that action upon it would be determined by outcome of the county workhouse plans Simultaneously J. P. Palmer, member of the last legislature, who was instrumental in passage of the county workhouse law, gave out an interview in which he declared that plans for a worksouse should not be held back for an nstant by the "joker" in the law giving ontrol of the prisoners to the sheriff. "We had to take what we could get," he declared. 'Let us go ahead with plans

for a workhouse. When the next legislature meets we should make an issue of the sheriff's control of prisoners for purposes of making a profit on feeding them and we

lature would as readily pass an amendment to the law as it would an entirely

Jail Feeding Cost in Minneapolis

Superintendent Frank McDonald of the Minneapolis workhouse while in Omaha poor farm, located in the southwest furnished some information about cost of jail maintenance besides what he teld in his speech to the Commercial club "How many meals do you give your

prisoners?" "Three meals every day." "What is your feeding cost?"

"It costs us just 11 cents per prisoner Ler day."

Eleven cents for three meals?" Yes, that is our outlay for food, but es not include what we raise ourselves or our farm, which would bring it up a

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets-the substitute for calomel—are a mild but sure lax-ative, and their effect on the liver is al-most instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought calomel. His efforts to banish it brought out these little oilve-colored tablets. These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havor with the gums. So do strong liquids.

It is best not to take calomet, but to lot Dr. Edwards Olive Tablets take its place. Most headaches, "duliness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

FINED FOR VIOLATING DIM HEADLIGHT RULE

Shortly after having his auto stolen damaged and then recovered, Dr. J. O. Nystrom of Kountze Park hospital again came in touch with the police, this time as a violator of the dim headlight ordi-nance. He paid a fine of \$1 and costs. H. K. Lehmer, E. H. Newell and D. G. Cary paid similar fiens for running their cars with lights that were too bright. H. Ferer was fixed \$5 and costs for exceeding the speed bunit.

Momentous Future In Woman's Mind

The expectant mother revolves in her mind all we un-And it is of the utmost And it is of the utmost importance that her physical comfort be our first thought. There is a most splendid remedy for this purpose, known as "Mother's Friend." It is applied over the muscles of the stomach, sently rubbed

in, and at once peneurates to relieve all strain on nerves, cords, ligaments and all parts involved. It makes the muscles so pliant that they expand naturally. And at the same time they are invigorated by the absence of harassing pains so apt to distress the mind. Whatever will add to the comfort of the expectant mother is a great and help-ful influence since a calm and peaceful period ful influence since a calm and peaceful period must have a wonderfully beneficial impress upon the coming child. Get a bottle of "Mother's Friend" of any druggist and you will realize why so many women declare it to be the most helpful remedy they know of. Write today to Bradfeld Regulator Co., 702 Lamar Bldg., Atlanta, Ga., for a splendid book of great interest and value to every expectant mother.

Among the letters of interest in this book one says, in part, "Seven years ago I suffered from Wednesday to Saturday and had to have instruments. This time I was sick only three hours. I want to tell all that I can not praise 'Mother's Friend' high enough for the rood it did me, as I had an easy time and the baby was perfect. I will always speak a good word for it."

When Women Suffer

No remedy gives greater relief than Anti-kamnia (A-K) Tablets in all conditions generally known as Aches and Ills." One trial One trial will satisfy any woman that she has at last found the remedy she has so long been look-

Indigestion — Dyspepsia Are you distressed after eating? Do you have nausea when riding in the care or on the train or boat? Take A-K Tab-lets and get instant relief.

Genuine A-K Tablets bear sonogram. At all Druggists.

A Simple Way To Remove Dandruff

falled to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquiarvon from any drug store (this is at you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fir.

By morning, most if not all, of your dandruff will be gone, and three of four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matte,

how much dandruff you have. You will find all itching and diggins of the scalp will stop instantly, and your hair will be fluffy, lustrous glossy, silky and soft, and look and feet a hundred times better.-Advertisemen
