

By MELLIFICIA. Friday, May 21, 1915.

On the evening of last week a foursome of our well known society lads were deeply immersed in an unusually interesting game of cards in one of the good looking homes on the hill.

One of the lads, to be described as short, rook cheeked, wearing glasses, somewhat rotund of person, had not his usual luck with him and his continual ill luck reached the spot where he had lost the last penny.

The lad went home, coatless, but with all the money the crowd had held. However he is still mourning the loss of his coat.

MASONIC TEMPLE AT 19TH AND DOUGLAS

Secure Site Just West of Fontenelle Hotel on Douglas Street from Brandeis Interests.

TO RETAIN THE OLD BUILDING

The new Masonic temple, a five to six-story, fireproof and modern building, costing \$250,000, will be erected at Nineteenth and Douglas streets, immediately west of the Hotel Fontenelle. Construction will begin during August or September, and will proceed as rapidly as possible, the purpose being to have the structure finished and ready for occupancy early next spring.

Bought from Brandeis. The location for the new Masonic temple was decided upon Thursday night at a meeting of representatives of the fourteen Masonic bodies that will join in the construction of the building and its subsequent occupancy. Numerous locations had been considered, but the strong points of the one decided upon outweighed all others with the members of the committee.

The property on which the new Masonic building will be erected was owned by the Brandeis interests, and the negotiations were carried on through Harry Tukey. The price paid for the ground, 139 feet on Douglas and 132 feet on Nineteenth street, was \$25,000, which real estate men consider very cheap, considering the location and the surroundings.

Building to Be Modern.

The building will be the most modern that it is possible to construct. The first floor will be cut into storerooms and all other floors will be for lodge room purposes. The style of architecture will not be determined until a committee consisting of M. M. Robertson, James A. Howard and L. Pettigrew returns from the east. Accompanied by Architect Franz, the members of this committee, within the next day or two will start on a tour of eastern cities, seeking ideas on the construction of Masonic buildings.

The Masonic committee will visit Chicago, Cincinnati, Buffalo, Washington, Baltimore, Boston and other places. After inspecting the buildings visited, they will instruct their architect to incorporate into the plans of the proposed building all the newest and best ideas gathered on the trip.

Preparing of the plans will begin as soon as the committee returns from the east, and after completion, bids on the

construction of the building will be invited.

To Keep Old Building.

The old Masonic temple at Sixteenth street and Capitol avenue will be occupied for lodge room purposes until the completion of the new temple. Then it will be completely overhauled and put in first-class condition for rental purposes. New fronts will be put into the store rooms and they will be made up-

to-date. The floors will be worked over, either for office or lodge room purposes.

It is the idea to make it one of the most attractive rental properties in the city. It is figured that an expenditure of not far from \$50,000 will be required to make the changes contemplated.

Apartments, flats, houses and cottages can be rented quickly and cheaply by a see "For Rent" Ad.

Hiller Home Robbed of \$1,000 in Jewelry

While the family of Henry Hiller slept peacefully Thursday night, ignorant of the presence of a burglar in their home at 321 Farnam street, the quiet crook prowled through most of the house, helping himself to \$1,000 worth of jewelry

and some clothing. The loss was not discovered until the family awoke in the morning.

They found that the burglar had gained entrance by raising a window. No clue was left as to his identity, but the police believe he is the same thief who worked in a similar way at several other residences this week, taking valuables and escaping so quietly that nobody knew of his visit till morning.

HOSIERY was originally applied as a name to many articles of women's underwear. Stockings is the better word for our purpose now. Stocking has been defined as a soft, close-fitting garment for the leg. We are to have

A Stocking Sale Saturday

We might amplify the definition by explaining these are Silk Stockings—pure, lustrous silk, things of beauty and elegance, in addition to being a covering. Palm Beach Suits

"It's an ill wind that blows nobody good." Once more this time-worn statement is proven true. American manufacturers have produced a suit made from Mohair bearing all the earmarks and touch of English Alpaca. Practical, because 'twill shed the dust; looks well, because 'twon't show the dust; durable, because it's strong and well made; keeps shape, because the cloth has body; looks well, because it's clean and lustrous. And a seller from Sellersville—perhaps the most popular suit gotten out in ten years. Don't you be caught napping, waiting for the first warm day. Too rapid a seller for you to take a chance like that. Priced \$10.00, \$12.50, and \$15.00. Costs, also; they are \$8.50.

The Junior Section

will show a Palm Beach Suit at \$10.00, and it's every whit as good value and popular as those in the Senior section. OVER IN THIS ROOM on Saturday we will stress Coats and Suits. The cooler weather crowded the Candy Counter, and here'll be a bigger crowd Saturday. THREE SPECIALS for Father's day, and Saturday sure is Men's day at our Candy Section.
