If You See Bad Road Just Tell Randall Brown About Where

"If you have tears prepare to shed them now," said Marco Antony. With Randall Brown it is different, for if he has a pick and shovel he must prepare to wield them now. Within a week every Commercial club member is to report bad roads, chuck holes, mud and broken pavements anywhere in Douglas county to Randall Brown. It is said that in anticipation of this flood of complaints, Brown is considering secretly having his telephone number changed.

But the point is that he is chairman of the good road committee of the Commercial club. As chairman he must hear all the roads in as good shape as possible for the summer. So Randall Brown is to be made the goat. Perhaps he will not even lift a pick or swing a shovel, but he will at least be expected to call the attention of the county and city authorities to any bad places in the roads within their respective jurisdiction.

U. P. PUTS ON SIX NEW FAST TRAINS

Two Million for Equipment Spent to Handle Increasing Travel to the Coast.

FORTY ENGINES ARE REQUIRED

The Union Pacific will put six additional passenger trains into service, operating to and from Colorado and California, starting Sunday. The equipment to be used in the operation of these trains, according to company officials, has meant the expenditure of \$2,000,000 for new equipment. This equipment consists of forty high speed, superheated engines of the Mikado and Pacific type, twenty-one dining cars, thirty chair cars, ten coaches, eight observation cars, two parlor cars, twenty-six baggage cars and ten postal cars.

Of the six new trains, two will be operated between Chicago and Denver by way of the Northwestern and through Omaha. Westbound the new Northwestern-Union Pacific train will leave Chicago daily at 6:30 o'clock in the evening, reaching Omaha at 7:30 o'clock the following morning and arriving at Denver at 9:30 o'clock that evening. Eastbound the new train will leave Denver at 9 o'clock in the morning, arriving at Omaha at 11:30 the following morning and at Chicago at 2 o'clock in the afternoon of the same day.

Two of the other new trains will operate between Denver and the coast, running in connection with the Burlington's trains from Chicago and St. Louis, carrying the equipment through from Denver. The other two trains will be operated between Kansas City and Denver, west of Denver, carrying equipment taken over from the Burlington.

In addition to adding new trains, changes will be made in the arrival and departure in Omaha of some of the trains now in service. The time of the Los Angeles limited is to be cut down twenty-five minutes. From the west this train will arrive at 9:55 p. m., instead of at 9:40 o'clock, as now. It will leave for the east over the Northwestern at 10:10 o'clock in the evening, instead of 9:55 o'clock, as now.

Train No. 10, the San Francisco limited, will arrive in Omaha at 1:04 o'clock in the morning, instead of at 12:45 o'clock, as now, and will leave for Chicago over the Northwestern at 1:15 o'clock, reaching Chicago at 2 o'clock in the afternoon.

Woman's Suffrage may eventually give to women rights to which they are entitled, but good health, which is the birthright of every American woman, must be hers before she can fully enjoy the privileges which woman's suffrage will bring. Women who suffer from those dreadful pains, backache, headaches, irritability, nervousness and depression, symptoms of organic trouble, should rely on Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, to restore them to a normal healthy condition, as it has thousands of other American women.—Adv.

Wheat Drops When Italy Enters War

The fact of Italy jumping into the European war had a depressing effect upon wheat and the cereal on the Omaha market sold off 2 to 3 points from the prices of Saturday. Sales were made around \$1.45 per bushel.

Corn followed wheat down, but the decline was not so great. At one time during the session it was a cent off, but rallied and closed 1/4 cent under the close of Saturday. Prices ranged from 94 to 7 1/2 cents per bushel.

Oats were unchanged, prices being steady at 48 to 49 cents. Omaha receipts were: Wheat, 46 cars; corn, 7 cars; oats, 15 cars.

MEMBER OF PEACE COMMISSION TO MEET AT SAN FRANCISCO.

Dr. Inez C. Philbrick of Lincoln is one of a committee of fourteen prominent American women who constitute the organizing committee for an international conference of women workers, which will meet at the Panama-Pacific exposition July 4-7.

The committee is headed by May Wright Sewall, other members including Jane Addams, Carrie Chapman Catt, Ida Husted Harper and other well known lecturers, writers and publicists. Although the meeting is called for the promotion of peace a distinction is made between its work and that of the woman's peace party. The announcement distinctly declares that the conference is not called to attempt to stop the present war, but to make this the last war.

"It is the business of women to lend their aid in the internationalization of the human heart," say leaders in the work. Miss Addams, Mrs. Raymond Robins, Lucia Ames Mead, Mrs. Harper and Mrs. Anna Hofer Proudfoot will be on the program.

SUES FOR INJURY IN FALL OVER BOX ON THE STREET

A. J. Spain, undertaker, is plaintiff in a suit in district court against Gustav E. Shukert in which he asks \$5,000 damages for injuries alleged received by stumbling over a box in the street at Fifteenth and Harney streets shortly after 1:15 o'clock the morning of November 16, 1914.

COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulletifed coconut oil (which is pure and entirely grassless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulletifed coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.
