

Nebraska BAN UPON MEDICINE HERALDED AS CURE

Food Commissioner Will Not Permit
Any Such to Be Sold in
Nebraska.

HOLDS ALL SUCH MISBRANDED

(From a Staff Correspondent.)
LINCOLN, May 27.—(Special.)—Manufacturers and dealers in patent medicines who use the word "cure," either in the name of their remedies or in any way indicate that the medicine is a cure, will be prosecuted by the state pure food department, according to Food Commissioner Harman.
Commissioner Harman while in telephonic communication with one of his inspectors in Omaha today gave him instructions to go after any dealers who had on their shelves for sale any medicines which used the word "cure" in any form.
"I hold," said Mr. Harman, "that using the word cure as a name or part of a name is a misbranding of the article. For instance, use of 'Consumption Cure,' or 'Rheumatism Cure,' or similar names is simply a way of telling what the medicine will do when it will not do it in all cases. Therefore, I hold it is misbranded under the law and is contraband."
"Formerly these medicines contained an advertisement on the bottle or package which read 'A cure for all diseases of a certain nature.' We have been able to stop this and I propose to go the limit in preventing the sale of any medicine which implies a cure either by name or otherwise."

Ernest McClane of Fairbury Shot by Barnes During Fuss

FAIRBURY, Neb., May 27.—(Special Telegram.)—Ernest McClane, formerly night policeman of Fairbury, was shot and probably fatally injured last night by Roy Barnes, son of City Attorney W. H. Barnes.
According to the story told by Barnes he had been out in an automobile nearly all of Tuesday night with McClane and two other men and the party had returned to the Barnes' home for a nap. He said when he awakened he missed \$50 which he had in his pocket, and demanded that his companions return it. He went to a pool hall, where he borrowed a revolver, and on his return again asked for his money. He and McClane clinched and during the struggle the revolver was discharged.
The bullet penetrated McClane's abdomen on the left side. He has since been unconscious and there is little hope for his recovery. The surgeon was unable to locate the bullet and an X-ray machine has been sent for. Barnes and the other two men in the party are in jail.

Wedding Follows Romance of War

FREMONT, Neb., May 27.—(Special.)—Mrs. Pauline Page, one of the thousands of widows growing out of the European war, was joined in wedlock to John Popken, Jr., a native of Germany, who spent the winter in her native country, returning to Dodge county in February. The ceremony was performed by County Judge Wintersteen. Mr. Popken, who has been making his home in Cumington, Neb., returned from his visit to Germany last February. On the boat on which he made the trip was Mrs. Page. They became acquainted and the courtship which began on the steamer ended when they were married. They will make their home on a farm in Cumington township.
Mr. Popken says there thousands of widows in Germany who married the day on which their husbands went to war. Mrs. Page's first husband was killed two months after he enlisted at the beginning of hostilities.
Contrary to all reports, Germany has all its young men in the ranks, Mr. Popken said. Only the boys and old men are left at home.

PROJECT FOR PAVED ROAD FROM HAVELOCK TO LINCOLN

(From a Staff Correspondent.)
LINCOLN, May 27.—(Special.)—Applications point to closer relations between Havelock and University place by means of a paved boulevard two miles in length, which will run in a straight line between the two cities from Twenty-fourth street and Warren avenue in University place to the Rock Island station in Havelock, and then north on Touzelan avenue to the shop city.
Automobilists using the Omaha-Lincoln-Denver road will thus have a paved road from Havelock to Lincoln covering seven or eight miles. It is said that a land company which owns the land through which the boulevard would run is agreeable to the plan and will do its share of the paving.
The legislature voted \$20,000 for paving Warren avenue from University place along two sides of the state farm and with Lincoln extending its paving along the street from the farm a continuous paved street will be had.
FREMONT, Neb., May 27.—(Special.)—Carl O. Swanson, assistant postmaster at Fremont, who resigned Monday, has withdrawn his resignation and will continue in the position. Frank Fairbrother, who was named to succeed him, will return to his former position as chief clerk.

Nebraska ROBERTS' ATTORNEYS MOVE Apply for New Trial for Convicted Man on Grand Pardon Board Member Took Part.

BAILIFF CALLED TRIAL "SHOW"
(From a Staff Correspondent.)
LINCOLN, May 27.—(Special.)—Attorneys for Roy Roberts, the convict convicted of the murder of Vernon Connett, have filed an appeal in the supreme court asking for a hearing on a motion for a new trial.
They set out that many errors were made in the former trial, among them that incidents connected with the trial had a tendency to prejudice the jurors, among them that while the trial was being held in the Keith theater an adjournment of the trial was announced that the next show would be held tomorrow with a matinee in the afternoon.
They also called attention to the fact that E. G. Magg, a member of the pardon board, acted not only as a witness in the case, but also assisted in the prosecution, and that his duties as a member of the pardon board would not permit him to act in the capacity of a prosecutor. They also claim that election of a jury contrary to the provisions of the state constitution and of the constitution of the United States.
The feature of the program was the address of J. C. McNish of Wisner, president of the state association.
In the line of entertainment the program opened with a good fellowship luncheon and cabaret at the Lederkrantz banquet room Wednesday evening. The convention closed at 6 o'clock with a banquet.
Grand Island was again selected as the place for the next annual meeting of the group.
The officers elected for the ensuing year are: President, Dan Morris, City National; vice president, E. M. Williams, First National; grand secretary, treasurer, Frank Cleary, Grand Island National.

INSIST FEDERAL AID FOR VETERANS GO TO CASH FUND

(From a Staff Correspondent.)
LINCOLN, May 27.—(Special.)—The government has paid its annual donation to the state for assistance to the soldiers' homes in the care of the aged and sick veterans. The question has been raised as to what disposition shall be made of the amount, which covers several thousand dollars. Heretofore the donation has been placed in the general fund of the state instead of in the cash fund, where, in the opinion of friends of the two old soldiers' institutions, it ought to go.
So far this year the home at Grand Island has received, or would have received, if the fund had gone directly to the home, \$4,425, while the Milford home would have received \$6,425. Some contend that as long as the government makes this donation for the support of the old soldiers in these homes that the amount should go direct to the institution cash fund to be used directly by that institution instead of into the general fund of the state with other funds.
In all probability it would make little difference in the end, as about as much is needed anyhow for the support of the home and should the \$100 per inmate of the home be given directly each year to the home the legislature would probably cut that amount off of the appropriation and the effect in the end would be the same. However, it is evident that if the cash fund of these institutions had the funds on hand, inmates of the homes could receive many little things which would help them when under the present plan they may have to go without. For this reason friends of the institutions are insisting that the fund should go direct to the institutions.

DAMAGED SHIPS REACH PORT

Dutch Liner Ryndam and Freighter Joseph J. Cuneo Dock at New York.
BATTLESHIPS ACT AS CONVOY
NEW YORK, May 27.—The Holland-America liner, Ryndam, was safe at its dock here at 7 a. m. today with passengers and crew once more aboard after a collision and a narrow escape from destruction early Wednesday morning off Nantuxet Shoals lightship. The Norwegian freighter, Joseph J. Cuneo, which rammed the Ryndam about the foremast, steamed slowly into port an hour after the Ryndam docked. Its bow was smashed, its plates crumpled, bent to port and forced back till both anchors were jammed in the hawse pipes, and it was down by the head, where the sea had rushed in the forepeak. Otherwise its captain pointed out, it was all right, the engine and machinery being undamaged.
"What can I say?" inquired Captain Amund, when asked for a statement. "I am glad no lives were lost and nobody was hurt."
The Holland-America line intends to forward all the passengers who wish to go to Rotterdam on its steamer Rotterdam, due to sail Tuesday.
Four battleships, the South Carolina, Louisiana, Kansas and Michigan, were on their way to Norfolk, Va., from the war game of the last week off the North Atlantic coast, when they picked up the Ryndam's "S. O. S." call shortly after 4 o'clock Wednesday morning. Immediately they changed their course and rushed full speed to the aid of the stricken ship sixty miles away. One of the South Carolina officers said that it made the sixty miles at an average of 19 1/2 knots an hour, a speed, he said, better than its previous record.
Officers of the Ryndam said that when the two ships collided it was daylight and that little fog or mist prevailed.

STATE HOUSE VERY MUCH LIKE OLD REFRIGERATOR

(From a Staff Correspondent.)
LINCOLN, May 27.—(Special.)—Employees at the state house today were wrapped in coats and blankets and other things in an effort to keep warm, the damp cold breeze being wafted through the old building so strongly that the pothooks made by the shorthand experts crooked in the wrong direction and opinions of the supreme court looked like pardons issued by the pardon board. Water was running down the walls and a varied collection of tinware was dug up and being used for catch basins on the top floor.
