Man With Skeleton Keys Shot by Cedar Bluffs City Marshal

CEDAR BLUFFS, Neb., May 28.—(Special Telegram.)—The local policeman picked up a man at the Northwestern depot here about 5:15 last night and after taking him to jail started to search him but he drew a revolver and objected. The marshal then drew his revolver and shot the bullet entering just in front of the ear and came out the back of the neck. The prisoner fell to the floor and the marshal then searched him and found two thirty-eight-caliber revolvers, a bottle of explosives, a skeleton key, a key extractor, and what appears to be a stick of dynamite. He also had a receipt from the Young Men's Christian association in Fremont for \$1.20 and a letter of recommendation from the pastor of the First Baptist church of Fremont to the pastor of the First Baptist church of Grand Island.

He claims to be a surface miner and his home is Trinidad, Colo.; that his mother is dead and his father living in Denver. He has some literature on him and seems well posted along this line. He walked into town some time yesterday and begged a meal here about 3:30 p. m. He is about 20 years of age and fairly well dressed.

Water Turned Into Big Pawnee Ditch TECUMSEH, Neb., May 28.—(Special.)—Two weeks ago the main ditch on the Nemaha river drainage project through this county was completed to the Pawnee county line to the south. The Pawnee county ditch comes practically to the line to meet this ditch. It was desired to hold the water in the ditch to assist the dredge in doing its final month's work on a lateral ditch up Elk creek, and so a strip of land thirty feet wide was not excavated between the two ditches. With a four-inch fall here the water began to overflow. Workmen blew out the thirty feet of soil between the two ditches with dynamite yesterday, and soon the waters were rushing through the ditch on to the Misouri river through Pawnee and Richardson counties. Up to this time there is no indication of an overflow onto the thousands of acres of farm lands along the ditch, and the several laterals, and this will mean much to the farmers who have the land in crops. The big drainage work is now practically completed in Johnson county, after two years' work and at an expense of about \$20,000.

After compiling their reports of the valuation of the telegraph property in the Kansas City district the reports are filed at Kansas City and are later sent to the Interstate Commerce commission at Washington.
