

NEW YORK STOCK MARKET

All Records for Dullness Lowered at Day's Session of Exchange.

SCARCELY 170,000 SHARES

NEW YORK, May 28.—All recent records for dullness in stock dealing were lowered today, the Dow Jones index barely approximating 100, shares...

The chief element of restraint was the delay attending the German answer to the American note regarding the Lusitania incident. The financial district was alive with rumors denoting with the support of that monotonous communication, but those savored of surmise or conjecture. Further British reverses in the Danubian and elsewhere also served to limit trading.

Among the few noteworthy movements of the session was the weakness of Canadian Pacific, which declined three points. That stock is regarded as the barometer of the American list abroad, but so far as was ascertainable, no sales for foreign account were made here today.

DUN'S REVIEW OF TRADE

Steadily Expanding Industrial Conditions Stimulate.

NEW YORK, May 28.—Dun's Review tomorrow will say: Steadily expanding industrial operations, due mainly, but not wholly, to the big war demands, have a stimulating effect generally, although many uncertainties of the foreign situation make for caution everywhere.

Fundamentally, domestic conditions gain in strength; gold is again flowing this way and the banking position is unusually sound, with ample funds available for all requirements, collections are somewhat less difficult on the whole and while credits are still closely scanned, commercial failures during May made much the best exhibit of the year. Moreover, the purchasing power of the people is enhanced as the number of unemployed diminishes. Prospects for large traffic movements in grain and other staples prompt the transporting companies to enter the market more freely for needed equipment, and buying on the part of these interests together with the urgent war demands results in continued improvement in iron and steel.

Smallest Screws Shown at Brown's

The smallest screws in existence will be on exhibition in the show window of the store of the C. B. Brown company, 23 South Sixteenth street, during the remainder of the week. The screws are so small that they must be placed under a magnifying glass in order to see the threads.

Samples of the screws were distributed yesterday by J. M. Loftin, representing the Charles Scribner's Sons company. The screws are used in the 10-8 size Elgin watch, said to be the smallest timepiece made in America. The total length of one of the screws is twenty-eight one-thousandths of an inch. The diameter of the head is twenty-six one-thousandths of an inch, and of the thread twelve one-thousandths of an inch. The threads are on a scale of 36 to the inch.

SOCIETY GIRL ASKS DIVORCE: ELOPED

Mrs. Halcyon Chambers Peterson. Noted for Ability as Dancer, Sues Wealthy Husband.

TO ANNUL RUNAWAY MARRIAGE

Mrs. Halcyon Chambers Peterson, a social leader of the younger set in Omaha, who eloped with Marcus Peterson, son of Theodore N. Peterson, wealthy wholesale furniture dealer of Council Bluffs, October 23, 1911, has filed suit for divorce in district court alleging that her husband has failed to support her since January, 1914.

Mrs. Peterson, who is now 23 years of age, is a daughter of W. E. Chambers, the dancing instructor. She has more than a local reputation as an exponent of the art of dancing and is regarded as one of the most beautiful of Omaha young women. Her husband is three years older than she.

Her petition tells of her marriage, which took place at Glenwood, Ia., following a hasty trip from Omaha in an automobile, of which neither her parents nor those of Mr. Peterson had been made aware. It alleges that since January, 1914, Mr. Peterson has failed to support her and inform the court that since that time she has been living at the home of her parents in Omaha at 204 Farnam street.

Custody of Baby Son Not in Issue. Mr. and Mrs. Peterson are the parents of a son 3 1/2 years of age, who, according to the petition, is in the care of Mr. Peterson's parents in Council Bluffs. Mrs. Peterson does not ask custody of the child, but requests the court to dispose of his interests in such a manner as it shall consider just.

Mr. and Mrs. Peterson in their elopement to Glenwood were accompanied by Dr. Jean Cleaver and Willard Butte, both prominent socially in Council Bluffs, who were witnesses of the ceremony. On their return from Glenwood they stopped at the home of Theodore N. Peterson, head of the Peterson-Schoening Wholesale Furniture company, the young man's father, to break the news to the groom's parents, then came to Omaha to inform Mr. and Mrs. W. E. Chambers of the wedding. They then left immediately for New York City.

They had been acquainted for one year prior to the marriage. Prior to January, 1914, Mr. and Mrs. Peterson lived together in Council Bluffs.

DESPONDENT, FRANK KRUPA TRIES TO KILL HIMSELF

Despondency resulting from unemployment is believed to have prompted Frank Krupa to shoot himself in the right temple in his room at 204 Farnam street. He was removed by the police to St. Joseph's hospital. There is little chance for his recovery.

OMAHA HEBREW CLUB BUYS OLD ST. BARNABAS CHURCH

The Omaha Hebrew club has purchased St. Barnabas parish church and rectory, together with the school at Nineteenth and California streets. A larger offer was said to have been made by another bidder, but the churchmen sold it to the Hebrew club because this means that the place will be put to institutional uses. The price paid is \$6,500. St. Barnabas owned this property for over forty years.
