**Ping Day Order.**  
The department commander, George C. Humphrey, has issued the following order regarding the one hundred and thirty-sixth anniversary of the birth of the Stars and Stripes:

The 14th day of June is the anniversary of the birth of our flag, and comrades, remember that under that flag we have lived and fought our life. We loved and esteemed it and we cling to it as we cling to the promise of God. The custom of raising the Stars and Stripes over the schoolhouse dates back nearly a hundred years. The first ceremony was the raising of the Stars and Stripes over the schoolhouse at Catamount Hill, Colrain, Mass. Just when the first pole-raising occurred we don't know, but the custom is raised custom grew with the years, and when the civil war broke out it became general throughout the land. It is today and today it floats everywhere and is respected the world over, and because it represents the very best of humanity. More than a million men have died devotedly under its folds.

In the language of another: "It is pure as the flowers, bright as the stars, immaculate as the life-giving sunlight, and the hope of all who love the kind." Then let every comrade secure a flag and display it on June 14, 1915, and let the children of Freedom and Liberty. All points are requested to hold meetings in commemoration of the anniversary of the adoption of the Stars and Stripes as the flag of our country. Let all unite in making its celebration an event of the year.

### VETERANS SHOULD TELL OF THE MEANING OF WAR

LEXINGTON, Neb., May 29.—(Special.)—Congressman Sloan delivered the memorial address at Lexington today. In the course of his remarks he said in part as follows:

The soldiers of the north were unlike the millions massed now in the continental conflict, he know not the provocation nor the cause for which they battle, but who offer life and take life while their diplomats debate in press and forum as to who are the aggressors and who will be to blame. Every soldier of the union whose grave we decorate or today survives through the debates in and out of congress for years the cause of our civil conflict.

Whatever may be the outcome of the war and European conflict there will be little for consolation and much for vain regret.

The Grand Army of the Republic in every community, while loyal to legally elected national authorities in this period of great international concern, should impress upon the people from their experience, the awful solemnity and burden, suffering and sacrifice in blood and treasure involved in a great war, so that no word or act from those in or out of authority may precipitate an unwise movement toward mingling in a conflict which almost every consideration short of grave national dishonor bids us avoid.

GLENWOOD, Ia., May 29.—(Special.)—In district court in session here, Judge Thorne presiding, argument was submitted yesterday by Attorney Cochran for a rehearing in the Ranne will case. ### Nebraska DEATH OF PATIENT CAME IN SCUFFLE

State Board Receives Affidavits Showing How Charles Steckelberg Came to His End.

### AUTHORITIES THINK ACCIDENT

(From a Staff Correspondent.)  
LINCOLN, May 29.—(Special.)—In answer to inquiries by the State Board of Control into the death of Charles Steckelberg, which occurred at the state hospital at Norfolk, the board has received a letter of explanation from Superintendent Guttery, and also affidavits from Edward Newsom, who had the altercation with Steckelberg, and also from Simon R. Baer, another employee who was present at the time.

It appears that Steckelberg was running one of the farm teams and had refused to go out with the team. Newsom, who was assistant farm boss, tried to get him to go and when he remonstrated with him the patient jumped upon him and while engaged in a scuffle they both fell to the floor of the barn. Steckelberg's head striking the cement floor, he later became unconscious and died. The fall occurred on May 24 and Steckelberg died three days later.

Superintendent Guttery says in his letter that Newsom has been employed at the asylum six years and was for a major portion of the time in the violent ward of the hospital. He was careful in his handling of patients and successful in a marked degree, so much so that he was transferred to the farm to look after the men who were doing the farm work. His success has been so marked that the superintendent desires the board to retain him. The coroner decided that no inquiry was necessary and that the death of the man was purely an accident.

### Nebraska GREECE AFTER AN AIRMAN

Chief Aviator Shaffer of National Guard Receives Offer from Abroad.

### IS NOT LIKELY TO ACCEPT IT

(From a Staff Correspondent.)  
LINCOLN, May 29.—(Special.)—C. W. Shaffer, chief aviator of the Nebraska aviation corps connected with the National Guard of this state has received a letter from Venevolour, grand consul at San Francisco, asking him for terms on which he would go to Athens to take charge of the work of building aeroplanes and instructing in their use.

Mr. Shaffer built twelve aeroplanes for the Chinese government when he was living in San Francisco and the consul became acquainted with his work which is probably the reason of the offer. However, Mr. Shaffer will refuse the offer as he is making arrangements to go into business for himself.

**Corporations Paying Tax.**  
Corporations are sending in their state tax very rapidly to get away from paying the penalty for nonpayment which will come after July 1. The largest amount received yesterday was \$115 from the Transmississippi Grain company of Omaha.

**Lincoln Wants to Climb.**  
In the erection of additional stories to the Security Mutual building in Lincoln it has been discovered that the city ordinance will have to be changed. In the early history of the city an ordinance was passed which prohibited the erection of any building higher than the width of the street on which it faced. An O street is but 125 feet wide, this would prevent the new building from being twelve stories as the plans call for, consequently the ordinance will be changed.

The skyscraper craze has struck the capital city and since the erection of the First National bank building eight stories high, Miller and Paine are erecting one ten stories high and now the Security Mutual will go to ten stories better and run their building up to twelve stories.

### Nebraska BETTER DEVELOPING AND PRINTING

WE DO IT HERE  
If you use a Kodak or Camera, and do not do your own developing and printing, you should be interested to know that we have a special department for doing this work in a superior manner. The volume of work we do is sufficient to enable us to maintain a competent force of help the entire year—an impossibility to those who do not have a large trade. We have in our employ workmen of long experience and good judgment—a guarantee that you will receive in your finished work all that it is possible for any one to give you.

If you spend your money for films or plates, and your time to expose them, you should certainly exercise sufficient care to see that they are given to responsible parties to finish.

The films of an outing or a trip abroad could easily be ruined through the lack of facilities or competent workmen, and the fact that developing cannot be done over if not properly done the first time, should be ample reason for placing this work in the hands of expert workmen.

Correct developing means better pictures. Our prices are low and consistent with the cost of skilled workmanship. Get our price list.

We make a specialty of prompt delivery of orders. Work received up to 3 o'clock p. m. will be ready as follows: Developing only, Next morning. Printing only, Next morning. Developing and Printing.....Second morning

We guarantee this delivery by agreeing to do the work free of charge if not completed when promised.

## Duffy's Is Good For Run-Down People

As a tonic for run-down people  
Duffy's Pure Malt Whiskey  
is reliable. This lady gained strength and weight by using Duffy's as directed.

She wrote as follows:  
"About a year ago I was run down with a very heavy cold and I had a bad pain under my shoulder blades. I was under the care of different doctors but did not improve. I was so weak I could hardly stand, and I could not keep anything on my stomach. A druggist near where I lived advised taking a tablespoonful of Duffy's Pure Malt Whiskey with an egg in milk before meals, and after following his advice I found that I could eat; I overcame my weakness, and gradually gained weight. I believe that Duffy's Pure Malt Whiskey is a tonic for run-down people in a great thing, and I recommend it to my many friends in Brooklyn and New York. I can't praise Duffy's Pure Malt Whiskey too much."  
—Mrs. Mary Carmody, 116 N. Elliott Avenue, Brooklyn, N. Y.

## Duffy's Pure Malt Whiskey
