

# LINCOLN HIGHWAY CHIEF STOPS HERE

### President of Association Comes Through Omaha on His Trip to the West.

#### LIKES PROVISION FOR TOURISTS

Henry B. Joy, president of both the Packard Motor Car company and the Lincoln Highway association, arrived in Omaha last night in one of the new Packard "Twin-Sixes" en route to San Francisco. Mr. Joy is accompanied by Ernest Elsenhut of the experimental force of the Packard factory, as well as A. F. Bement, who is also an official of the Lincoln Highway association.

The party left Detroit last Thursday afternoon and arrived here at 8:15 o'clock last night, being the first tourists through from the east since the heavy rains of the last two weeks. While the trip is more to test the new Packard product it is also Mr. Joy's intention to prepare a detailed report of the road conditions along the Highway with a view to infecting enthusiasm where it is lacking and encouraging those who have been very much interested.

Best Conditions Found. Mr. Joy is very much pleased with the road conditions thus far and the mere fact that such progress was made during the extremely bad weather is an indication that the Iowa division of the Lincoln highway has done much good work.

The party carries a complete camping outfit and had a good opportunity to use it the first night out when they pitched camp near LaPorte, Ind. The second night was spent in Clinton, Ia., and Saturday night at Belle Plaine. It required all day Sunday through a continual blinding rain to negotiate forty miles of the road between Belle Plaine and Marshalltown.

Mr. Joy was very enthusiastic in his praise of the Pontiac hotel and compared it with the most exclusive eastern clubs, stating that certainly there was no eastern hotel that could outdo Omaha's newest. This is all that caused Mr. Joy and his party to remain in Omaha over night, as they are accustomed to and very fond of outdoor and camp life, and as they get farther west will no doubt spend many nights in this manner. This is not Mr. Joy's first transcontinental trip by any means, as he was selected as president of the Lincoln Highway association largely through his knowledge of the route and conditions gained by numerous such trips as this one. The party plans to reach Cheyenne by Thursday night and then push on through to San Francisco. While it has not been definitely settled as yet, it is possible that the return trip will be made over the same route.

### Ernst Says He Will Sign Warrants Before Board Meets

As to the salary warrants for the teachers of the Omaha schools, President Ernst of the Board of Education asserts that by Saturday morning they will all be signed and delivered to Secretary Bourke. It will be up to the secretary to deliver them and take the responsibility of their legality before the approval of the payroll that will come before the board at the regular meeting the following Monday night.

President Ernst asserts that it may be possible that a special meeting of the Board of Education to approve the payroll may be called for Friday afternoon, but up to this time no action looking to this end has been taken.

### Omaha Invited to Cody Celebration

Business men of Cody, Wyo., want the Omaha Commercial club to be represented at the opening of the automobile road from Cody to Yellowstone park August 30. A formal opening is to be celebrated on that day. A few representatives will likely go to Cody for this occasion.

### WHEAT TAKES A DROP AND CORN GOES HIGHER

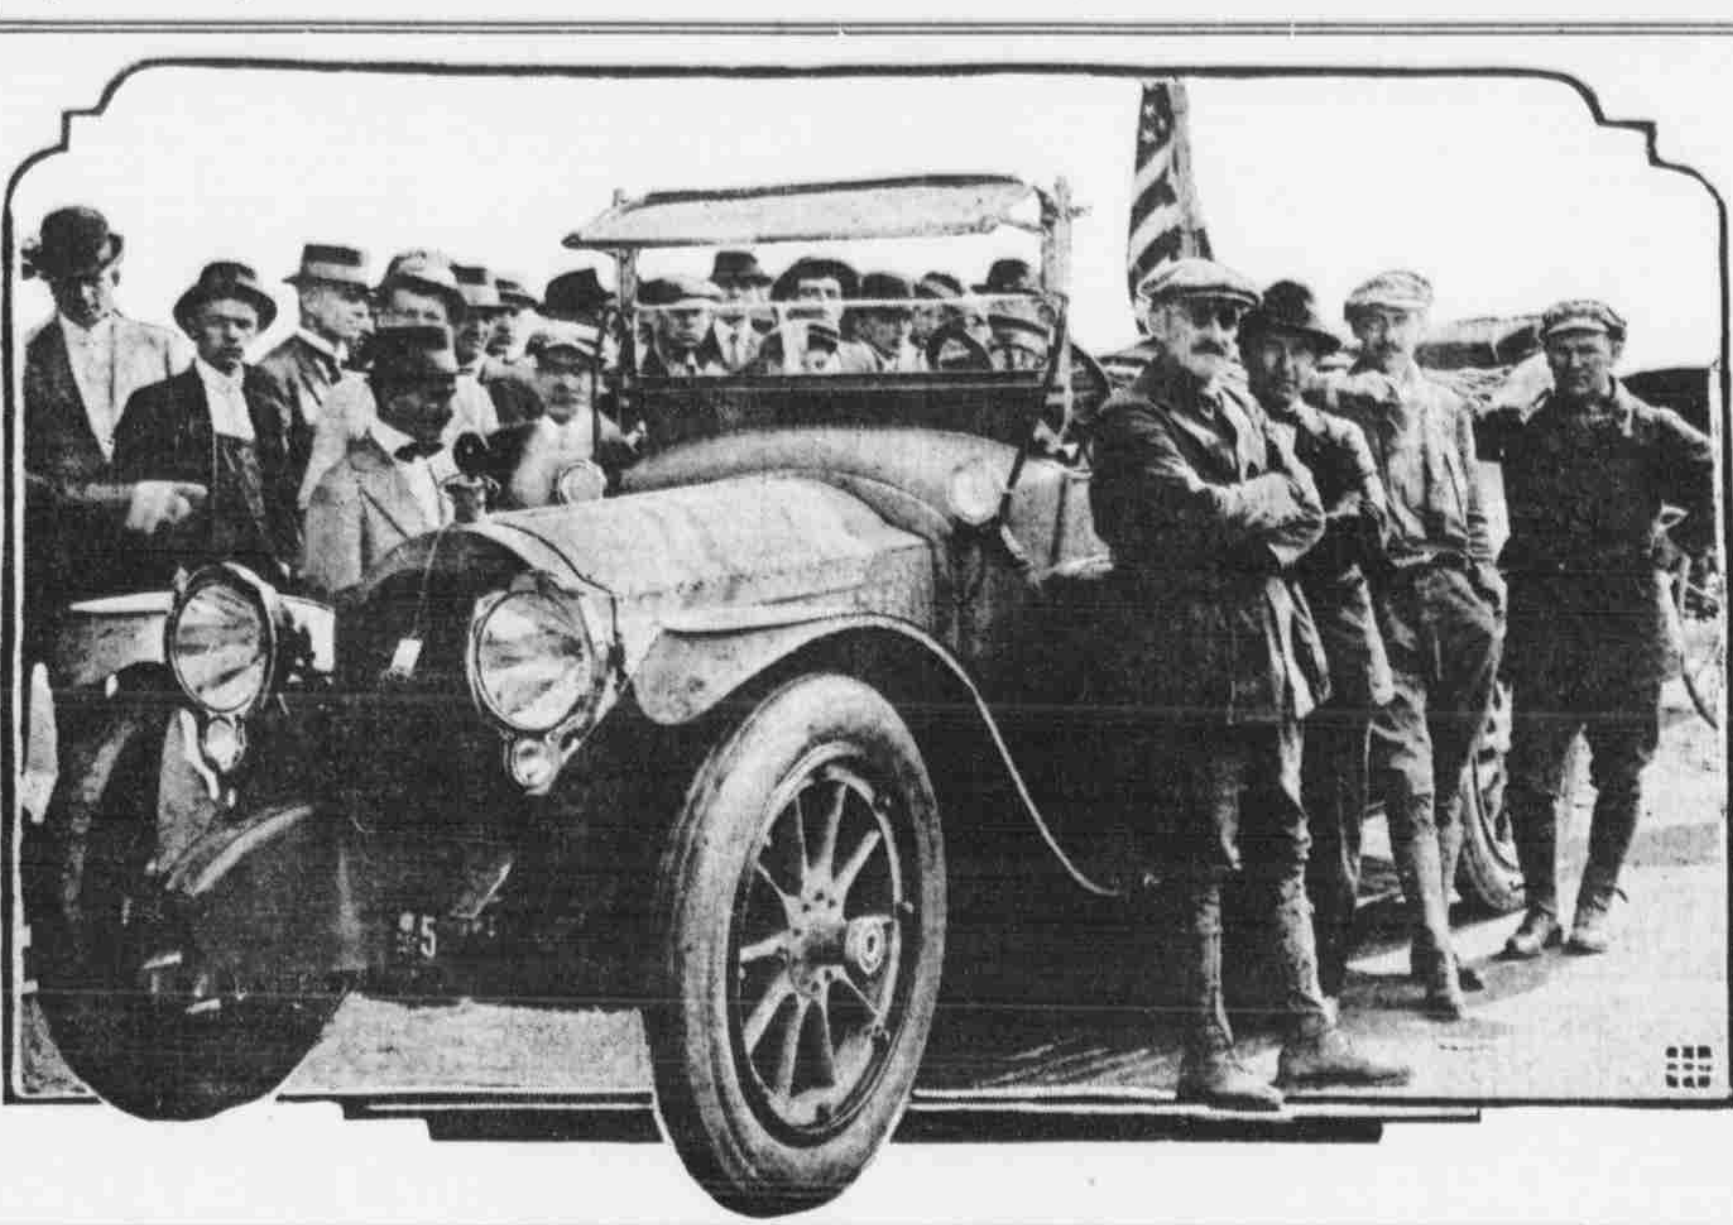

Wheat on the Omaha market, on account of the reports coming in from all over the country of a big crop in sight, bumped off 2 to 3 cents from the price of Tuesday. The high mark was \$1.30, with more sales made at around \$1.23. Receipts were light, there being but eight carloads offered.

### ELECTRIC LIGHT MAGNATES TO BE IN OMAHA SATURDAY

Saturday the electric light magnates of the cities of the eastern section of the country are going to be in Omaha fifteen minutes. There will be 125 of them on a special train, en route to the Pacific coast, traveling on the Northwestern-Union Pacific as a section of No. 1, going through here at 10:30 o'clock in the forenoon. It is expected that here the party will be joined by several from Omaha, Kansas City, St. Joe and Sioux City.

**A Mistake Made by Many.** Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and rundown, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley kidney pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. Sold everywhere.—Advertisement.

**PRESIDENT H. B. JOY OF THE LINCOLN HIGHWAY STOPS IN FRONT OF THE BEE BUILDING**—Mr. Joy is en route to the Pacific coast to give the new twelve-cylinder Packard car a tryout. Mr. Joy in front, with blue glasses; behind him is Horace F. Orr, local agent; next Advertising Manager Bement, and next the mechanic, who is making the trip with Mr. Joy.

### TO CHANGE POLICE AROUND

#### Commissioner Kugel Wants All to Become Familiar with Greater Omaha.

#### MOTOR COPS TO HAVE STATIONS

A Dundee town marshal walking a beat in South Omaha, a South Omaha gendarme directing traffic at sixteenth and Farnam streets and an Omaha copper absorbing packing house aroma, are among the possibilities of the Greater Omaha situation soon to be confronted by the city officials.

Until the governor's proclamation has been received and the consolidation has actually been declared in effect, Superintendent Kugel of the police department does not want to be precipitous in his remarks. He has, however, some ideas along the line of his prospective enlarged duties. For one thing, he says he will change the policeman around, so that men now working in South Omaha may become familiar with Omaha proper, and he even believes the Dundee policeman would be broadened by having experience in Omaha and South Omaha. Under the present Omaha system the policemen are changed every month, both as to shifts and beats.

South Omaha policemen now work under a double-shift system, while under the consolidation they will work under a three-shift system. There are now eighteen members of the South Omaha police department. Mr. Kugel believes that the introduction of the three-shift system in the south territory of Greater Omaha will require more men.

### Coroner's Jury Judges Suicide in Davis Death

A coroner's jury returned a verdict that James E. Davis took his own life while mentally deranged, the result of overwork.

### BOAT KEEPER AT CARTER LAKE HAS REAL BOOSTER

There's tricks to all trades, the old timers say, but who'd ever think that low-headed keeper of boats for hire on Carter lake could have aught but the weather man to confound for him?

### LIVE STOCK MEN GO TO LIVE STOCK CONVENTION

W. E. Bock of the Milwaukee road has gone to Chicago, accompanying the delegates of the South Omaha Live Stock exchange, some thirty of them, who are going to the National Live Stock convention, held in Indianapolis. The Omaha men have a car over the Milwaukee road, and at Manila are joined by the Sioux City delegates, some twenty.

### Quincy Tries to Register as Soon as the Vote is Counted

"I want to register," came a voice over the counter at the election commissioner's office at 8 Tuesday night.

"At this unearthly hour of the night, and election day at that," asked the clerk. "Where do you live?"

"Dundee."

"We only register Omaha people here," said the clerk.

"But I am a part of Greater Omaha now," persisted the man.

"Not yet."

"Look at the returns—your own returns," the anxious Dundee voter persisted. "As I got a part of Greater Omaha now, with the vote going seven to one for consolidation? I want to get the honor of being the first to register from Dundee."

### Kansas to Harvest Biggest Wheat Crop

Director McBride of the state labor department of Kansas, from Topeka, has written a letter to Rock Island officials here, asserting that there is no truth in the Hessian fly wheat damage stories that have been so current about the grain markets of the country. He states that while the fly has appeared in some isolated sections of the state, after a careful investigation, he ascertains that little, if any, damage has been done.

### BANKERS HAVE SPECIAL CAR TO AINSWORTH MEET

Twenty bankers from Omaha and eastern Nebraska left for the Northwest for Ainsworth, where today will be held a meeting of Group No. 2 of the Nebraska Bankers' association. The Omaha bankers had a special car and between here and Norfolk a number of bankers of the towns along the line will be taken aboard.

### The Real Suffrage Thought of Women

Motherhood is the thought uppermost in woman's mind. And with it, of course, comes the question of comfort, of helpful side and influence. Among the best of these is a well known external remedy, which is gently applied to the surface muscles. These are lubricated, toned, made pliable so they stretch as nature requires without the strain and pain of sore and legaments. This influence extends through the myriad of nerves to deeper surfaces, the internal organs. And thus a period of repose must reflect itself not only in the mind of the mother, but upon the babe to come.

### FESTIVAL OF OLD SONGS IS TO BE REPEATED

Complying with requests from many sources, the Walnut Hill Methodist Episcopal choir will, on Friday evening, repeat the larger part of its program of old songs, as rendered Thursday evening, May 27. The bad weather of that evening kept away many people who otherwise would have attended, and as Dr. Charles M. Shepard of Lincoln is coming Friday night, to lecture on "The Genesis of an American," the singers have consented to repeat their program on that evening, in connection with the lecture. The public is invited to attend, the admission is free, although a silver offering will be taken, the proceeds of

### MAGAZINE BOOSTS STOP OFF AT OMAHA CAMPAIGN

The Midwest Magazine for June, published in Omaha, is off the press with a long article on Omaha and the "Stop Off at Omaha" campaign by E. V. Parrish of the bureau of publicity and a long article on "What to See in Nebraska," by the editor, Will Maupin. Twenty-five hundred copies of this issue are to be distributed throughout the east besides the regular distribution through the normal circulation channels.

### Orr Mtr. Sales Co., Omaha, Neb.

In selling twin six cars I want to again emphasize that they should not be sold because of their reasonable price, but on account of their exceptional high quality. Mr. Joy, who is well on his way to San Francisco behind one of the twin sixes, telegraphs their performance makes them worth ten thousand dollars each, the actual prices as now officially announced for all open car types are twenty-six hundred for the one twenty-five and twenty-nine fifty for the one thirty-five. I think you will agree with me that these figures assure us a tremendously successful season from now on you are at liberty to sell twin sixes and at the prices herein stated, best wishes.

### LET'S ALL GET IN BANDWAGON--DIETZ

Druesedow Says that Only by the Help of The Bee Could Bill Have Been Pushed Through.

#### VOTE SHOULD DECIDE ALL

"I hope all will get in the bandwagon now and pull together," said Gould Dietz, chairman of the Greater Omaha committee, following the election which consolidated the cities by a vote of more than 7 to 1. "The men on this committee deserve a whole lot of credit, for they did a lot of good work. The South Omaha members of the committee especially, Joe Koutsky and T. J. McGuire, are two that hardly slept during the last days of the campaign. We got a little discouraged the morning of election day when we learned that Mayor Tom Hoctor of South Omaha was distributing a lot of anonymous cards through the north part of Omaha purporting to come from Omaha people and urging the voters to vote against consolidation, but we soon found the effect of this was very little."

#### Vote Should Decide It.

George Haverstick, who was one of the persistent workers at the state house in getting the Greater Omaha bill through the legislature, said, "I think perhaps the less said now the better. We will have a great city if everyone pulls together now. I think the large majority vote for consolidation in South Omaha alone will effectively forestall any further action any individuals from South Omaha may attempt to take in court against consolidation."

#### Gives Credit to The Bee.

State Representative Robert C. Druesedow said: "The Omaha Bee certainly deserves great credit for the bringing about of the Greater Omaha consolidation. The Bee gave great assistance in the legislature in getting the bill through, and has always been consistently for consolidation. Nobody but the members of the legislature know what a fight we had down there to get the bill through. At the last minute Charlie Bryan of Lincoln and the 'Little Giant' Billy Thompson of Grand Island got their noses into it and said, 'You mustn't do this. It is undemocratic to do this.' The big majority given consolidation in South Omaha yesterday shows how undemocratic the move was. It shows that it is just what South Omaha wanted, as well as Omaha."

### CREAM Tomato Soup

- 1 Pint tomatoes.
- 1/2 Teaspoon baking soda.
- 1 Teaspoon butter.
- 1 Teaspoon sugar.
- 1 Teaspoon salt.

Stew tomatoes 20 minutes. Add onion, bay leaf and sprig of parsley. Remove this seasoning. Press tomatoes through a colander. Return to stove. Scald the milk in a double boiler. Cream flour and Cottage Milk butter together. Add a little of the heated milk to the mixture, stirring until

smooth. Then add the remainder of the milk and stir until it thickens. Add sugar and salt to tomatoes. Add soda after dissolving in a little cold water. Pour tomatoes into a heated tureen and then gradually pour in milk, stirring briskly. The success of this depends on soup not curdling. Do not heat soup after milk is added.

Soups, sauces, gravies, cakes, pies, puddings, all cooking where milk or cream is required is improved in richness of flavor and increased in food value by the use of Cottage Evaporated Milk in place of bottle milk. Cottage Milk is not only doubly rich, but always uniformly so. Keep a stock in your pantry always. American Milk Company, Chicago.

### Various Forms of Headache

"It is necessary in order to treat headaches properly to understand the cause which produces the affection," says Dr. J. W. Ray of Houston, Ala. Continuing, he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headache of women."
