ANTI-GOVERNMENT RIOTING IN TOKIO

Violent Disturbances at Mass Meeting Result in Many Arrests Being Made.

HOUSE SUSTAINS THE MINISTRY

TOKIO, June 3.—The holding of an anti-government mass meeting in Tokio this evening resulted in violent disturbances. The situation outside the building where the meeting was being held was the most serious. Many arrests were made and the manifestos issued by the organizers of the meeting were confiscated. Reinforcements of police were sent everywhere throughout the city.

The resolution introduced in the House of Representatives yesterday by the opposition, expressing lack of confidence in the present administration, was today rejected by a vote of 193 to 222.

Extreme disorder marked the session today. All the members of the cabinet were in their seats. While Premier Okuma and Foreign Minister Kato defended the recent negotiations with China, K. Hara, M. Inukai and H. Ogawa attacked them. The resolution, as introduced yesterday, charged the cabinet with having failed in the negotiations with China from the beginning, with having aroused the suspicions of foreign powers and with having harmed the prestige of the empire.

Division for Okuma and Kato. Hara, Inukai and Ogawa made the speeches followed today, but the divisions for Premier Okuma and Minister Kato smothered the cries of the opposition.

K. Hara advanced the claim that Japan's aggression in China during the war in Europe had aroused misunderstanding, destroyed the friendship of the powers and placed Japan in position of isolation, while H. Ogawa made the declaration that concessions had been granted the Hanayabing company because China had been backed by the United States.

Minister Kato denied the powers had urged the abandonment of the fifth group of Japanese demands. "We abandoned these in the interest of peace. No power compelled us to do so," he said. "I am convinced that the intellectual classes of the world will understand and commend the course of Japan."

Great interest has attached to the announcements of Premier Okuma and Minister of War Oka in the Diet, that the army is to be increased by two divisions. This is the first step toward the eventual creation of an army of twenty-five divisions.

Fremont People to Marry. CHICAGO, June 2.—(Special Telegram.)—Lucius R. Hammond and Miss Gertrude Robinson, both of Fremont, Neb., were licensed to marry here this afternoon.

GOVERNMENT IS BEATEN IN COURT BY 'STEEL TRUST'

Judges, Judge Wesley also wrote an opinion concurring with the views of Judge Burdick and the latter was concurred in by Judge Hunt, now sitting in the United States court in New York City.

but is a concrete definite, commercial business proposition in iron and steel.

"In considering the possible range of foreign steel markets for American iron and steel there first must be excluded from that market Germany, France, Austria, Italy and Russia. The proof is that the tariff of such of these countries prevent the sale there of American iron and steel.

"Foreign markets the pre-empted and tenaciously held by foreign manufacturers, foreign merchants and foreign bankers, who refuse to finance importing enterprises there unless there is a stipulation that all materials should be bought in such bank's own country.

"Big Organization Necessary. "If the twofold purpose of the Sherman act is to foster and protect trade, both foreign and interstate, if foreign trade cannot be increased without some such mechanically varied and financially strong agency as this steel corporation, then manifestly such agency is not a violation of a statute whose purpose was to permit—not to prevent—the normal, natural and to be desired development of unrestrained, unmonopolized trade, both foreign and domestic.

"In taking up this question we dismiss once and for all the question of mere volume or bigness of business. The question before us is not how much business was done or how large the company that did it; the vital question is, how was the business done, whether big or little was it, in the test of the supreme court, done by prejudicing the public interests, by unduly restricting or unduly obstructing trade? The question is one of undue restriction or obstruction and not of undue volume of trade.

"If these suits were the test of monopoly and trade restraint, we have not one, but a half a dozen unlawful monopolies in the large department stores of a single city.

A Common Purpose. "A study of these proofs satisfies us that the United States steel corporation could not have been formed unless the minds of two men had united in a common purpose. These two men were J. Pierpont Morgan and Andrew Carnegie.

"There is no proof whatever that Mr. Carnegie accepted any other relation than that of seller of his stocks and bonds in his own company and that statement in his answer that his sole motive in agreeing to a sale of the property of the Carnegie Steel company to the United States Steel company was his desire to retire from the hazards and responsibility of active business and since such sale he had had no connection with the business is true."

Government Will Appeal. WASHINGTON, June 3.—(Special Telegram.)—The government had lost its dissolution suit against the United States steel corporation for the moment almost matched the international situation in interest. The suit is regarded as probably the most important anti-trust suit ever brought by the Department of Justice.

Undoubtedly it will be appealed to the supreme court of the United States because the government would be unwilling to leave such questions as were raised unsettled except by the highest court in the land.

at the headquarters of the Russian general staff says: "In Galicia Monday, between the Vistula and Przemysl, stubborn fighting developed, our troops gaining somewhat important success on the left bank of the Lower San, taking several villages, some with the bayonet. On the right bank of the same river we were successful near the village of Kalukouve, taking a base south of the village, capturing 1,200 prisoners, including twenty-two officers and eight quick firers."

German Official Report. BERLIN, June 3.—(Via London)—The army headquarters gave out today the following statement: "Western theater: A battle developed in the village of Hooge, three kilometers east of Ypres, which had been strongly fortified by the British. The battle took a course favorable for the British. 'Yesterday we found ourselves obliged to destroy the tower of the church of St. Martin, in Ypres, on which enemy artillery observation posts had been discovered."

"In the district north of Arras fighting is very lively. On the Souchez-Neville front and to the south the French repeatedly began extensive attacks during the afternoon and night leading in certain places to bitter hand to hand fighting. The French suffered heavy losses everywhere without obtaining any advantage. Fighting for possession of the sugar refinery at Souchez continues.

"The battle in the forest of Lo Pretre have not yet come to a conclusion. "In the Vosges our aviators dropped bombs on the provisioning center and railway junction at Remiermont and on the enemy camp at Hohens. Minor local fights developed during the night in the region of the valley of the Fecht, at Metzerlar.

"Eastern theater: The situation is unchanged. "Southern theater: The fortified town of Przemysl was taken by us early this morning after the fortification on the northern front, which still held out, had been stormed during the night. The amount of booty taken has not yet been ascertained.

"The army under General Von Linsinger is penetrating the district of Zydcauw, northeast of Stry, and fighting for the Dniester section east of Makolajow. The booty taken in the battle of Stry has been increased to six officers and 12,175 men."

SUGGESTS CLUB WOMEN REFUSE TO WEAR FEATHERS PORTLAND, Ore., June 2.—Mrs. John Dickenson Sherman of Chicago, speaking at the closing session of the mid-biennial council of the General Federation of Women's Clubs here today, declared that "just as long as women of the federation

wear feathers on their hats they will be open to the charge of inconsistency." Mrs. Sherman spoke on the work of the conservation department.

"Think of the inspiring effect on the women of America if the 2,000,000 women of the federation refused to wear feathers," she said.

WASHINGTON, June 3.—News of how President Wilson's demand on the leaders of the various military factions in Mexico for prompt restoration of peace in the revolution-torn southern republic is being received by them was awaited today with intense interest in official and diplomatic quarters.

The president's statement which was sent to Generals Carranza, Villa,

Zapata and others, publicly called upon them to settle their differences quickly and establish a government which the United States can recognize. The president warned them that failure to do so "within a very short time" would constrain the United States "to decide what means should be employed" to save the Mexican people from further devastation of internal warfare. Foreign diplomats here express approval of the president's course.
