TAFT TALKS ABOUT THE PHILIPPINES

Ex-President Tells Committee that Self-Government Cannot Be Given Any People.

MUST COME BY DEVELOPMENT

One or Two More Generations of Education Necessary-Changed His View After He Visited the Islands.

WASHINGTON, Jan. 2-It will take more than one generation and probably more than two to prepare the Filtpinos for self-government, in the opinion of William H. Taft, former president, who today gave his views on the administration bill for ultimate independence of the Philippines before the senate committee working on that measure.

"I'm at last in a position where I can say just what I think," said Mr. Taft. You called me here. I'm going to tell you just what I know about things." "We cannot," the former president said, "give the Philippines self-government, be-

cause it cannot be given. We cannot present the Filipino people with a character. It must be acquired. One way to acquire it is through hard knocks, as the Angle-Saxon race acquired it.

Object Lesson in Government. When we went to the Philippines we tried to give it to them by maintaining a constitutional form of government as an object lesson and by educating the people in the language of free institutions. We tried to have the government participated in, but not controlled by the

"Now, what time do I think will be necessary to train the Filipinos for selfgovernment? The time that shall give to those people an opportunity to learn English, so that they shall be an Englishspeaking people. That will take more then one generation, and probably more than two, if you count thirty years as a generation. You can't educate all of the people-you haven't got the money.

How He Changed His Views. When President McKinley sent me t the Philippines I told him that I thought ought not to be in the islands. He said to me that we had the bear by the tail and that we had to stay. But the idea then was that we would get out just as soon as we could. Our first purpose in being in there is to get out."

Democratic promises of Philippine in dependence," Mr. Taft said further, have been the great obstacle in our own work over there. Even now it is causing trouble. This man Ricarte, who charged with fomenting the present disturbance, is a professional revolutionlet, coming down from my time in the islands. He lives in Hong Kong on funds he collects for revolutionary purposes in ishands. This present outbreak is the result, undoubtedly of his agitation in trying to justify his collections. He probably argued that democrats in the United States promised independence at a fixed time; that the time has now been postponed, and that the promise has been

Monterey is Badly in Need of Food and Warm Clothing

WASHINGTON, Jan. 3.-The American Consul General Hanna at Monterey, Max., for aid in relieving upwards of 2,000 famwho are suffering from hunger and cold in that section of the revolution-torn

Consul General Hanna's message was sent to the Red Cross through the State department. In it he says that the food cituation is worse than in Europe and that in addition to those now needing help, several thousand probably will be suffering before the end of the month.

I now have 500 families on my list in Monterey who are being furnished corn, beans and rice twice a week," says Mr. Hanna, "There are 1,000 more familles who want tickets to the relief station. There are probably more than 2,000 families in Monterey who need help now and the prospects are that several thousand will be very hungry before January

The Mexican authorities are interested in doing what they can, but after four years of war, after which the fields have sen neglected, the crops are very short and the local supply almost exhausted. "I need for Monterey and nearby towns two cars of corn and a carload of rice beans each week. We wish town in the cotton states would buy a bale of cotton blankets and send them to Mexico, for these people have very little clothing. It is awfully cold. The food situation is evidently worse here than in Europe, where big harvests were gathered last fall."

Carranza Takes San Luis Potosi

WASHINGTON, Jan. 2.-Capture of San. Luis Potosi by Carranza forces was reported in advices today from Galveston to the Carranza agency here which said: "Semi-official reports by wireless from fampico say forces under General Cosio belo entered San Luis Potosi yesterday after a sanguinary battle. General Robelo belongs to the command of General Pable Genzales, who yesterday also drove the robels from Rodriguez station, sixtyfive miles east of San Luis Potost.

Captain Niles of the Carranza aviation corps and Major Salinas, its chief, flying a French monoplane, yenterday above the battle ground reported Car-ransa troops as far west as Apam, which is sixty miles east of Mexico City. However, large numbers of rebels still are doggedly resisting the advance of Obregon's army. The movement on Puebla from Amozoc has been completed and the actual bembardment is expected to begin in the morning.

TWELFTH CAVALRY ON WAY TO FORT MEADE

DENVER, Colo., Jan. 2.—Troop L. Twelfth United States cavalry, passed through Denver today on its way to Fort Meade, South Dakots, its home post. The opers left Oak Creek, Colo., last night on a special train consisting of two sleep-ing cars and six stock cars for the mounts and equipment. This is the first troop movement from Colorado following the litary occupation of the coal strike districts last April. It is expected that all the seldiers will be withdrawn from the

state in the next few days. Bec Want Ads Produce Results.

The Most Notable Trade Event of All Occurs at Thos. Kilpatrick & Co's. Monday, January 4th, at 8:30 A. M.

Again we wish friend and foe A Happy New Year

We Keep Open House from 10 A. M. to 5 P. M. You Are Invited to Take Lunch With Us Caterers-Mr. and Mrs. Cobb.

Thousands break bread with us each year. To these we say: "Hail, guest, we ask not what thou art; if friend we greet thee hand and heart; if stranger such no longer be; if foe our love shall conquer

THE wonderful White Sale which thousands wait for, opens with a whirl on Monday morning. People come from scores of miles west of us and many miles east of us to celebrate this yearly event. Year by year the sale grows in interest and magnitude. Those who have shared the glory with us in recent years know how difficult it has been to take care of the business. Not half space enough, and impossible to crowd enough salespeople into the contracted space to wait on you.

This Year Witnesses a New Departure

From the moment that you enter the portals you will be in WHITE AVENUE. Every square on both sides of the main aisle clear to the pillars will be laden with white merchandise-priced so low as to make this avenue the most popular one in Omaha-and a fitting entrance to what will be by far the most magnificent collection of Linens, White Goods and Bedding ever shown by us-and we believe the best aggregation of values ever presented west of the Big Muddy.
