Slavik of Erna, Neb.; Carl J. McCracken of Warrensburg, Ill.; Paul Glides, 1312 Grace street, Omaha, and Lumir Kubik of Schuyler, have been assigned to the training station on the Great Lakes. Move to Prevent Duplication of Legislative Bills (From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special Telegram)—That the house majority was trembling over the anxiety of senate democrats to reject promised reforms of legislative procedure was evident this morning when the house requested the senate to cooperate in trying to cut down useless expense in printing bills. The hint to the senate came after the introduction of a resolution by Richmond of Douglas that some method should be secured to prevent duplicate bills in both branches. Hereafter, for many of the bills introduced in either body the introducer would secure the introduction of a like measure in the other, with the result that the printing bill was doubled and the files loaded with duplicates. The Richmond resolution provided for a committee consisting of the chief clerk, speaker and director of the legislative reference bureau and two plans were suggested. One would have each bill bear the name of the introducer in both houses of bills under one subject and the other provides for a report back for indefinite postponement of all bills of a duplicate nature. Villa Suffers First Severe Defeat of His Entire Career EAGLE PASS, TEX., Jan. 7.—General Francisco Villa was in command of the force which Generals Antonio L. Villarreal and Maclovio Herrera defeated Tuesday at Marte, between Saltillo and Torreon. It was reported yesterday, and it was the first severe defeat of Villa's meteoric career. Dispatches received last night at Piedras Negras, the Mexican town across the border from here, announcing Villa's defeat, said his 25,000 troops were in full retreat toward Torreon, with heavy losses. It was declared the Carranza troops numbered only 15,000. Belgian Woman and Three Children Slain MONTREAL, QUE., Jan. 7.—Mrs. Robert Van Looy, wife of a Belgian reservist, and her three children, were found strangled to death at their home here today. The police this afternoon had no clue to the murderer. Mrs. Van Looy's husband joined the first contingent of Belgian reservists who left Canada to fight for their country. Neighbors found the bodies in bed. Apparently they had been dead for two days. The police believe an attack had been made upon them as they slept. There were few signs of a struggle. The children, two girls and a boy, were aged 2 and 7 years and 16 months. Death Record Mrs. Susan Temple. FAIRBURY, Neb., Jan. 7.—(Special.)—The funeral services of Mrs. Susan Temple, who died from the home of her sister, Mrs. M. H. Weeks, Rev. O. N. Orvell of the Methodist Episcopal church officiated and a large number of Fairbury people attended the services, as deceased's family founded and named Fairbury. Mrs. Temple died at her home in California, where she has been sojourning for a number of years. Daniel G. Fiske. BEATRICE, Neb., Jan. 7.—(Special Telegram)—Daniel G. Fiske, for forty years a resident of Beatrice, a well-known Mason of this city, dropped dead on Court street this evening from apoplexy. Thirty-five years ago Mr. Fiske was engaged in the restaurant business here. He was 70 years of age and leaves a widow and two children.

Nebraska FARM THE LOGICAL REFORMATORY HOME

State Crime Commission Advises the Creation of Such Places Apart from Influences of City.

STRICT DRUG SALE REGULATION

(From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special.)—Although driven from their regular haunts and scattered by force of the Albert act, the fallen women of Nebraska have increased in number, according to the report that has been submitted to Governor Mordehead by the crime commission. These conditions, according to the commission, demand the establishment of a state home for fallen women, which, among many other things, the commission proposes for presentation to the legislature for action. The commission, which was appointed several months ago by the governor, had as its object the thorough study of crime causes. It consists of the following members: Judge A. L. Sutton of Omaha, chairman; D. E. Jenkins of Omaha, J. A. Leavitt of Lincoln, J. E. Miller of Lincoln, Judge Lincoln Frost of Lincoln and Mory Bernstein of Omaha. Would Regulate Drug Sale. The only legislation that the commission proposes specifically is a bill to regulate the sale of habit-forming drugs. A draft of this bill is attached to the report. The report terms the ordinary county jail as "an abomination in the sight of God and man." As a remedy the commission proposes divisional custodial farms. The farm, in the opinion of the commission, is the logical home of penal and reformatory institutions. State Parole Officers. Other proposals of the commission are: One or more state parole officers, the use of the juvenile courts to be made available to county as well as to the district courts, the general extension of parole and probation systems to the smaller counties, a new loan shark law, the abolition of contract labor for convicts and the establishment in its stead of a "state-use" system.

Notes from Hebron and Thayer County

HEBRON, Neb., Jan. 7.—(Special.)—The old county officers who have served this people faithfully and well turned the workings of the offices over to their successors yesterday. J. C. Strain, who has been in the county clerk's office for twelve years, with ten years as county clerk, gave way to B. A. Young, the republican elect. W. H. Rhodes, who served four years as county superintendent and four years as deputy county treasurer, turned the office over to his deputy, A. L. Roper, and will enter into business as cashier of the Hebron State bank. C. L. Richards succeeds J. P. Baldwin as county attorney. The other officers are holdovers. A. H. Holman, superintendent; B. L. Willmore, judge; Bert Pike, deputy sheriff, was also elected. Hebron has become a newspaper town, now publishing five papers. Two new papers, the Political World and Belvidere News, now being published here. The Political World recently moved here from Upland and the Belvidere News is a new creation printed here and mailed from the Belvidere office. The Hebron Champion office is doing the printing. Harvey Anderson is editor and owner of both papers. CUSTER COUNTY IS SELLING CORN NOW. NOT BUYING BROKEN BOW, Neb., Jan. 7.—(Special.)—The Burlington road during the month of December shipped thirty-five cars of corn from Broken Bow, which was just that many more cars than were shipped during the same month the year previous. As a matter of fact corn was being shipped in at that time for feeding purposes. Also during this last December there were four carloads of wheat shipped out and twenty-three cars of a new creation printed here and mailed from the Belvidere office. The Hebron Champion office is doing the printing. Harvey Anderson is editor and owner of both papers.

Nebraska DELZELL LEAVES SOME CASH

Retiring Superintendent Does Not Use Up the Usual Amount for the Quarter.

HOWARD ON LANCASTER CASE

(From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special.)—State Superintendent Delzell, who retired at noon in favor of his successor, Dr. Thomas, left more money in the office expense fund for the present quarter than is used during the average quarters. The amount left by the retiring superintendent was \$2,372.72. The average quarterly expense is something over \$1,800. Howard Gives Opinion. Auditor Howard is convinced that if Lancaster county is to be paid the judgment it recently recovered against the state in connection with money lost in the Capital National bank failure of twenty years ago, it must be paid out of a special appropriation. He has so informed E. C. Strode, special counsel for the county in the case. The supreme court held that the county was not a guarantor of state funds and that it could recover. The auditor advised Attorney Strode to furnish a history of the case for the auditor's office for presentation to the legislature. Food Commission Fees. According to a report of the food commission for the month of December, fees and other receipts of the office amounted to \$7,584.34. Inspections made numbered 1,414; sanitary orders written numbered 106; complaints, eleven; chemical analyses, eighty-nine; seed analyses, six; prosecutions, thirty-one. Long Terms Apply in Garfield County BURWELL, Neb., Jan. 7.—(Special.)—Today was moving day at the court house, Garfield is evidently one of the counties whose voters believe in long terms in office. T. G. Hemmett, retiring county clerk, has served for seventeen years and might have easily been re-elected but for the fact that falling health caused him to decline the office. James Butler will succeed Hemmett as clerk and has just completed a five-year term as county treasurer. E. L. Ball, who retired as county commissioner, has served for fifteen years and will be succeeded by Charles Demaree. Frank Smith will succeed himself as county commissioner. George B. Todd will succeed Demaree as county judge for his sixth term. A. H. Waters will succeed himself as sheriff for the sixth term and is perhaps the only officer in Nebraska, who was elected on a distinctive ball mouse ticket, there being republican, democrat and socialist candidates against him and he running only on the ball mouse ticket. J. L. Jenkins succeeded himself as county superintendent for the fifth term. O. W. Percy will succeed E. M. White as county attorney, being the only new man except Demaree. The commissioners are now in session and find the county on a strictly cash basis, there being absolutely no floating indebtedness and only a very small bond. The treasurer has just taken up the last of the old precinct irrigation bonds.

HOWARD REJECTS CLAIM OF REESE

Outgoing Auditor Finds He Cannot O. K. Salary Voucher of the Ex-Supreme Court Justice.

SIX DAYS SHORT ON PAY

(From a Staff Correspondent.) LINCOLN, Jan. 7.—(Special.)—The claim of Manohab B. Reese, retiring chief justice, for \$2,244 salary for the first six days of the present year, has been disallowed by the outgoing auditor, W. B. Howard. The rejection of the claim makes the retiring chief justice six days short on his term of six years. Judge Sedgwick, who preceded him as chief justice, having been allowed pay for the first six days of his successor's term in 1910. In a letter to Judge Reese, the auditor, while expressing great regret, says it would be unconstitutional to allow the claim. The letter is in part as follows: Under an opinion given January 15, 1905, by the Hon. W. T. Thompson, the then attorney general, it was held that an official year within the meaning of the constitution is not necessarily a calendar year, and that whether the year is two or three days less or two or three days more it has no effect upon the official term. Quoting the language of Judge Thompson, "If a regular outgoing state officer is authorized to draw pay for the days intervening between January 1 and January 7 this year, in addition to his salary for the last quarter, he will necessarily draw a portion of the salary appropriated by the legislature for the incoming officer's first quarter's salary, thus requiring him to receive so much less than the statutes provided for his salary for the first quarter. I am unable to find any authority in law for so doing and am of the opinion that there is no authority therefor." If Attorney General Thompson was right in his opinion, which in my judgment seems to be in harmony with the language of the constitution, there is nothing but for me, acting in a ministerial capacity, to refuse to draw a warrant covering the amount of your claim.

BRAKEMAN FALLS FROM CAR TO BOTTOM OF GRADE

BEATRICE, Neb., Jan. 7.—(Special.)—Henry L. Brakeman, a brakeman on the bound Rock Island freight train No. 298, fell from the top of a boxcar at the east approach of the railroad bridge across the Blue River here Tuesday night at 10 o'clock and plunged to the bottom of the grade, a distance of forty feet. Suffering from internal injuries, he was picked up and placed on the Westbound passenger and taken back to Fairbury for medical treatment. He was unable to tell how the accident happened, but it is supposed that he slipped from the top of the car.

HOLMES FOUND GUILTY OF ASSAULT ON STUDENTS

BEATRICE, Neb., Jan. 7.—(Special Telegram)—After being tried for fifteen hours by the jury in the case against Fred Holmes of Wynora, one of the seven men charged with assaulting a party of Beatrice students at Wynora last spring as they were leaving on a Burlington train after a debate, brought in a verdict today finding the defendant guilty of assault and battery. They recommended the leniency of the court. The cases against the other members of the gang were continued over until the next term of court. A Cough Medicine that Helps. Great Britain Makes New Rules Regarding American Passports

LONDON, Jan. 7.—All passports issued by the State department at Washington will in the future have to be vised by the American embassy in London if the traveler passes through London. Furthermore, the bearer of American passports previous to leaving England for the continent will have to submit their passports to the consul in London of the country whither they are going for the consular stamp. All the Americans who reached England yesterday on board the steamer Lusitania have been required to observe the first of the formalities; those who proceeded to France and Holland had to have their passports stamped. Passports issued by Sweden and other neutral countries of Europe also have been discovered recently in the hands of persons to whom they were not issued. The result of this is that neutral European countries also are tightening up the regulations governing the issuing of passports as has the United States. Statement by Bernstorff. WASHINGTON, Jan. 7.—Count Bernstorff, the German ambassador here, made his first comment today on the alleged misuse of passports by the German reservists in the following statement: "England had violated the Hague convention and the rules of international law by taking unarmed people off vessels, a proceeding against which the German government complained to the neutral governments. In consequence of this proceeding, German citizens were deprived of going home and several may have tried to use false passports for this purpose because of their desire to defend their country; a motive which every good citizen will understand. If this really has been done, it will have to be proved. In any case, however, German officials in this country had nothing whatever to do with it."

Barton Herd of Prize Cattle is Ordered Killed

CHICAGO, Jan. 7.—A prize herd of blooded cattle owned by Enos M. Barton, a wealthy manufacturer and valued at \$80,000, have been ordered killed by government inspectors. It was announced today, because several of the cattle were found to be affected with foot and mouth disease. The herd, containing 300 cattle, was condemned a month ago, but Dr. E. P. Bennett of the federal bureau of animal industry, postponed ordering the animals killed, as he had hoped to eradicate the disease.

PLATTSMOUTH MINISTERS START RELIGIOUS CAMPAIGN

PLATTSMOUTH, Neb., Jan. 7.—(Special.)—The following resolution was unanimously adopted at the last regular session of the Plattsmouth Ministerial association: "Resolved, That as pastors of the evangelical churches in Plattsmouth we agree to lead our respective congregations, simultaneously, in a religious campaign, the time for said campaign extending through the last four weeks of Lent."

Case County Changes.

PLATTSMOUTH, Neb., Jan. 7.—(Special.)—Miss Eda Marquardt, republican, succeeded Miss Mary E. Foster, democrat, as county superintendent, and Dr. J. P. Brendel, democrat, succeeded R. I. Clement, republican, as coroner today.

WANT NEW PRIMARY LAW

South Dakota Legislature Takes Steps to Have the Present Statute Overhauled.

PRESENT ACT IS DENOUNCED

PIERRE, S. D., Jan. 7.—(Special Telegram)—The first mixup of the session started in the house today over the issue of a new primary election law. Ruhlman moved that the election committee report a primary act not later than February 1. The motion denounced the present primary act. Blake opposed the motion on the grounds that the people had sustained the present law by a vote and there was no need for action. Reinhardt, opposed criticism of the existing statute and that provision was stricken out before the resolution was adopted. The speaker named two of the regular committee to hear testimony in the Molitor-Donohue contest. The eight Pierre ministers were appointed as chaplains to alternate by weeks in that office. The first initiative petition filed for the present session was presented to the secretary of state today by J. E. Platte, secretary of the State Bankers' association, to start the bank guaranty law drawn by the bankers' association. It carried over 7,000 names and will be presented to the two houses as soon as the names can be copied.
