

KENNEDY ASKS FOR LIGHT ON MEETING

Defeated Candidate for Senator Requests Public Statement of the Rome Dinner Party Secret.

PITS SOME POINTED QUERIES

"All the funny things are not in sunny, sunny Spain," quoth Frank A. Kennedy, editor of the Western Laborer and among the late candidates for state senator on the republican ticket.

TO TELL ABOUT RIVER NAVIGATION TONIGHT.

BROTHER DIES ERE THE TICKET COMES

Jacob Cheherr of South Omaha Sues Steamship Co. for Return of Money for Passage.

MEETS HIS FATE AT LIBAU

A story of brotherly affection on the part of Jacob Cheherr, thirty-fourth and V streets, South Omaha packing house employe, which prompted him to send a steamship ticket to his brother in Russia, last February before the latter was eligible to military service in the czar's army, but which failed to save him from a suit against the Cunard Steamship company in district court.

Cheherr's brother, Ocfie Piodorowski Cheherr, lived in Libau, a port on the Baltic sea, and was on the German fleet early last fall. He never received the steamship ticket, it is alleged, and, having become of age to join the army, he became a part of General Rennenkampf's invasion of Germany which was resisted by General Von Hindenburg.

Dies in Hospital. Ocfie Cheherr became a target for German bullets, received a fragment of shrapnel in his body and died in a hospital.

Jacob Cheherr now mourns the death of his brother. Although he claims the steamship company for failing to deliver the ticket almost a year ago, he regrets that he did not sooner make an effort to bring his brother to America.

Cheherr is suing the steamship company and A. J. Miller, local agent, for \$25,000 the price of the ticket intended for his brother, which, he alleges, he paid.

Siren to Announce Navigation Meeting on Friday Evening

Commissioner Robert H. Manley has arranged to have the Commercial club's siren attached to the street railway power house plant and blown at 7 o'clock the evening of Friday, Jan. 9, to announce the meeting to organize a freight service by boat on the Missouri river.

St. Joseph business men, as well as delegations from Nebraska City, Council Bluffs, Sioux City and all the improvement clubs and other local civic bodies, are to be at the assembly.

Moose Senator in Indiana Attends the Republican Caucus

INDIANAPOLIS, Ind., Jan. 7.—The members of the progressive party in the legislature split on the question of joining the republican caucus.

A law requiring a lobbyist to register with the secretary of state, setting forth the character of his employment and the name of his employer, was recommended by Governor Samuel M. Ralston in his address to the legislature. He would exclude all lobbyists from the floors of the two branches of the assembly.

Pinchots to Help in War Hospital Work

PHILADELPHIA, Pa., Jan. 7.—Clifford Pinchot, former chief forester of the United States, and his wife will sail from New York next Saturday to assist Mr. Pinchot's sister, Lady Allan-Johnstone, in her work of establishing a hospital in the war zone.

OMAHA LAD WINS HONOR AS AN EXPERT SALESMAN

A signal honor has come to one of Omaha's boys, Kenneth Baker, of 56 South Twenty-eighth street, has been appointed expert salesman in the League of Curtis Salesmen.

HIGHER MILL LEVY FOR SCHOOL COSTS

Ask the Legislature for Right to Increase Resources, Advocate Some to Efface Deficit.

SAY RATE IS NOW INADEQUATE

About this \$200,000 Board of Education deficit, there is quite a feeling among some members that instead of attempting to vote bonds, the better way would be to go to the legislature and ask for an increased source of income. That is, a higher mill rate levy. The maximum is now 20 mills, although the average levied has been about 17 mills. For the first time in the history of the present law, according to official board statements, the maximum will be reached in the budget for 1915, that is, the board asks for 20 mills this year.

The desire of those seeking larger resources is for at least a new maximum of 25 mills.

"That," says a member, who asks that "would enable us to meet our demands for the present his name be withheld, without incurring so much deficit. I take it that the people quite appreciate the fact that this deficit is due, not to bad management or extravagance, so much as simply inadequate resources from which to draw. Our schools are growing, expanding, developing constantly; this process will continue. The only possible way to keep up with it is to increase our resources wherever possible.

"And I take it that if the matter were fairly presented to the legislature it would not hesitate to accede to the request, for it could not but see the reasonableness of it. It would be a piece of legislation affecting Omaha, so that the rest of the state could feel no direct concern in it, except, of course, to do what was right and best."

It cannot be denied that hasty members of the board are chary about this bond proposition, and as to the expediency of lopping off the upkeep to meet the deficit, that is hardly given a serious thought.

Arizona Anti-Alien Labor Law Invalid, Asserts High Court

SAN FRANCISCO, Jan. 7.—The Arizona anti-alien employment act adopted by the people of the state at the November election as an initiative measure was declared unconstitutional, null and void here today by a special court of three federal judges.

In brief, the court held that the statute violated the guarantees of life, liberty and the possession of property made to all alike, whether aliens or not, under the fourteenth amendment to the United States constitution; that if the state of Arizona could forbid any employer to hire more than 20 per cent of aliens, it could with equal justice forbid him to hire 1 per cent, or even an individual alien.

This struck at the vital of the act, which ordered that any employer with a payroll of five or more names must see that at least 20 per cent of those names were of duly qualified electors. Great Britain and Italy protested to the State department that the conditions of employment violated the treaty rights of their citizens.

WASHINGTON, Jan. 7.—News that the Arizona anti-alien employment bill had been declared unconstitutional and void by a federal district court at San Francisco was received with deep interest among diplomats here today, especially at the British, Italian and Japanese embassies.

Car of Durum Wheat Sold for Nearly Two Dollars a Bushel

CHICAGO, Jan. 7.—Two dollars a bushel for wheat, the dream that only enthusiasts ever expected to come true, was within 1/2 cent of being a reality today on one grade of wheat. If the cost of delivery to Europe might be counted as part of the price. A carload of durum wheat was sold to go to Italy on a basis that figured delivered at destination \$1.99 1/2 a bushel.

Such a price breaks all records for durum wheat. The supply of that variety in the United States is said to be virtually exhausted for this season.

Rapid upturns were witnessed in the speculative market. News that France and Italy had purchased 1,000,000 bushels or more today at the seaboard made the price of options here leap higher than at any time since the beginning of the European war and reach levels that had not been equaled since the celebrated attempt at a worldwide squeeze by Joseph Leiter.

May wheat, the chief speculative delivery, went to \$3.00, as against \$1.26 at the finish last night. Among the purchasers of the May option was the Rockefeller Foundation, which wanted to make sure of charity supplies for Belgium and had been unable to get satisfactory terms or wheat for spot cash.

Three Killed by Storm in Florida

JACKSONVILLE, Fla., Jan. 7.—Three persons were known to be dead; several others were badly injured, and property damage aggregating many thousands of dollars was reported early today as the result of a violent windstorm which swept northern Florida and southern Georgia last night. Wire communication into the affected territory was suspended until after midnight and only meager details have been received.

The greatest damage, apparently, was in Georgia, and all the fatalities reported were in that state. Residential farm buildings, trees, fences and telegraph poles were blown down, and in some places trees were uprooted. Falling timbers injured live stock on many farms.

Charity Campaign by Business Men Nets Over \$2,100

Over \$2,100 in cash and several hundred dollars additional in pledges has already been raised by the three groups of prominent business men in their campaign to meet the year's budget of the Associated Charities.

This was stated yesterday by Charles F. Junod, chairman of the finance committee, after the soliciting committees had met for luncheon at the University club and had made their reports for the first day and a half.

"We are finding a ready response everywhere," he declared. "The campaign is coming along nicely, and we expect to raise the necessary total of \$10,000 soon."

Young Churchmen Organize New Club

A Young Men's club has been organized at the St. John's Episcopal church, Twenty-fifth and Browne streets, by the young men of the congregation. A basket ball team has also been picked, and it will be open for games to be played in the basement of the church. Leslie Noel, Webster 545, or Robert Carruthers, Webster 1255 will accept challenges from teams weighing around 135 pounds.

The officers of the new club are: President, Leslie Noel; vice president, Robert Carruthers; secretary, Bertie Schultz; treasurer, Jay Cameron; sergeant-at-arms, Harley Davis.

Old-Time Cold Cure--Drink Tea!

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, mix with a cup of boiling water, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

Resinol

makes itching eczema vanish

There is immediate relief for skins itching, burning and disfigured by eczema, rheumatism, or similar tormenting skin disease. In a warm bath with Resinol Soap, and a simple application of Resinol Ointment. The soothing, healing Resinol balsam sink right into the skin, stop itching instantly, and soon clear away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect.

Resinol Ointment and Resinol Soap are sold by all druggists. Avoid worthless imitations.
