FOOD TO BELGIUM, MONEY ELSEWHERE

State Relief Committee Explains Attitude on Distribution of Aid to War-Stricken Nations.

SHIPMENTS DIRECT TO COAST

(From a Staff Correspondent.) LINCOLN, Jan. 8.—(Special.)—Information as to how goods for the use of the relief commission may be taken care of has been looked into by the relief commission with the understanding that the following program will be carried out as far as possible.

When a town or county fills a car of its own, the same is shipped direct to New York to be loaded on the relief vessel. When the contribution is less than a carload it is sent to the closest collecting point, either Omaha or Lincoln.

Wauneta is First. One of the first two carloads was the gift of the town of Wauneta, the citizens of which place set their hearts upon a full carload and experienced no great difficulty in securing it, even though their numbers were not large.

The state committee has received some protests to the effect that other countries besides Belgium should be aided, mentioning east Poland, for instance, where the war is said to have been almost as destructive as in Belgium.

Belgium Most Accessible. To these the committee has answered that it sends to Belgium because that country is the most accessible; that if the donor will send money, the same will be gladly forwarded to the Red Cross representatives of any particular nation that is specified.

Rev. L. P. Ludden, Noted Nebraskan, Dies at Williston. LINCOLN, Jan. 7.—News reached here late tonight of the sudden death today at Williston, N. D., of Rev. Luther P. Ludden, national field secretary of the Lutheran church denomination of the United States. Mr. Ludden had been a resident of Lincoln twenty-seven years, most of the time as pastor of a local church.

News of the Rev. Luther P. Ludden's death came as a profound shock to his large circle of friends here at the state capital and in the legislature, where he had for many years been a conspicuous figure. He held clerical positions in several sessions and was one of the skillful students of legislative affairs. He has been known and respected by the lawmakers of Nebraska for many years.

Rev. Mr. Ludden was a Lutheran clergyman and a strong republican maintaining an active interest in political affairs. He was a member of the State Normal board and acted as recording clerk at the last republican state convention.

WAREHOUSE SYSTEM IS THEME FOR TALK

Legislators Looking Over Statutes in Other States to Find Bearing on Nebraska Problem.

RATES FOR CONVICT PRINTING

(From a Staff Correspondent.) LINCOLN, Jan. 8.—(Special.)—Warehouse legislation is likely to come up in several forms. Some of the lawmakers from the distinctly farming districts have ideas of their own as to what should be incorporated in the law. Members from districts where the matter has not been spectically brought to their attention are also interesting themselves in the subject and are making a study, over the week-end recess of such statutes as they can find in operation in Minnesota, Missouri, Kansas and Illinois.

The fact that the democratic state platform contains a warehouse pledge puts the matter in a prominent position. The majority party wants to carry out its campaign promises and because this is the one potent forward-look as far as constructive legislation is concerned, much attention will be given to it.

Fire Escapes in Omaha Hotels. The report of Colonel Philip Ackerman, hotel commissioner, shows that fire escapes have been placed on the following hotels in Omaha, under his orders since

he took charge of the commissioner's office: Lange, Livesay, Reio, Flomar, Douglas, Mondak, Owl, Oxford, Hraney, Midwest, Vienna, Dastmied, Criterion, Havana, Lyons and that additions have been made to the fire escapes of the Henshaw.

Notes for Penitentiary Printing. Representative W. L. Bates of Kimball county who has been interested in the proposition of the state doing its own printing, has gone to Topeka to investigate the state printing plant maintained by the state of Kansas. Mr. Bates expects to present a bill before the legislature calling for a plant at the Nebraska penitentiary.

State to Do Insuring. Senator Shunway has a bill prepared which he expects to introduce covering the proposition of the state going into the insurance business. This will probably raise one of the big fights of the session, but the Dakota county statesman is of the opinion that the time has come for that kind of a thing and has patterned his bill after the Wisconsin law.

Clarks Man Hit by Train. CLARKS, Neb., Jan. 8.—(Special.)—Misjudging the speed of No. 25, the evening local, C. J. Sorenson, proprietor of the hotel at this place, in attempting to cross the track ahead of the train, was struck violently on the right side and thrown several feet from the track. His right arm was broken between the elbow and shoulder, his face was badly lacerated and the back of his neck was cut badly, requiring several stitches to close the wound.

MAY ALTER RATE SCHEDULES

Railway Commission Will Take Up Changes Desired by Shippers at Hearing Next Monday.

IN TRANSIT FIGHT AVOIDED

(From a Staff Correspondent.) LINCOLN, Jan. 8.—(Special.)—The State Railway commission will take up freight re-classification at its sitting next Monday. Hearing on this freight re-classification is an annual affair and matters submitted thereto are usually those which changing conditions during the previous year have compelled the carriers to alter.

This year's changes are many in number, affecting shipments, from barbers' supplies, paving materials, hides and liquors to stone, school supplies, poultry, binding twine, junk, bones and melons.

Hot Fight Avoided. The fight on this would have been a warm one as wholesalers and private

shippers in the past have found it to their advantage to avail themselves of the transit rights. Items affected in this cancellation extend down a long list of commodities and affect a number of industries at Omaha, Lincoln and a number of other cities and towns of the state.

Pierce to Have Poultry Show. PIERCE, Neb., Jan. 8.—(Special.)—The Pierce County Poultry association will hold its annual show at Pierce on January 22 and 23. Premium lists will be ready for distribution very soon and the inducements offered therein should bring out an unusually large and attractive exhibit. Interest in pure-bred poultry is growing rapidly in this vicinity. Several local poultrymen have exhibited their birds at nearby shows this year and it is expected that quite a number of exhibits will come to Pierce from other towns.

St. Paul Republican Sold. ST. PAUL, Neb., Jan. 8.—(Special.)—Mr. F. L. Carroll, former owner and editor of the Ashland Gazette, has purchased the St. Paul Republican from H. D.
