WON'T LET JOHNSON IN TO ENRICH VILLA

Carranza Government Will Oppose Entry of Black Pag Into Mexico Through Its Ports.

FELON MUST HAVE U. S. PAPERS

EL PASO, Tex., Jan. 13.—The Carranza government will oppose the entry into Mexico of Jack Johnson, the American prize fighter, who is booked to meet Jess Willard in Juarez, March 4, according to predictions made today by Andres Garcia, the Carranza consul here. Garcia telegraphed today to the "first chief" that Johnson was a fugitive from justice in the United States and suggested that he must present recently issued American passports before he is allowed to pass through any port held by the Carranza forces. Johnson at present is at Buenos Aires, on his way north. He naturally would attempt to enter Mexico through the east coast ports of Tampico or Vera Cruz, both of which are held by the Carranza troops. The trip from some central American border port would be difficult as would any entry from the west coast. The latter would require a hard ride over the mountains which might affect the condition of the negro. Garcia's objections were based on his assertion that the Johnson-Willard match would increase the war chest of Villa, who is combating Carranza in the present Mexican controversy.

Creighton Angles For Foot Ball Date With the Hawkeyes

That negotiations are now under way with fair prospects of success to bring the University of Iowa team to Omaha to play Creighton next fall is information divulged by Dan Butler, chairman of the new athletic board at Creighton. Iowa seems willing to play Creighton here next year and the Creighton men are just as willing, as Iowa would be a big drawing card in Omaha. With the Hawkeyes on the schedule Omaha gridiron fans will see three mighty good foot ball games on the Creighton field, as combats are already assured with Notre Dame and South Dakota. Creighton may take the place of Nebraska on the Hawkeyes schedule. Some disagreement is current between the Cornhusker and Hawkeyes managements over the financial percentage, and if inducements to come to Omaha are sufficient, the Hawkeyes are said to prefer the Creighton engagement. The new athletic board at Creighton is running for big game. With Tommie Mills selected as head coach and prospects for a big gymnasium brilliant, the athletic board signed up Notre Dame and is now after Iowa, with South Dakota, previously assured. This activity on the part of the board is welcomed in Omaha, as this city has been barren of big foot ball games of late years.

New York Club Votes Down Withdrawal

NEW YORK, Jan. 13.—The board of governors of the New York Athletic club last night voted down the resolution submitted to them by their athletic committee that the club withdraw immediately from the Amateur Athletic union. The resolution was based upon the suspension of six of the club's swimmers for not competing in contests at the Sportmen's show at Madison Square Garden, after the club had withdrawn their entries. After the registration committee had suspended the six athletes, the New York Athletic club submitted evidence which showed that the swimmers had done no wrong and the ban was lifted. Platt Adams, the club's all-around champion, who has been accused of professionalism, will be tried tonight by the Amateur Athletic union officials. GOVERNMENT today the dispatches from Petrograd in respect to a loan to the Russian government by stating that a group of New York banks and bankers had made "a purely banking" arrangement with Russia by undertaking to accept short term drafts of the Russian government, the proceeds of which were to be used in payment for supplies exported from this country. It is understood that the National City bank is one of the members of the group.

SHOOTERS GO TO COLUMBUS

Twenty-One Omaha Gun Club Men Will Mix with Upstate Men in Battle Sunday.

WILL ERECT NEW CLUB HOUSE

Twenty-one members of the Omaha Gun club will invade Columbus Sunday to engage in an intercity shoot with the trappers of that city. The Columbus men came to Omaha a few weeks ago and the meet came out a tie, with the result that both cities are hot after another match. A meeting of the Omaha Gun club was held last night to discuss plans for the erection of a club house on the grounds across the river and the Columbus matter came up. The twenty-one men to represent the Omaha club were picked and the big dolge will come off with much eclat. With regard to the club house it was decided to start as soon as possible the erection of a two-story club so that it could be ready for use when the spring shooting opens up. Don McCown resigned the position of secretary of the club and R. D. Vaught was elected to fill the vacancy. Ray Kingsley was elected to fill Vaught's position as treasurer. The club also decided to hold Sunday shoots for prizes. These shoots will take place weekly for ten weeks. Then the eight high scores out of the ten will be computed and the high average man will receive the prize. Two loving cups and half a dozen medals have already been pledged. These Sunday shoots will occur throughout the year. A squad for women trapshooters is also included in the plans for the year. The men shooters declared Omaha women should have a chance to test their skill at the traps just as the men. Other cities pride themselves on their women shooters and the Omaha men could see no reason why this city shouldn't. The women will be encouraged to shoot the blue rocks on the grounds across the river and it is expected that the women will enthusiastically welcome the invitation. The shooters who will go to Columbus Sunday are: Don C. McCown, Charles Casper, A. B. Keeline, John Ragan, A. H. Frye, Frank Dvorak, George Redick, John Brims, Dr. C. C. Hall, George Rogers, H. S. McDonald, Bert Le Iron, Dan Wilmer, Elmer Redick, Jess Aylesworth, Frank Beard, R. D. Vaught, Chris Christensen, H. T. Lovings, Ray Kingsley, H. W. Dunn.

Girl Wife Has Faith In Preacher Love; Knows He's Innocent

CHICAGO, Jan. 13.—Mrs. Doris Vaughn-Darnell today tearfully declared her faith in her minister husband, the Rev. James Morris Darnell, who has been accused of leading a double life. "I won't give up my husband. I love him and I know he is innocent," she said while pacing the floor at her parents' home here. A declaration came when she was questioned concerning the sensational story which charged the young preacher with apparently having a wife and child in Kenosha, Wis., where he was pastor of a church, while Mrs. Doris Vaughn-Darnell lived in Chicago deterred by various explanations from joining him in Kenosha. Last night the minister denied that he was married to Miss Ruth Soper of Okauchua, Minn., who is said to have lived with him in Kenosha. He insisted that he was the husband of Mrs. Doris Vaughn-Darnell. Today when pressed for a specific answer to the question, "Were you married to Miss Ruth Soper?" Darnell replied: "I decline to say."

Two Regiments of Turks Are Destroyed

PETROGRAD, Jan. 13.—An official statement issued by the general staff of the army in the Caucasus says: "Fighting in the region of Olli, fifty miles west of Kars, continues obstinately, the rear guard of the Turks being on the river Olli and to the west. The bitter fighting in the Kara-Urgan region has latterly inclined in our favor. On January 11 we captured the Ninety-eighth regiment of infantry, including eleven officers, three surgeons and 1,200 men. We also partially destroyed the Fifty-second regiment of infantry, a portion of which, consisting of 250 soldiers and one officer, was captured. We captured a height in Turkish territory, and in taking the enemy's camp there we secured depots of artillery and ammunition."

Turkish Oil Ship and Many Oil Boats Sunk by Russians

PETROGRAD, Jan. 13.—Further details of the naval engagements in the Black Sea during the first week of January have been received in Petrograd. The scene of these activities was between Sinope and Iteah, Turkish ports on the southern coast of the Black Sea. The Russian ship came up with the Turkish cruiser Medjidieh, conveying a steamer, the Maria Rosetta, with a cargo of naphtha for Trebizond. They opened fire on the Turkish ship and did considerable damage. The cruisers escaped, but the Maria Rosetta was sent to the bottom. The night of January 8 the Russian fleet came up with the cruisers Breslau and Hamidieh. A spirited exchange of shots followed and finally the Turkish cruisers disappeared in the darkness. In Sourmene bay and in Iteah bay (thirty-five miles east of Trebizond), the Russian warships destroyed fifty-one Turkish boats. The bombardment of the port of Hopa, which is the distributing point for the Tchourek region, caused a number of fires along the coast. A strange incident concerning the proceedings of the Turkish fleet in the Black Sea has been reported. It seems that the Turkish cruiser Breslau bombarded certain positions held by Turkish troops near Liman, which is to the north of Hopa. Following this bombardment Russian troops occupied without hindrance the positions from which Turkish soldiers had been driven by the fire of their own cruiser.

Mr. Canby Denies Blaming Farmers for High Price of Wheat

CHICAGO, Jan. 13.—Caleb H. Canby, president of the Chicago Board of Trade, today declared that opinions attributed to him blaming any one for the present high prices of food products were incorrect. "I have made no statement blaming any one for the present food products situation," he said. "An unparalleled world's situation is the cause of the present values." A statement made by Mr. Canby yesterday to the district attorney was interpreted as meaning that increased prices were largely due to the holding of wheat by farmers.

Indiana Flood Loss Totals \$25,000,000

INDIANAPOLIS, Ind., Jan. 13.—Tangible losses in Indiana from the flood of March, 1913, were in excess of \$25,000,000, according to the Indiana State Food commission, which has just completed its report to Governor Ralston. The damage to county roads and bridges alone were more than \$2,000,000, the report stated. One of the largest items of damage was that done to the agricultural lands of the state, the report points out. A number of recommendations for preventing floods are made, among them being the establishment of gauging stations on the streams, power to remove obstructions from streams when causing unnecessary flood heights and the formation of flood prevention associations to carry on the work. It is probable the present legislature will take some action in regard to floods.

Kentuckian Killed By Night Riders

PADUCAH, Ky., Jan. 13.—Night riders last night decapitated Pedro Mohundro, a farmer from his home near Lovelaceville and shot him near Lovelaceville here today. Mohundro's death is the second recently charged to night riders in western Kentucky. Previously Henry Allen was called from his home in Muhlenburg county and hanged to a tree. Mohundro, it is said, had incurred the displeasure of the band and had disregarded warnings to leave the neighborhood.

MERCIER STANDS BY NOTE

Cardinal, in Message to Associated Press, Says He Refused to Withdraw Pastoral Letter.

GENERAL SAYS NOT DETAINED

THE HAGUE, Netherlands, Jan. 13.—(Via London).—Cardinal Desiderius Mercier, the primate of Belgium, declines for the present to discuss what he defined the "vexatious measures" of the German authorities in Belgium with reference to him and to the pastoral letter written by him on Christmas. General von Bissing, governor general of the Belgian territory occupied by the Germans, in reply to a request made by the associated Press that he forward to Cardinal Mercier a telegram asking him for the exact facts in connection with the incident, today said: "Cardinal Mercier requests me to forward to you the following dispatch, in response to your inquiry: "I feel very much the sympathy you have shown me and for which I thank you; but I prefer not to dwell for the moment on the vexatious measures to which you allude and I prefer to continue to shut myself in my episcopal ministry. I wish to declare, however, that I have withdrawn nothing and will withdraw nothing from my pastoral letter." (Signed) "CARDINAL MERCIER." "Archbishop of Malines."

German General Adds Footnote

General von Bissing adds: "As this reply of the cardinal might give rise to misunderstandings, I add thereto the following remarks: "I certainly caused proofs of the pastoral letter in the printing office to be confiscated and I summoned the priests to give up copies of it in their possession. "The cardinal never has been arrested nor has his personal liberty in any other way been encroached upon. I have merely by means of officers of my staff requested him to give me explanations of the tendencies of the pastoral letter, and besides this, in order to prevent possible manifestations, I asked him to abandon a projected journey to Antwerp. "If these measures perhaps appear to the cardinal subjectively vexatious, yet they were objectively absolutely necessary in order to clear up the situation. "Signed, Governor General Freiherr von Bissing."
