**Friendless Dogs  
To Have Ride and  
An Electric Cage**

Even Omaha's stray and friendless  
dogs will get an automobile ride if plans  
discussed at the annual meeting of the  
Nebraska Humane society in Jacobs  
hall yesterday afternoon are carried out.  
These plans involve the purchase of an  
automobile for conveying the dogs who  
have no masters and no visible  
means of support to the refuge provided  
by the city.

**Concrete Bridge  
at Ashland is All  
Ready for Traffic**

The concrete bridge that the Burlington  
has been two years in constructing over  
the Platte river, just east of Ashland, on  
the Omaha-Lincoln line of the system,  
has been finished and will go into service  
Sunday. Without any ceremonies, at one  
minute after midnight it will be opened,  
though it will be used all day Saturday.  
The old wooden structure will be closed  
and the main line track will be moved  
to and connected with the tracks over  
the new bridge. While this is being done,  
all day Saturday, trains between Omaha  
and Lincoln will run by way of Orosopis,  
though the trains between Omaha and  
Ashland will be served by stub train  
service. These trains will leave here at  
8:20 in the morning and 7:35 in the evening.  
The new bridge has been built alongside  
the old structure and without any inter-  
ruption in main line service. It is so  
strong that it is asserted that there will  
never be any apprehension of a break by  
reason of ice gorges, or high water in the  
Platte.

**County Dads Appear  
On Time for First  
Meeting Under Best**

Frank Best, chairman of the county  
board, called yesterday's meeting to order  
at 2:04 o'clock, in accordance with his  
new punctuality policy. The meeting was  
set for 2 o'clock.  
At 2:04 Commissioner Best was in the  
chair and Commissioners Lynch and  
Harte were in their seats. McDonald  
and O'Connor failed to get checks oppo-  
site their names at roll call. They were  
in the county building, however.  
At 2:07 o'clock O'Connor walked in and  
took his seat. One minute later McDon-  
ald did likewise.  
O'Connor later put one over on Best  
when he remarked that the meeting was  
not in the chair.  
"I was here at 2 o'clock and Best was  
not in the chair."  
All the commissioners arrived in the  
court house before the scheduled time of  
the meeting.

**HANSCOM IMPROVERS  
DECIDE TO BE NEUTRAL**

Strict neutrality in the European war  
situation will be observed by the Hanscom  
Park Improvement club, according to a  
vote of members at the regular meeting  
at Windsor school last night.  
The question came up when a letter  
was read from Steven Walt, who wrote  
to enter vigorous exceptions to a num-  
ber of statements made by Dr. Felix  
Despacher when he spoke to the club  
some time ago concerning the war as he  
saw it, after spending last summer and  
fall visiting in France.  
After Secretary M. J. Greedy read Mr.  
Walt's letter to the club, the members  
present voted to remain neutral on the  
war question, and so they laid the letter  
on the table.

**MANY HAVE AMBITION TO  
GO BACK TO THE COUNTRY**

A. A. Remington, secretary of employ-  
ment service for the Young Men's Chris-  
tian association, declares that many

land" fever. He placed a classified ad in  
The Bee, and up to date has received  
over 300 letters and inquiries for the job  
advertised, which was a place for a man  
and wife on a farm near Pullerton. An  
applicant was accepted within a day or  
two of the first publication, but the in-  
quiries are still coming in from all over  
the state, as well as from Omaha.

**Blood Remedy  
Sustains World**

Myriads Have Learned of Its Re-  
markable Curative Value.

From the very fact that S. S. S., the  
famous blood purifier is a natural medi-  
cine, it is opposed by those who can not  
give up mercury and other dangerous  
drugs. Habit is a strange master. Af-  
flicted people use mercury with a blind  
force of habit. Not warned by the chas-  
tising treatment so surely and positive-  
ly being replaced by S. S. S., wherever  
the light strikes in. S. S. S. is fast be-  
coming the world's panacea for all blood  
troubles because it is welcome to a weak  
stomach, is taken naturally into the  
blood, is a wave of purifying influence  
known by its remarkable curative results,  
and is the standby of a host of people.  
It goes into the blood and remains a strong  
medicinal influence to the end and this  
without any other effect than that of a  
purely cleansing property.  
It is the most universally recom-  
mended blood remedy known, and has  
sustained its reputation for half a cen-  
tury, it is the standby of a host of people.
