HUMAN LABOR NOT COMMODITY--O. B. B.

This Defense Will Be Made in Suit Brought by Federals Under Sherman Law.

LANDIS TO DO SOME QUIZZING

CHICAGO, Jan. 19.—One of the points in the defense of Organized base ball in the anti-trust suit brought against it by the Federal league, which will be heard tomorrow, will be based on section 5 of the Clayton act recently passed by congress, according to a report current here tonight. The section which the attorneys for the defense are expected to cite reads: "That the labor of a human being is not a commodity or article of commerce."

No More Affidavits Filed. It was said tonight that no more affidavits would be filed before the opening of the case. The additional testimony to be proffered probably will be verbal. President Tinker of the National league is among those likely to take the witness stand, it was generally predicted that Judge Landis, before whom the case will be heard, and who is widely known as a base ball enthusiast, will use his knowledge of the game in questioning witnesses.

Great Britain Will Not Allow Safe Conduct to the Cotton Ship Dacia

WASHINGTON, Jan. 19.—The British government will not consent to allow the steamer Dacia, recently transferred from German to American registry, to proceed to Rotterdam under safe conduct with its cargo of cotton, the State department was notified today from London.

The British reply for suggestions for safe conduct recently made by the State department came through the American embassy at London. While the text of the message was withheld, it is known the British objection was based broadly on a reluctance to create a precedent, which, it is felt, would be followed by many similar purchases of German ships in America and efforts to operate them on the former German trade routes.

What O. B. B. Paid Two. Affidavits also purport to show that Leo Magee, now manager of the Brooklyn Federals, drew \$5,000 as member of the St. Louis Nationals and that Ed Kennedy, now with the Pittsburgh Federals, drew \$6,500 with the Pittsburgh Nationals. Among today's arrivals who were on the side of Organized Base were Captain T. L. Huston, new part owner of the New York Americans; John T. Bruce, secretary of the National commission, and Empire Otto Gill of the American league. Leo Magee, manager of the Brooklyn club; Fielder Jones, manager of the St. Louis club; Philip D. C. Ball, the St. Louis owner, and E. E. Gates, counsel, were among those who joined the Federal group.

The minor colleges want the big schools to exclude their seniors. The larger schools want the small fry to exclude their freshmen.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and itching of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better. You can get liquid arvon at any drug house, it is inexpensive, and four ounces is all you need. This simple remedy has never been known to fail.—Advertisement.

YOUNG MAN ON WAY HOME

WASHINGTON, Jan. 19.—John L. Cutright, who was vice consul at Nottingham, called from England January 19 for the United States, having relinquished his office of his own volition and upon the insistence of his family, according to State department officials. The department has had no word either from Cutright or the American embassy to support the report that he proved unsatisfactory to the people of Nottingham.
