

I Took Cold It Settled In My Kidneys.

I Used Peruna. Am all Right Now. I owe my Health to Peruna.

Mrs. Anna Linder, R. F. D. 6, Des Moines, Meeker Co., Minn., writes: "For two years I suffered with that terrible disease, chronic catarrh. Fortunately, I saw your advertisement in my paper. I got your advice and I took Peruna. Now I am well and the mother of two children. I owe it all to Peruna. I would not be without that great tonic for twice its cost, for I am well and strong now. I cannot speak in too high terms of its value as a medicine."

DULL EARS MADE SHARP

Haven't you often thought if your ears could be sharpened up a little you'd be quite all right? Now will you let me show you just how you can do that for yourself right in your own home. And no one need know anything about it (unless you want to tell them) until you hear quickly and clearly and are freed forever from those terrible noises in the head.

This Coupon

Do your ears itch? Do your ears throb? Do your ears feel full? Do both ears trouble you? Does wax form in your ears? How long have you been deaf? Do you have pain in your ears? Are you worse in damp weather? Do you hear better in a noisy place? Did your deafness come on gradually? Have you a discharge from either ear? Have you ringing sounds in your ears? Is your deafness worse when you have a cold? Can you hear some sounds better than others? Are there hissing or like insect escaping? Do your ears crack when you blow your nose? FULL NAME ADDRESS

By return mail I will send you a letter telling you all about the causes of your Ear Trouble, and how you can treat it yourself right in your own home, and this won't cost you a red cent. No matter how slight or how serious your Ear Trouble is, let me tell you the truth about it. I have been in the business of sharpening dull ears for nearly thirty years. After graduating and receiving my medical degree from Dublin University, I devoted myself to the study of Ear Trouble, so that instead of becoming a local physician, I am today an Ear Specialist with patients in every quarter of the globe. Believe me, in those years of practice, I have learned to know much of the miserable horror of Deafness. My letters daily are beseeching cries for help from a living death—out from friends—the joys of the home circle—many are pitiful appeals—"Doctor, I fear I may lose my job any moment, and then who will hire a deaf man?" And the tragic part is, that all this might have been so easily averted if proper steps had been taken in time. And so I say with stern conviction—Get advice upon your Ear Trouble before it is too late. I'll tell you of people right in your own section of the country, perhaps right in your own town that have been cured of deafness by my method. My cured friends are everywhere, and will gladly tell you about their cases. Don't think your case hopeless, and don't let it become so by delay. Write today for advice on your Ear Trouble. HAR SPECIALIST SPECIAL, 102 Trade Building, Boston, Mass.

ELKHORN VALLEY PHYSICIANS HERE

Over One Hundred Members of the Medical Society Attending the Annual Meeting.

CLINICS ARE BEING CONDUCTED

Omaha's prominence in the middle west as a hospital and surgical center has brought here for the first time in its history the annual meeting of the Elkhorn Valley Medical Society, consisting of over 100 physicians in the Elkhorn river valley of Nebraska. They started their two-day session with registration and luncheon at the University club, and will spend most of their time attending clinics held by some of Omaha's leading doctors at various hospitals.

After the "set together" session at noon all the visiting physicians adjourned to the Clarkson and county hospitals. At the former, Drs. J. P. Lord, Palmer Findley, C. O'Neill Rich and J. B. Potts conducted clinics in two operating rooms. At the county hospital Dr. W. F. Milroy and J. M. Aikin presided, the idea being to give the doctors from the state opportunities to benefit by the advantages offered in Omaha's large, modern hospitals with programs of wide experience performing rare and difficult operations.

Further clinics will be given this morning at the Methodist, St. Joseph's and Nicholas Senn hospitals, and in the afternoon at Immanuel hospital. The annual election of officers and other business of the society will be held this afternoon, following luncheon at the University club.

More Help for Purchasing Agent Grotte is Favored

Several of the city commissioners have come to the conclusion that it doesn't pay to deny additional help to Purchasing Agent Grotte. "It would be mighty good business," two or three of them agreed, "to give Dick more help in his office, so that he can give more of his time, now consumed in minor details, to the larger and more important affairs."

Dick Grotte is unanimously voted the busiest man in the city hall. He does all the purchasing that is done for the city. In all of his numerous departments. And they do say that Dick is a mighty good driver of bargains, a natural David Harum when it comes to a trade. And Grotte has in his office, besides himself, just one man. This is not in keeping with the system pursued in most cities. Minneapolis maintains a purchasing department of ten men, so does St. Paul. Little old St. Joseph, nowhere near as large as Omaha, has five, while Denver has one of its city commissioners to give his entire time, with the aid of a number of assistants, to the work.

Grain Men Predict Continued Advance in Prices of Wheat

Grain men who have kept in touch with the situation assert that the available wheat in the United States at this time is 256,000,000 bushels; that the domestic consumption between now and June 15 will be 235,000,000 bushels, and that 20,000,000 bushels will be required for seed, thus leaving 91,000,000 bushels for export. They contend that this surplus is about what it has been during years past and when normal conditions prevailed.

J. A. Sunderland Heads Commercial Club Committee

J. A. Sunderland was elected chairman of the executive committee of the Commercial club at the first meeting of the newly elected committee at noon. John L. Kennedy was also prominent in the informal balloting, but Mr. Sunderland was elected on the first formal ballot.

Recommend Chamberlain's Cough Remedy. "Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never tire of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind.—Obtainable everywhere.—Advertisement

Supple at Sixty

Age and ripe experience mean happiness and usefulness when mental and bodily powers are preserved by keeping rich blood in the veins. Nature's rare nourishment in Scott's Emulsion creates rich blood, warms the body and alleviates rheumatic tendencies. Its oil-ford imparts strength to both body and brain. It is Nourishment—not Alcohol.

Numerous Inquiries Indicate Interest in Western Lands

The number of people taking advantage of home-sellers' rates today was considerable of a surprise to the railroad passenger men. While the movement was largely to the south and southwest, there were a goodly number of men who came in from the east on the morning trains who continued their way westward.

The increased number going out to look for land this early in the season leads the railroad people to believe that later in the season there will be a considerable amount of rush to buy farms, both improved and unimproved.

Don't Let Your Cold Get Worse.

Bell's Pine-Tar-Honey will cure your cough and give you restful sleep. Good for children only. 25c. All druggists.—Advertisement.

PENSION CLAIM OF MRS. T. ROCHFORD BEFORE COUNCIL

The claim of the widow of Thomas Rochford for a pension, came before the city commission at its weekly meeting and was referred to the legal department.

Rocheford was a fireman who died as the result of injuries sustained in the performance of his duties. A woman weighing, it is said, something like 180 pounds, fell from a burning building upon Rocheford's back, producing injuries that ended his life.

Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once. How the Remedy for Catarrh Was Discovered.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

Removes the Cause and Immediately Gives Relief to the Nose and Throat

Rescue Jones, of Scranton, Penn., says that after trying many other treatments, so vital to every person suffering from any form of catarrh, that the opportunity to actually get it and prove its results, will be gladly extended without one cent of cost. A large trial treatment, with complete, minute directions, will be sent free to any catarrh-sufferer. Send no money, take no risks, make no promises, simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent, fully paid, together with the valuable book on Catarrh.

COAL MINERS IN FEDERAL COURT

Twenty Will Be Arraigned Charged with Interfering with Operation of Property by Receiver.

IMPORTANT ISSUE IS INVOLVED

FORT SMITH, Ark., Jan. 18.—Probably the most important criminal procedure in a labor dispute to find its way into the federal courts since the trial of the iron workers at Indianapolis will begin in the United States district court here tomorrow, when twenty men will be placed on trial, charged with being implicated in the disturbances that have marked the disagreement between the coal miners and the Bache-Denman Coal company at Prairie Creek since last April. The defendants are:

Peter R. Stewart, McAlester, Okla., former president of the United Mine Workers of America, district No. 12, Arkansas, Oklahoma and Texas. Fred W. Hill, McAlester, former secretary of the district union and late socialist candidate for governor of Oklahoma. James B. McNamara, former member of the city council of Hartford, Ark. James Slankard, former constable of Hartford township. John Edwards, a merchant of Hartford. W. W. Roberts, former manager of telephone company at Mansfield, Ark. Charles Robinson, Burris, John Manick, Sandy Robinson, Valentine Burillo, Marvin Stanfield, Charles M. Alkberry, Jr., Bruce Jordan, Ernest Neils, Frank Z. Crooney, Marvin Ray, Mike Ryan, Foster Bean and Bee Trout, miners.

All of the men except Roberts are charged with conspiracy against the government. Roberts is charged in three counts with intimidation and corruption of a witness. All of the men are at liberty on bond.

Judge James D. Elliott of the southern district of South Dakota will preside at the trial.

Mine Property Burned.

The trouble between mine workers and the coal company, which is in the hands of a receiver, together with nine of its subsidiary companies, originated when the corporation decided to substitute the open shop system for union labor. The company operated No. 4 mine at Prairie Creek on the open-shop plan for a few days. Operations were suspended on April 6 last, when several workmen were assaulted. A temporary injunction, which later was made permanent, was issued against the union miners and the charges against the defendants grow out of alleged violations of this injunction.

On July 17, last, three of the company's surface plants at Prairie Creek were destroyed. On the night following a mine near Hartford was partially wrecked and on the following Monday a coal mining plant at Arkoal was destroyed by fire. A battle of several hours was fought at mine No. 4, Prairie Creek, on July 17, and it is alleged Clarence Sylesberry and John Baskins, mine guards, were killed. Slankard and Trout were acquitted last week in the state court at Greenwood on a charge of having slain the men.

Mann Act Invoked Here in Alleged White Slave Case

The Mann act was invoked for the first time in Omaha Tuesday in a case having to do with alleged international white slave traffic. Dora M. Ellwood, 207 North Eighteenth street, filed charges in the United States court, alleging that Carl Blomberg, in April, 1912, took her to Moose Jaw, Saskatchewan, Canada, for immoral purposes. After a time there and elsewhere, during which she says she gave large sums of money to Blomberg, she found her way back to Omaha and was married a few months ago. Recently, she alleged, Blomberg met her and her husband on the street, and while companions of Blomberg held her husband off with reasons, Blomberg beat her. Blomberg is at present serving a short term in the county jail, which expires Thursday. He will be met by a United States officer then with a warrant on the present charge.

Old-Time Cold Cure—Drink Tea!

Get a small package of Hamburg Broom Tea, or as the Gorman folks call it, "Hamburg Broom Tea," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

Vulcan By-Product Coke THE PERFECT FUEL "Dollars and Sense"—When you save 20% of your fuel bill you are making dollars. When you abolish smoke, soot, clinkers and ash sifting with their attendant annoyances you are showing sense.

Vulcan does not pollute the air with smoke and poisonous gases. It burns to a clean ash—gives as much heat ton for ton as the best Anthracite at 4/5 of the cost. It holds its fire overnight—starts quickly in the morning. It is made in regular hard coal sizes.

Where Is Your Rupture?

If You'll Mark Its Location on the Below Diagram and Send It in We Will Mail Treatment ABSOLUTELY FREE.

There is no person in the world who you should continue to suffer the discomfort and tortures of that binding, chafing, and irritating mass without making an effort to free yourself from its slavery. Send for the free treatment today. You'll never be cured—and you'll go through life with that rupture—if you don't do something about it. Why not, at least, see what this free treatment can do for you? Send for it right away—this is your chance. Very minute.
