WHAT will "Billy" Sunday do to us when he comes to Omaha—socially, I mean, of course? Will we find that every day is Sunday after Sunday comes and goes? Or will the pace of the social set keep its speed without abatement?

From one of the places where "Billy" has been holding forth, I got queer stories of how he has tamed the social lions and extracted the glimmer from the whirl of social gaiety. A particular festive widow who used to be the life of every staid that was pulled off in her set, and had a small army of admirers trailing her all the time, heard "Billy," and went again and got religion so hard that she just dropped out of the game completely, and, worse still, took a big bunch of the good fellows along with her.

Now, we have some festive widows here in Omaha, and some who are not widows, but who would be missed sorely if they should suddenly see a new light and start to travel a different road. The tango teas and the fro trots would not seem natural without them, and the auction bridge parties would not be so profitable to the winners.

But why worry so early? The Rev. "Billy" is not scheduled to reach Omaha before next May. It's a long way to the revival meeting, and our social season is just at its height.

Harriman Official Checks U. P. Books

G. E. Bissonnet, assistant comptroller of the Harriman system of railroads, has arrived in Omaha and established himself in the Union Pacific headquarters building, where he may remain two weeks, or a month.

The purpose of the comptroller in coming here at this time is to check the various offices of the several departments, not with a view to reducing forces, but to see that the accounts are correct. Mr. Bissonnet is the right hand man of Comptroller Segar, who in turn is the man who is closest to Chairman Lovett of the executive committee and at the same time is the closest man to Averill Harriman, who has just been appointed head of the purchasing department of the system of roads.

In his department Mr. Harriman has adopted a rule that is making some of the company officials sit up and think. Contracts have been entered into for about everything used in the operation of the Harriman roads and under the rule that Mr. Harriman has applied, if a purchase aggregating the expenditure of \$10, or more, is made outside of the contracts, authority must be secured, or an explanation submitted in detail.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 64 cents. Easily prepared in 5 minutes.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualacol, which is so healing to the membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex"—do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. They will take in both exhibitions and remain on the coast until late in the summer. Going to New York by boat via the Panama canal, they expect in September to meet Mrs. Carpenter's younger daughter, Miss Eleanor, who will return from abroad after two years of study in Switzerland and Germany with Miss Margaret Wright and several other Nebraska young women.

Hot Tea Breaks A Cold—Try This

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure a cold, as it opens the pores, relieves congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

DIAMOND INFORMATION

Is what most prospective purchasers appreciate. Every body realizes that all diamonds are not alike. There is as much difference in these precious stones as there is in people.

The difference in a diamond is in its color, in its power to refract light, in its size and in its freedom from flaws. True white diamonds are the finest. Clear white diamonds rank next. In addition there are some very beautiful colored diamonds which are extremely scarce. Size matters less than brilliancy and it is better to have a pure uncut brilliant than a larger stone of less life and poorer color.

At the Edholm store diamonds are so perfectly understood that one is assured of getting the kind of gem he desires.

We take pride in guiding our customers to the purchase of the right kind of diamonds.
