### PROGRAM EVENTS FOR MOTOR SHOW

Each Night Bears Distinctive Designation and Special Programs Have Been Arranged.

#### THURSDAY TO BE SOCIETY NIGHT

Omaha's tenth annual automobile show. to be held at the Auditorium February 15 to 20, will offer much to entertain visitors in addition to the study of the motor car offerings of the season. The management is making a special effort this year to provide suitable entertainment features and will have a special program arranged for every night in the week.

A cabaret show may be the big feature for at least one night of the week Manager Powell is negotiating for talent, and, if it can be arranged, he will put on a cabaret show every night, with half a dozen professional singers and musicians to mingle with the crowds and render the latest musical hits.

Monday night will be the formal opening of the show. The details of the program have not been completed, but some thing interesting is promised, and the speeches, if any are made at all, will be short and to the point. It is possible several automobile men of national prom- signed, and has taken up his new duties. inence will attend the show, and they will For three years Mr. Flint was in the undoubtedly be asked to address the general merchandise business in Missouri,

Tuesday night will be given over encert program that will be well worth hearing. The orchestra will be augmented for that program. Olson will have a smaller orchestra in the basement with the truck exhibits throughout the week.

Wednesday night is dedicated to the automobile dealers from the surrounding territory. It is expected that practically all dealers who plan to attend the show will be in the city by that time, and the local dealers and members of the show association are planning to give them an but most of the fun will be at the Audi- welopment of the art of drop forging. torium. The Responses received from dealers in Nebranks, western Iowa and South Dakota erected by Dodge Brothers to house the indicate that the attendance records will forge shop. This is typical of the big be broken this year, so far as the dealevery dealer in this section will attend and that each will bring at least one or two visitors.

Auto Show Notes. The show association has invited all factories represented at the show to send their representatives to attend the show. Every fact of available space in the Auditorium on the main floor, the stage, in the basement and in the corridors will be occupied by the exhibits.

The arguments between the advocates of fours and sixes have been almost forgotten in the growing controversy between the followers of the sixes and eights. All types will be shown in many models and styles at the Omaha show.

# Lost Goose Nearly Spoils the Sunday

"Who stole the goose?"

That was a scrious question around the to August Kapke, 43 years old, and Mrs. Commercial club rooms for a half hour Hannah Zimmerman, 26 years old, both of Friday atternoon, when F. J. Souder, who won the goose at the manufacturers' dinner Thursday night, sent a man to

was asked where the goose was.

As the goose was in a great crate half returned to Bennington tonight. as big as a wagonbox, it seemed wonderfully strange that anyone could so cf fectively have hidden the bird.

Warmer and warmer grew the searchers. Nearer and nearer Assistant Commisaloner Ellis' temper brought him to the point of calling on the police for a sys-

tematic search. At the home of F. J. Souder the plans were all laid and the company was in vited for a Sunday goose dinner. Still the goose could not be found. Every corner in the building had been searched when one page was found who knew something

"Oh, yes, sah," he said, "The cold s'orage people came and got that goose." It developed that the People's Ice and Cold Storage company, which had given the 300st, had sent up a driver the following morning to bring the crate back. The age, knowing nothing of the affair and the driver knowing best, the two of them threw crate, goose and all in the wagon and it was hauled back to the storage

Souder's driver was informed where to go, and eventually got his goose. The funer is to come off on scheduled time.

# NEW MODEL

Just Added to the International Motor Truck Line

Model "E", 1500 pounds capacity truck makes this popular line of light hauling motor trucks

The country-wide success of the 1000-pound capacity International Motor Truck, together with the extensive demand for just as reliable a truck in the three-quarter ton class has finally induced the International Harvester Company of America to market this new model of 1500 pound capacity.

In the eight years of its existence, the Model "M" International Motor Truck has broken all records for number of sales and for wide distribution. The new model will take its place beside the original truck, equally guaranteed as

International Motor Trucks will be shown at the Auditorium Show, to be held at the Auditorium February 15th to 20th. These will be found in the truck exhibit in the basement.

If you have the slightest interest in improving your delivery or hauling service; if you would like to have your hauling done in less time or for less money; if you are studying any phase of motor truck transportation with an idea of applying it to your business, do not fail to see the International Motor Truck exhibit and talk with the men who are in charge of it.

Remember the name—the International Motor Truck.

Remember the line-two models and one of the most satisfactory motor trucks ever used.

Remember the Date-Feb. 1st to 20th, and Come

# Would Your Widow Have a Home?

The man at the head of the house with the responsibility of caring for a family should have an eye out for future years. There are ways of providing for the future in a substantial manner and with very little difficulty if you will give the matter a little careful thought.

One thing that you can do right now that will be really worth while is to find out what other people know about real estate conditions and values in Omana. It may be that you have never thought seriously about owning a home or a farm of your own because somehow the words "real estate" are associated in your mind with an investment of big money.

This is not the case. There are hundreds of good chances to purchase a fine piece of property on very small payments-probably even less than you are now paying for rent. Find out more about it. There is every reason in the world for your future prosperity why you should look into this suggestion a little farther.

A real step forward would be to start reading the real estate ads in The Bee today and keep it up for awhile. They are mighty interesting reading to the man who wants to get ahead in worldly goods.
