Safe Investment

While all other business and other pursuits were suffering from financial embarrassments, the farmers of Nebraska, according to the Department Statistics, received \$5,000,000 more for the 1914 crop than for the 1913 crop. The increase in profits of stock raising also advanced accordingly.

ARE YOU GETTING YOUR SHARE?

The increased immigration following the European war will enhance values, making the investment more profitable. Here are some prime lands:

We have two ranches in the Niobrara Valley, Northern Box Butte Co., Neb., 2,040 acres and 2,050 acres. No sand, black loam, 90 per cent can be farmed. This locality is successful at both stock raising and farming.
