By MELLIFLOIA. Thursday, February 4, 1915.

WITH the revival of old-time fashions, such as the colonial bouquet, the voluminous wide skirt, a forerunner of the hoop skirt, which is to be with us so soon, it would be an interesting thing for the society folk of today to turn their engagement, books into a semblance of a diary, those charming little books our grandmothers used to keep so religiously.

This old-fashioned custom seems to be hopeless and unfortunately gone forever.

I found in an old trunk, just the other day, one of those tiny volumes and into it so painstakingly written were the impressions of a sea voyage taken, oh so many years ago. It was filled with impressions, sentimentalities and feelings, which in this present-day rush would be impossible. A word, or at least a line now and then—"I was at a tea the other day"—is all that could be expected. But, when you think of the pleasures such little books will hold for future years, let us have them live again.

Hot Tea Breaks A Cold—Try This.

Get a small package of Hamburg Bread Tea, or as the German folks call it, "Hamburger Reist Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

TWO NEW BOARDS FOR OMAHA'S GOOD

Recreation and Public Welfare Bodies Created by Ordinances of City Commissioners. ARE TO BE OPERATING SOON.

The city commissioners have passed ordinances which provide for a recreation board of five members and a public welfare board of five members. This action was the consummation of a campaign which has been carried on for several months.

Dr. Cyrus Stinson of the National Playground and Recreation association, and Prof. Theodore Hanson of the Public Welfare league of America were present at the council meeting and felt gratified that the ordinances have actually been passed. These measures will become laws fifteen days from passage, or February 19. In the meantime the mayor will decide on appointments, which must be confirmed by the council.

The personnel of the recreation board will consist of the superintendent of parks, the superintendent of schools or some one selected by the Board of Education to represent the superintendent, and three other persons. The first five members of this board will serve for one, two and three years, respectively, one new member being selected for a term of three years each year after the first year. There is a feeling now that the Board of Education will decide to co-operate with the recreation board. This matter is now in the hands of a joint committee of the school board, with power to act. It is believed the recreation board will enter upon its work within the next few weeks.

The first members of the public welfare board will be selected for terms of one, two, three, four and five years, respectively, a new member being chosen for a term of five years each year after the first year. Women may serve on this board whose duties and responsibilities are quite broad. It is stated that it will take six months or more to make a survey of the local situation and to outline some definite program. This board will be subject to control of the city council and will have charge of inspection and supervision of commercial amusements and entertainments and may make needful regulations for the same. The ordinance empowers the members with authority to investigate and regulate care of prisoners, conduct of penal institutions; to establish a free employment bureau and legal aid bureau; to study causes of poverty, delinquency, crime and disease.

The welfare and recreation boards will work independently.

MRS. ANNA FITZGERALD VAN LOAN, author, after a long and exhaustive study of present day conditions, declares that the betterment of such can only come in the co-operation of employer and employe, which will be brought around within a short time.

Encouraged by the offer of an Omaha business man, Mlle. Philippine Artois, an Anglized Belgian actress, is hoping to complete arrangements here for a large colonization project, whereby many Belgian refugees will be able to leave their ruined and desolate country, come to America and make a new start in farm communities to be provided for them.

She has already conferred at Hotel Rome with Omaha people interested in Belgian relief, and announces that she will lecture Sunday at 3 p. m. in the hotel convention hall, to inform local people of the situation and needs of her countrymen and of the movement which she is forwarding for their relief. Many Omahans have already volunteered to sell tickets.

Mlle. Artois says that she was visiting with relatives at Thionck, her native village, seventeen miles from Brussels, when the war started. They walked to Brussels and later walked forty miles farther to Malines and Antwerp, as the fighting crowded them back.

Her husband, Valentine Prentis, an American citizen, was mistaken for an English spy and narrowly escaped being sentenced to death before his identity was established. Her sisters, brothers and other relatives and many friends are among Belgian refugees now in Holland.

In her public lectures she tells of her exciting war experiences, for the purpose of raising funds for Belgian colonization in this country.

"My people do not realize a thing until it strikes them on the head," she says. "That is why they are up against it now, as you Americans say. Their conditions now are hopeless, but if they can get a chance somewhere else, they will make good and prove to be worthy of the help they are given. There are at least 5,000 people of my home village

NEGRO MAKES PLEA BEFORE JURY AND IS ACQUITTED.

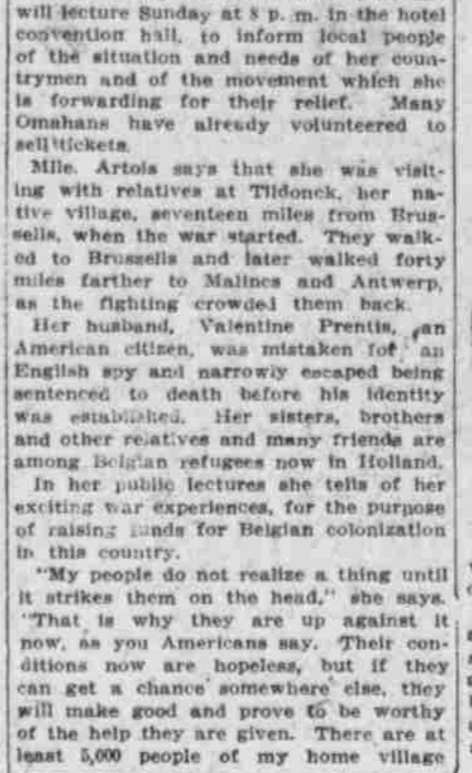

Charles Jordan, a negro, made a speech in his own behalf before a jury in Judge English's district court, where he was tried on a charge of breaking and entering Cackley Bros.' saloon, 1519 Capitol avenue.

"Honest, boys, I'm not guilty," said Jordan—so convincingly that the jury returned a verdict acquitting him.

Quickest, Surest Cough Remedy is Home-Made

Readily Prepared in a Few Minutes. Cheap but Unequaled.

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2 1/2 ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2 1/2 ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
