

ANDERSON NAMED AS VETERINARIAN

Governor Morehead Appoints Choice of the Sanitary Board for This State Position.

FOLLOWS ROW IN THE CAMP

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—Governor Morehead announced this afternoon the appointment of Dr. J. S. Anderson of Sedgewick as state veterinarian.

Dr. Anderson succeeds Dr. L. C. Kigin, appointed two years ago by Governor Morehead. Dr. Kigin resigned several weeks ago at a stormy meeting of the State Live Stock Sanitary board.

The board at once proceeded to recommend Dr. Anderson for the position for the appointment. The governor has had the matter under consideration since that time.

In making the appointment the governor said that Anderson had been named in view of his long experience in the veterinary profession in this state and of his exceptionally good standing with Nebraska stock men in general.

Dr. Anderson was considered two years ago for the place, but at that time it was understood that the governor was to have a lucrative private practice for the less remunerative position with the state. He is greatly interested in the affairs of the department, however, and was finally induced to take the place.

Kigin Back from Meeting. Ex-State Veterinarian Kigin, returning from a meeting of the Missouri Valley Veterinary Medical association at Kansas City, says that the association went on record as favoring the use of virus with hog cholera serum.

This has been a mooted question in Nebraska. At present Missouri prohibits the use of the virus, but the repeal of the law in that state is anticipated.

According to Dr. Kigin, many famous veterinarians from European countries, representing their governments in the purchase of American horses for war purposes, were present and helped to make the meeting an exceptionally interesting one.

Boys Madison Road. The State Board of Educational Lands and Funds has voted to purchase \$30,000 worth of school bonds from the town of Madison and \$20,000 worth of Columbia paving and sewer bonds, the latter to be first approved by the attorney general.

Thomas to Dedicate School. State Superintendent Thomas tonight went to Dawson county, where he will take part tomorrow evening in the dedication of a model school house at Willow Island.

Quinby Clears Air in Senate Chamber

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—No more will the senators sit back and puff their pipes and watch their rise and fall with the land-slide on the ceiling. Senator Quinby this morning called attention to the fact that there was a rule against smoking during consideration of business.

He happily the smoking senators lastly, he said, that the senators were not so militant in their present attitude. He member, muttered the wish that he would go to some place where there was smoke all the time and snuffed.

Quick and the Dead

H. R. 8, Hoffmeister—Makes establishment of high schools in every county. Passed: For, 33; against, 21; not voting, 5.

H. R. 18, Retsner—Provides for written reports of drainage district boards and county for refusal to make them. Passed: For, 33; against, 1; not voting, 5.

H. R. 20, Grace—Provides that transportation be given to caretakers of stock enclosures, both ways. Passed: For, 33; against, 1; not voting, 5.

H. R. 22, Koefel and Pries—Proposed constitutional amendment changing laws so that majority of those voting on organization of township organization, shall determine the result. Passed: For, 33; against, 1; not voting, 5.

H. R. 24, Palmer—Contemplates municipal judge for Omaha can appoint a constable. Passed: For, 33; against, 1; not voting, 5.

H. R. 26, Burgess—A majority of front footage signing for pavement and designating the material shall govern the kind of pavement. Passed: For, 33; against, 1; not voting, 5.

H. R. 28, Hodges—Provides any public official to appoint a relative to office, under pain of forfeiture of his own office and forfeiture of salary by the appointee. Recommended to the committee.

H. R. 30, Fuller—Provides that registers of deeds shall furnish to county assessors and the state board of equalization, lists of transfers of real property with gross acreage and value per acre. Indefinitely postponed.

H. R. 32, Jeary—Provides for inspection of factories and collection of fees for same by labor commissioner. Indefinitely postponed.

H. R. 34, Miner—Forbids youths under 18 years from serving as townsmen in railroad water works, between 7 a. m. and 7 p. m. Amending statute making limit of 18 years. Indefinitely postponed.

H. R. 36, Miner—Under the right of eminent domain railroads may not take more than forty acres in any section in addition to the right-of-way. Old law, twenty acres. Amended to allow twenty more acres for stock yards and same to be returned to state upon non-usage. Recommended to pass as amended.

H. R. 38, Major and Patterson—Amends to pure food law. Recommended to pass.

MINER WINS AND LOSES

Bill to Lower Age Limit of Townsmen to Eighteen Years is Killed by House.

LONG PINE ACT FAVORED

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—Representative Miner of Douglas, who just now is in the spot light as the author of a bill raising railway fare to 2 1/2 cents per mile, won and lost today on two bills before the house.

H. R. 186 providing for lowering the age limit for townsmen on railroads from 21 years to 18 was killed. Jerry Howard declaring it was a bill to help the railroads. Trumble of Sherman said it would mean more wiles.

Miner scored on his bill H. R. 128, providing that railroads may secure land by right of eminent domain. The bill is calculated to give the Northwestern railway the right to get possession of a tract of land at Long Pine belonging to the state, which it has used for several years for its depot grounds and on which the lease is about to expire. The bill was recommended for passage with the amendment that the land would revert back to the state when the railroad company ceases occupying it.

Joint Committee Is Named to Draft Warehouse Bill

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—A joint committee has been named in the legislature for the purpose of drafting a substitute public warehouse bill that will prove satisfactory to all interests. If such a thing be possible.

The committee is as follows: Senate, H. P. Shumway, J. M. Gates, J. R. Henry; house, G. H. Matteson, W. G. J. Daw and J. E. Cox.

The committee will hold its first public hearing on the proposed new substitute bill Tuesday evening at 7:30 o'clock in the senate chamber. Regular standing committees have held several hearings on the present bill.

Saunders Saves Valuation Bill

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—While the standing committee of the senate reported out Saunders' full valuation for real estate bill for indefinite postponement last night, the senator by a vigorous fight this morning managed to get the bill referred back to the committee for another hearing.

Saunders said the sentiment in all of the larger cities was for a full valuation of real estate and that Omaha was for it strong. He said that the one-fifth valuation gave the state a black eye, when it comes to selling bonds and that explanations were always necessary and sometimes detrimental to the sale.

Saunders' Mallory and Busbee were with senator Saunders in his fight and said he had been absent from the committee, when the bill was killed. Chairman Bulmar of the committee said that three hearings had been had on the bill and he felt sure a majority of the members were against it. The bill went back to the committee for another hearing.

House Stays at Work, Senate Takes Layoff

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—While the senate has adjourned until 3 o'clock Monday, the house this afternoon decided to keep going and will meet again in the morning. This is made necessary because of the large number of bills before it for consideration.

SCHOOL COMMITTEE IS NAMED

Speaker Appoints Taylor Chairman of Body to Go Over All Expenditures.

COVERS ALL EXPENDITURES

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—The committee to investigate the various items of expenses of the University of Nebraska and the state normal schools was this afternoon appointed by Speaker Jackson, as follows: Taylor, chairman; Peterson, Van Deusen, Neff, Leggett, Snyder and Bates.

The original resolution for this committee was introduced by Representative Taylor. It provided for three members. Norton's amendment increased the membership of the committee and extended the investigations to university activities and all other affairs of the educational institutions where a single dollar is spent by the state.

Annexation Bill Passed By, Since Some Are Absent

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—On request of Senator Howell the Omaha annexation bill was by today because of several absentees. The senator explained that there was a little opposition to the emergency clause in the bill which demanded attention. He said that as far as Omaha itself was concerned it would be better to leave the clause off, as it would allow the city to select the officers this spring without the annexed territory having a say in the matter, but he said, the people of Omaha wanted to be fair and the annexed sections would not be let out of a chance to participate in the election and he thought any objection to the emergency clause was ill advised.

Factory Inspection Bill is Postponed

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—Representative Jeary's factory inspection bill was relegated to the discard Friday morning after a prolonged discussion whether a factory should be inspected and be considered as a factory where one employee is the sum total of all the employees.

Tibbets of Adams finally got an amendment through providing for a minimum employe list of two after his amendment to also the minimum five was killed. The chief objection to the bill seemed to be the plan to create more inspectors. Trumble and Tibbets opposed the measure on the ground that blacksmith shops, shoemakers' shops and hardware stores employing a couple of timers would fall under the provisions of the bill and inspections of these places were necessary. After amending several of the clauses, the house in committee of the whole moved to indefinitely postpone it.

SENATOR GRACE ENTERTAINS SELECT COMPANY OF FRIENDS

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—A select party of friends, responding to the invitation of Senator Jack Grace, gathered at the Victoria hotel yesterday evening and enjoyed the hospitality of the statesman from Harlan county.

It was the celebration of the senator's thirty-third birthday and a dozen people sat down to the dinner. It is understood that the senator may be a candidate for the democratic nomination for governor in 1918 and the record he is making in this session, indicates that he will be a strong factor in the democratic primary.

"Announcements" ads bring good results.

MINER EXPLAINS RATE BILL

Douglas Member Tells Why He Thinks Passenger Fares Should Be Raised.

RAILROADS NEED REVENUE

(From a Staff Correspondent.) LINCOLN, Feb. 4.—(Special.)—The introduction in the house of a bill by Representative Miner of Douglas county raising the passenger rate on railroads from 2 to 2 1/2 cents per mile has started a discussion expected to be an educational factor in railway legislation whether it brings support to the bill or not.

Representative Miner has prepared a statement about conditions prompting his bill, in which, among other things, he says:

"That the railroads in Nebraska and elsewhere are facing the gravest crisis in their history is so well known in financial and business circles that it requires no extended comment—and furthermore, this situation was recognized by the Interstate Commerce commission in the eastern rate case when it pointed out that the European war has greatly intensified the former difficulties of American railroads by indefinitely closing to them the foreign money markets. The rates which are now in effect in Nebraska and other corn belt states are in direct conflict with the present position of the Interstate Commerce commission.

"A number of Nebraska lines are losing thousands of dollars annually under the present rates, while others are not beginning to make a fair return upon the money invested in their properties and all these facts will be clearly established at the proper time.

"In the final analysis it will be for the legislature to say whether the railroads of Nebraska shall be permitted to receive enough remuneration to enable them to continue to render adequate service and thus contribute their full share to the progress and development of the hundreds of communities which they serve."

Return Passes Soon For Stock Shippers

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—Representative Nutman of Otoe was the only opponent to S. F. 36, providing transportation both ways for cartakers of stock shipments when the bill came up today in the house for third reading and passage.

The measure carried, 89 to 1. Having passed both houses it now goes to the governor for approval and his signature.

NO MORE JUNKETING IS RESOLUTION GOES

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—No junketing trips for the committee on state institutions will be necessary if the house adopts the resolution offered today by Fuller of Howard. His proposal was based on the opinion that traveling over the state and the inspection of the state institutions was cared for in a proper manner by the Board of Control.

County High School Bill Passes House

(From a Staff Correspondent.) LINCOLN, Feb. 5.—(Special.)—Every county in the state will have a high school if the senate agrees to H. R. 5, passed this afternoon by the house.

Barrett of Douglas voted against the bill because he believed that compelling the building of high schools was unfair. He opposed the mandatory clause to the Hofmeister bill.

Bates of Cheyenne supported the measure because it gave each of the five counties he represented a school. One of his counties, he explained did not have a high school. Others who explained favorable votes were Hofmeister, the author, Anderson of Boyd and Peterson.

THOMPSON, BELDEN & CO.

SOROSIS SHOES

\$4 to \$7 Values IN THREE LOTS

\$2.95, \$3.95 and \$4.75

Many of our new and most stylish models in all leathers and fabrics are included in this sale.

A Special Showing Saturday of the New Poke Bonnets

Here's joy for the woman of "dominant" size, as "Lucille" says, who cannot wear one of those saucy little Tipperary or Chin Chin bonnets without looking a bit rakish. The new poke bonnet is designed for her and is becoming, bewitchingly becoming, to every woman who puts it on. It is not really a bonnet, but a sort of pretty poke effect that can be so adjusted that it looks charming on the "big girls" as well as the little slim women who have been so lucky these last few years on styles.

Do not get the impression that these new hats are for girls only. They are for every age, from the tiny tot to the matron. Prices are very inviting, too.

Special at \$4.95, \$6.75, \$8.75

And beautiful Leghorn and Clifton effects, \$12.75 to \$15.75. Millinery Section—Second Floor.
