

HOUSE PUSHES THE BUILDING AND LOAN

Committee of Whole Recommends Measure for Passage and Sends It to Third Reading.

MAIN PURPOSE TO LIFT LIMIT

LINCOLN, Feb. 8.—(Special.)—Favorable action on the Hearn building and loan association bill, H. R. No. 4, was taken by the house in committee of the whole Monday forenoon. Several critics of the bill attacked it on the floor, but its friends, came to its defense in vigorous fashion, and a motion by Mr. Eimelund to postpone indefinitely was voted down by 61 to 11. The committee of the whole then recommended the bill for passage and sent it to third reading.

The main purpose of this measure is to increase the limit of loans which may be made to any one person by a building and loan association. Under the present law, no more than \$5,000 may be loaned on any one piece of property and no more than \$2,000 of stock may be taken out by the borrower.

Changes This Bill. The bill changes this rule so that corporations having 200,000 of assets may make single loans of \$10,000, and from that amount on up by graduated steps until the limit of \$25,000 is reached for associations having 1,000,000 or more of assets.

Opposes the Limit. Mr. Nichols made a speech against the \$25,000 limit, declaring that big loans like this are made at a lower rate of interest than smaller ones. He considered that the chief problem of the building and loan association is the amount of capital for small borrowers and home owners, and he would not consider it fair to that class to permit such a large loan as \$25,000.

For Small Borrowers. Mr. Trumbull wanted the law left as it is so that the small borrower would get the use of the funds belonging to building and loan associations.

Mr. Palmer supported the bill and declared that the law stands the same now as it was eighteen years ago, when building and loan associations were in their infancy. He thought the time had come when their scope should be enlarged.

Mr. Schneider declared that from his home town, Hastings, he had letters from both banks and building and loan associations that they favored the bill, and for that reason he was for it.

Railway Time Table Measure Postponed

LINCOLN, Feb. 8.—(Special Telegram.)—The railroad committee of the house reported house bill H. R. 10, for indefinite postponement this evening, after a hearing, in which several representatives of railroads were given a chance to talk on the bill. The bill required that the time-table of trains should be published in two newspapers of the country and paid for at the legal rate.

LIEUTENANT GOVERNOR EXPLAINS HIS POSITION

LINCOLN, Feb. 8.—(Special.)—Lieutenant Governor James Pearson feels that certain newspapers have been unfair to him in publishing the fact that he receives twice the salary of a senator and that his son is one of the senate employees. He says that it must be taken into consideration that he had to make a state-wide campaign and had to furnish a fidelity bond that cost him \$20,000, though not required of the ordinary senator.

COURT REPORTERS IN ARMS

Representative Taylor's Bill Causes Fight to Be Made Upon Measure Allowing Free Appeals.

JUDGE GRAVES IS AGAINST IT

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—Representative Taylor says house roll No. 118, cutting the incomes of court reporters by requiring them to furnish transcripts of cases appealed to the supreme court, free, was prepared for the express purpose of helping the poor man who might have to go to the supreme court and had no money to pay for a transcript. Opponents of the bill meet this with the argument that the bill is in the interest of men who can afford to have lawsuits, for they can carry cases up and it won't cost them anything to do so.

Messages of one kind and another have also been coming in, the following from Judge Graves of the Eighth judicial district to Representative Hearn being a sample of the many coming to the members: "Vote against house roll No. 118. Reporter could not keep up work under free transcript. Supreme court would be swamped. One familiar with court work knows a reporter earns his money. We need good reporters and must pay them. Don't cut salaries or free."

Personal Tax List Publication Meets with Favor

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—House roll 42, by Hefumund and Broom, which calls for the publication of personal tax lists, is exciting much favorable comment in the legislature and apparently stands a good show of being put through.

The legislators figure that while it will probably cost the various counties something, the publication of the personal tax rolls would save its cost many a fine eye by driving the tax delinquents out in the open. The bill provides for the publication by township at one-third the legal rate. Only the total and not the itemized schedule is to be printed.

NO BOUNTY UPON CROWS; LAHNER'S BILL KILLED

(From a Staff Correspondent.) LINCOLN, Neb., Feb. 8.—(Special.)—The measure which would provide a bounty of 10 cents on each crow after brought to the county clerk's office, in defense of the bill Senator Lahner said in that the crow was a disease spreader in that it fed upon the carcasses of hogs which had died of hog cholera and then carried the disease to the barnyards of the community.

Senator Spiker of Saline came to the rescue of the crow, all did not think it was right to kill the bird. He believed he was a great songster and made music for the ear and while they were eating their meals and making the barnyard a part of a caretaker for the amusement of the people. "You couldn't kill 'em, anyway," said the Saline county senator, "for they can smell powder so far that no man can get close enough for a shot," which shows that the gentlemen from Saline know something about crows.

Omahans Tell Labor Committee About Compensation Law

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—A hearing before the labor committee of the senate this evening did not develop in any great results. The hearing was over an amendment to the present workmen's compensation law, which would raise the liability from \$0 to 60 per cent.

President Knapp of Omaha, president of the State Manufacturers' association, and J. W. Gamble, president of the Omaha association, Denister of the Dempster Windmill Manufacturing company, of Beatrice; Mars of Fremont and other spokes against a change, and P. M. Coffey, state labor commissioner, favored the amendment.

Knapp said that the compensation law had been in effect only a short time, and as it was working out in good shape he did not think it wise to make any changes. Coffey thought the law should be changed so as to extend over a small number of employees. He also thought there ought to be a provision of the law which would give a certain percentage of the compensation received for a fund for the administration of the law. As there were but three members of the senate committee present tonight no action was taken.

House Recognizes Dr. Bessey's Work

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—Dr. C. E. Bessey's long service to the state of Nebraska is recognized by the house of representatives in a resolution in the house offered by Mr. Matteson. The resolution expressed the appreciation of the valuable work done by Dr. Bessey in the study of plant life and expressed hope for his speedy recovery from the illness which now confronts him.

It was reported that Dr. Bessey is little improved and heart specialists from Omaha have been called in consultation over his case.

Senate Gigs Back On Printed Journals

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—The senate met this afternoon and about the first thing raised was the old question of the senate journal. It being finally agreed that as a substitute for the daily printed journal mimeograph copies should be furnished the senators.

DOUGLAS COUNTY BILLS REPORTED FOR PASSAGE

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—H. R. 14, a bill which was introduced by the Douglas county delegation, calling for a municipal court in Omaha and amended so as to give South Omaha another one. Was reported to the house by the judiciary committee this morning for passage.

A feature of H. R. 21, another bill by the Douglas county delegation, cuts down the number of justices of the peace in Douglas county from six to two. This bill, with other features, such as appointment of constables instead of election, was reported for passage in the committee of the whole.

JERRY AND RAGAN KEEP POT BOILING

Two Representatives from the Emerald Isle Are Always on Opposite Sides of the Fence.

GIVE ENTERTAINMENT APLENTY

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—"The corporation gentlemen from Platte" and the "English-Irish protector of human rights" are two members of the lower body of the Nebraska legislature who are in the limelight most of the time. The above is the way they refer to each other in debates and between the two they furnish amusement enough in the house to keep the members good natured.

Richard Ragan of Elsie is the first named and Jerry Howard of Douglas the last named. Both come from the "Old Sod" and it doesn't take much provocation on the part of Ragan to touch Howard off.

Corporation Reporters. The other day when a bill was up in which Jerry was deeply interested Ragan moved that the bill be sent to the corporation committee. This was too much for Howard and he retorted: "Ye, and it to the corporation committee, will ye? I know that's what ye'd like to send it to."

But the house refused to do so and sent it back to the labor committee, of which Howard is chairman. When the vote was announced Jerry shouted across to the gentleman from Platte: "Now, run to the telephone booth, I think ye will find a message there for ye."

Jerry is Some Astorical. As chairman of the labor committee Howard has Joe Cannon backed off the map. He adjoins the committee whenever he pleases and does about as he pleases. Ragan is on the same committee and he keeps the chairman in hot water most of the time by his side remarks. It is no infrequent thing for the chairman to call Ragan to order with a remark something like this: "Shut yer mouth, ye blackguard, and listen to a gentleman who be as radial as this bill."

Ragan is too good natured to take offense at anything the Douglas county gentleman huris at him and is fully satisfied that he has called out a reprimand.

Risener Is Pushing State Farm Serum Bill

(From a Staff Correspondent.) LINCOLN, Feb. 8.—(Special.)—Representative Risener of Thomas county is fearful that his serum bill will meet with opposition when it comes up in the house. The bill is known as H. R. 118, and it provides that all serum used in the state shall be manufactured at the state farm. Considerable opposition is being raised to the bill, but Mr. Risener claims to have affidavits from prominent cattlemen which will make the measure win.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain molasses cocoonut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and ex-coaste oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get molasses cocoonut oil at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months. Advertisement.

Mlle. Artois Strikes Snag

Hotels Not Anxious to Serve Her, with Result She May Depart from the City.

WILL LEAVE THE HOME AT ONCE

Mlle. Philippina Artois, the Belgian actress who stirred up such a storm of protest by her pro-German remarks at her lecture Sunday evening, may not now carry out her announced intention of remaining here all this week. She spent yesterday visiting other hotels than the Roma, where she has been staying, and which she said she was going to leave.

Negotiations toward locating at some other hotel have so far brought no results, and she is expected to move on to the next city on her list, talking with her the money she collected here from both German and English entertainers, each side not knowing until Sunday night that she had obtained support from the other side.

At the Roma yesterday Chief Clerk William Anderson said that Mlle. Artois had indicated her intention of leaving because the Roma's hotel rate was more than she wished to pay. At the Henshaw Manager Joseph Keenan said that she had called looking for quarters. He says he understood her to say that her accommodations at the Roma had been \$60 a night and that she had hoped for a similar courtesy from another hotel during the present week. He told her he was entering capacity business and could not offer the desired free room.

At the Paxton President Ralph Kitchen says he told her he could not provide a room, as the hotel was filled with guests. At the Loyal G. A. Bennett, the clerk, says he told her that he could not make the special low rate she asked for.
