cross, feverish, sick children need "California Syrup of Figs"

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign that its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside cleansing." Duration for babies, children of all ages and grown-ups are plainly on each bottle. Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.
