

# MRS. WILLIAMS' LONG SICKNESS

## Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

### RESINOL HEALS RAW, ITCHING SCALY SKINS

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores. The suffering usually stops right there! Healing begins that very minute, and in almost every case your skin gets well so quickly you feel ashamed of the money you threw away on tedious, useless treatments. Resinol Ointment and Resinol Soap clear away pimples, blackheads, and dandruff. Prescribed by doctors for 20 years and sold by all druggists. Contains absolutely nothing that could harm the tenderest skin.—Advertisement.

## CO-OPERATION SAVES THREE MILLIONS

### Iowa Farmer Grain Dealers Are Enthusiastic Over Work Accomplished by Association.

#### QUARTON TALKS ON MIDDLEMEN

MASON CITY, Ia., Feb. 11.—(Special)—When Secretary Ray announced to the Farmers' Grain Dealers' Association of Iowa, yesterday that at a conservative estimate they had saved in ten years nearly \$3,000,000 by co-operation, it was the blow that almost sent enthusiastic delegates through the roof.

D. Hathaway, the president of the society at Pearson, Ia., stated that the Transmississippi Grain company had tried to drive them out of business by bidding from 1 1/2 to 2 cents more per bushel for grain than the market warranted and that it had been indicted by the Sioux City grand jury for discrimination. The association without a dissenting vote said that they would stand by the Pearson society financially and morally in the prosecution.

Producers on the farms of Iowa were urged to organize in self-protection against trading corporations dealing in farm products, by W. E. Quarton of Algona, Ia., in an address here this afternoon.

Other causes cited as reasons for closer organization on the part of the farmers were the so-called "constant increase of middlemen and the amazing increase in the cost of marketing products."

Mr. Quarton criticized existing laws which he said prevented the farmer from reaping the full benefit of his efforts, particularly those laws which were framed for the purpose of preventing illegal combinations, but which are now being urged against co-operative societies.

"The whole theory of the laws referred to," said Mr. Quarton, "is that competition governs trade." There may have been a time in the history of our country and state when this rule of trade was in general vogue, but I think I am safe in saying we are far past that time now, in the case of large capitalized commercial corporations; and when competition ceases to govern trade, the only thing left for the people to do is to pass such laws as will govern the transacting trade associations; but such laws would never become necessary if we had only farmers' co-operative societies to deal with. These laws were not made or intended for them. The laws of the country should not prohibit their legitimate organization for protective purposes.

"It is not fair to say by the laws of the state, that competition shall govern trade as to one class and not to all others. Does anyone here think that the price of grain and live stock on the Chicago market is fixed by competition?"

Mr. Quarton urged whole-hearted support of the co-operative societies and the repeal of laws inimical to their existence.

### POLICE HUNTING RING'S SLAYER IN DOWNTOWN AREA

(Continued from Page One.)

cap or hat. Mrs. Williams give them a greasy old black felt hat.

Commissioner Kugel will attempt to influence the appropriation of enough money for a suitable reward for anyone furnishing information leading to the arrest of Ring's murderers.

The police station has been decorated with crepe and all members of the detective department are wearing black on their arms. The crew of officers, who worked all night searching for the murderers, took a two-hour rest in the morning and then returned to the man-hunt for the desperadoes.

Three in the Room.

The police are now certain that three men were in the room at 4th North Fifteenth street when Ring was shot, as several people saw a fellow answering the description of No. 3 run east on Chicago street and fall at Fourteenth. The two others jumped from the window and escaped by the alley to the rear of the Madrid boarding house.

Detectives Lahey, Sullivan and Van Dusen, taking with them Adolph Madrid, proprietor of the house in which the shooting occurred, left about 3 o'clock for Pacific Junction to renew the search in that vicinity. Near this town, in what is locally known as the Burlington cut, a switchman saw two Mexicans, one supporting the other, making their way along the tracks.

Chief Raney of Plattsmouth with a force of men worked all night with Omaha officers in scouring the country for further trace of the trio.

Captain Maloney had all the doctors in the city called by phone to see if any Mexican had been treated by them, but this revealed nothing.

The Ring family has been visited with a host of troubles within the last few years, starting with the death of their son Edward, following an operation for appendicitis. Mrs. Ring, who was in a serious condition owing to illness and the shock of her husband's death, is reported to be much better yesterday.

Funeral Saturday.

Funeral services for the dead detective will be held from St. Philomena's church, Tenth and William streets, Saturday morning at 9 o'clock, with interment in St. Mary's German Catholic cemetery.

Suspects Nipped in Iowa.

At 2 o'clock in the afternoon detectives started from the police station in an automobile to see two suspects arrested at noon at Crescent, Ia., on charges of answering the description sent out of the two men wanted in connection with the murder of Ring.

Accompanying the detectives was a man who recognized at 4th North Fifteenth street and who would be able to identify the suspects if they are the men wanted by the Omaha police.

Has Used Chamberlain's Cough Remedy for Twenty Years.

"Chamberlain's Cough Remedy has been used in my household for the last twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Mink, Shortsville, N. Y. Obtainable everywhere.—Advertisement.

## SPANISH ENVOY IN MEXICO MUST GO

(Continued from Page One.)

Spanish minister, you have given to Cases, hiding him in your legation and saving him from the punishment which he has merited, obliged me, as first chief, to inform you that inasmuch as you have disobeyed my orders you must leave the country within twenty-four hours from midnight, February 10. No offense to the Spanish government or people is implied by this act.

Likely to Star.

It was not believed here that Carranza's action would be followed by the immediate retirement of the remaining diplomatic body there. Though it has been reported generally they deeply resent the treatment accorded to their colleague, it is believed they will subordinate this to the urgent demand for their presence in the Mexican capital to look after the lives and property of their nationals during the present crisis.

Ariel De Caso is well known in Washington. Having paid several visits to the city, he consulted with officials here regarding the conditions in Mexico, upon which he was regarded as an authority by reason of his long residence there and his large pecuniary interests. It is known that he has been acting as a confidential agent for the Spanish minister in his communications with General Villa, so that his relations correspond to those existing between George R. Carothers and the State department here.

### A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to destroy it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

## Kearney Appointed Receiver for Wabash

ST. LOUIS, Feb. 11.—Edward F. Kearney, acting president of the Texas & Pacific railroad today was appointed receiver of the Wabash railroad. He will share the duties of the receivership with E. B. Fryer, who has been one of the receivers since the road went into bankruptcy and who is now president of a St. Louis bank. The appointment was made by United States Circuit Judge Adams, who also authorized the issuance of receiver's notes to the extent of \$1,500,000. These notes will be used to take up equipment notes of a similar amount now past due. Installment payments on the old notes were defaulted last July and in January.

The authorization of the new note issue and the appointment of a co-receiver were considered in railroad circles as steps toward the reorganization of the Wabash. A plan of reorganization submitted to the Missouri Public Service commission last May has been withdrawn and a new plan must be drafted before definite steps can be taken. It is understood that Mr. Kearney is to be elected president of the Wabash while the road is reorganized.

### Learn To Be Your Own Dress Maker

We inaugurate an early spring course of lectures and lessons, beginning Monday, February 15th, under the personal supervision of

#### Mme. Coates of New York and Paris

Originator of this method of teaching, who will give a special series of lessons in dress-making from February 15 to March 20.

#### Free Explanatory Lectures Friday and Saturday, 2:30

In this course of instruction, every stitch in plain and fine needlework will be taught, together with the latest most approved methods of doing up the household sewing, while the principles of correct handling of different portions of garments, such as plackets, button holes, belts, girdles, collars, sleeves, cuffs, etc., are dealt with as individual subjects.

The principle of accurate and economical cutting thoroughly taught, together with perfect fitting and correct altering, construction, making and finishing of underwear, waists, skirts, dresses, coats, suits and children's and infants' clothes. The cutting, fitting and construction work on all garments is done in the classroom and special work is given for home study.

Classes will meet on the Third Floor at 2:30 p. m.

Class A will meet Mondays, Wednesdays and Fridays.

Class B will meet Tuesdays, Thursdays and Saturdays.

Each course will be exactly alike and comprises fifteen lessons.

Tickets for the entire course of 15 lessons only 50c, now on sale at Superintendent's Office (Main Floor). The limited number suggests your early enrollment and reservation for your place. Be sure to attend the free lectures Friday and Saturday afternoons at 2:30, February 12 and 13, held on the third floor.

This Course Is Positively Complete, From the First to the Last Step in Garment Making.
