CUTS RATES FROM OCEAN TO OCEAN

(Continued from Page One.) The commission, but only on the commodities in question. The net result of the greater relief is that industries in the Chicago and middle west section will continue in the business of supplying customers on the Pacific.

MISSOURI RIVER DIFFERENTIAL

The order permits railroads to carry carload freight from Chicago, Buffalo and New York to intermediate points 15, 25 and 35 cents higher than from Missouri river to the same destinations...

THE PACIFIC COAST TERMINALS TO WHICH THESE RATES WILL APPLY

"It is evident from the whole record," says the commission's opinion, "that whatever may have been the degree of competition in the past between the rail carriers and the water carriers as to the rates on these articles, concerning which additional relief is now sought, we are witnessing the beginning of a new era of transportation between the Atlantic and the Pacific coasts."

Vice President of Bank So Testifies in Trial of Attorney T. H. Matters.

NOT AWARE OF EXCESSIVE LOAN

George Honey, vice president of the defunct First National bank of Sutton, testified in the trial of Thomas H. Matters yesterday, that he had not been aware his bank had outstanding loans greater than the law allowed...

Pass Book in Evidence

In the morning a two-hour fight resulted in a victory for the prosecution in having admitted as evidence a pass book of Matters containing entries of his account in the First National bank of Sutton.

Book is Correct

The defendant offered sworn objections and Attorney Wilson for the defense declared in a speech that Matters had protested in some of these seven letters that the passbook was incorrect in its figures...

United States Attorney Howell then started reading the seven letters to the jury.

A carbon copy of a letter purporting to have been written by Luebber to Matters, April 13, 1913, stated that Matters' account in the bank was overdrawn \$24.18.

EGZEMA COVERED CHILDREN'S HEADS

Broke Out in Blisters, So Bad Could Hardly Bear to Wash Heads. Used Cuticura Soap and Ointment. Children Were Healed.

Gilchrist, Mich.—"My two children were covered all over their heads with sore eruptions which I was told was eczema. It broke out in blisters; a patch as large as a quarter would break out and on top of the sore was a scale. I cut the hair as near down to the head as I could when the first eruption broke out. The eruption was so bad I could hardly bear to wash their heads and there was not a spot as large as a pin on the head that was not broken out."

"I shampooed their hair, then rubbed the Cuticura Ointment on. After I had used the sample I bought one box of Ointment and one tube of Soap and I had not used all of them when the eruption had dried up and my children were healed." (Signed) Mrs. John Rolston, August 6, 1914.

Sample Each Free by Mail With 25-c. Skin Book on request. Address post-card "Cuticura, Dept. T. Boston." Send throughout the world.

Keep the Children Bright and Happy

Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin, and is especially recommended for children because of its freedom from all opiate or narcotic drugs and its gentle action.

MONEY FOR POSTOFFICES

Sundry Civil Bill Contains Appropriations to Start Number of Nebraska Projects.

FALLS CITY FIRST ON LIST

(From a Staff Correspondent.) WASHINGTON, Feb. 11.—(Special Telegram.)—The sundry civil bill now being considered in the house contains appropriations for carrying out the building of some of the postoffices in Nebraska that have previously been authorized.

The public building act approved March 4, 1913, contained authorizations for over 200 projects, and the supervising architect's program up to this date includes only 149 of these.

Of the 149 projects that have been numbered by the architect's office the first sixty carry an appropriation ranging from \$10,000 upward in the present bill. The bill also contains a uniform sum of \$1,000 for the next forty projects.

This leaves a balance of forty-nine which have been numbered but for which no appropriation is authorized by the bill this year.

Falls City Stands First.

Falls City comes within the first group according to the date the site is actually acquired, and the sum of \$10,000 has been appropriated to commence the work there.

Thin People Can Increase Weight

This men and women who would like to increase their weight with 10 to 15 pounds of healthy "ray there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, into rich, ripe fat producing nourishment for the tissues and blood—preparing it in an easily assimilated form which the blood can readily accept.
