Flickertail Senate Renigs on Suffrage

BISMARCK, N. D., Feb. 19.—The North Dakota senate recalled from the house tonight the equal suffrage bill, recently passed by the upper body. As a motion attached when the bill passed the senate makes necessary a two-thirds majority vote to re-pass the measure. It is generally believed it will not be reconsidered this session. The bill passed both houses two years ago, and if favorably acted on at this session would be submitted to the people two years hence.

MANY WOUNDED SEEN ON THE STREETS OF BERLIN

BERLIN, Feb. 16.—No fair picture could be drawn of the Berlin of war time that did not include mention of the thousands of wounded in the streets. In motor cars, in wheel chairs and in the crowds on the streets, they are everywhere, limping, maimed and swathed in bandages. At one dinner table in the Hotel Adlon were four officers, every one of them had his arm in a sling and two of whom had their heads in bandages. One, a captain, had lost his right hand, but he had the iron cross of the first class and he seemed the happiest of the party. Indeed, the cheerfulness of the wounded contrasted strikingly with the sad eyes of the many women in mourning. The toll has done little to weaken the spirit of the populace, but it is beginning to horrify the visitor.

Winter Double Work

In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little out door work or exercise to cause sweating, the kidneys have to do double work. Foley's Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination. SOCIETY COMES TO VIEW AUTO SHOW

Beautiful Women, Handsome Gowns and Lovely Hats Vie with Shiny Cars. AUTOS ARE THE LODESTONE

It was a toss-up whether the big crowd that came to the Auditorium last night was there to admire the machines or Omaha's feminine beauty on parade. Perhaps several hundred were interested only in the cold, glossy automobiles, and perhaps another several hundred were interested only in the warm, colorful beauties that paraded the floor on the arms of dress-suited and pleased escorts. The consensus of opinion seems to have it that it was a dual attraction that brought out the big crowd.

Society night this year overlapped the same event of last year, in point of attendance, by many hundred, it was officially stated. At 9 o'clock in the evening, the curbs in the vicinity of the Auditorium were lined with electric lights, and autos that had conveyed the elect of Omaha to the auto-show.

Military and Cars. The newest in spring military bobbed about among the sea of the newest in motor vehicles. Picking the best all around styles in apparel was just as distracting a problem as choosing a car. Some of the hats were built for speed, others for comfort, and still others were like cycle cars—all for "round us." The most favored head-gear seemed to be the "one-man top" kind, which is so small that one person can operate it, unassisted.

But it is an Auto Show. The general types indicated the popularity of the stream-elliptical springs, the resiliency of which made moving about quite a comfortable procedure. Quite a few runabouts were also represented.

But to get back to the automobiles for the benefit of which the show was given—salesmen were busier last night than on any other night, demonstrating and scoring the good points of their cars. Every different make of machine, from truck to motorcycle was the center of an admiring throng of "prospects." Many sales were reported for yesterday, and each salesman has a notebook full of prospects for the future.

Tonight will not be cabaret night, Manager Clarke Powell announced. It was given out earlier in the week that Friday night would see a flock of entertainers descending upon the Auditorium, but Mr. Powell says that instead of subterfuge charging up and down the aisles armed with tambourines, the charging will be done by salesmen armed with notebooks and catalogues.

No Cabaret Tonight. Somebody else connected with the show, other than Mr. Powell gave out the information, and all week long gladiatorial posters, dancers, songsters, etc., have been taking up Mr. Powell's time. The auto show is averaging attendance of about 10,000 a day, Mr. Powell declared. Some who pass the ticket chopper stay inside for a short while, and others remain for hours, admiring the newest in vehicles.

Conference is Held On River Terminals

ST. LOUIS, Mo., Feb. 19.—Delegates from most of the states in the Mississippi valley today attempted a conference here on river terminals. The meeting is to last two days. Addresses were made by Governor Major of Missouri, and former Governor Eberhardt of Minnesota, chairman of the gathering.

The sessions today were devoted largely to reports on river terminal work in various cities, including Minneapolis, Kansas City, New Orleans and Davenport. Former Governor Eberhardt said that at least a third of the upper Mississippi river towns have begun river terminals. He urged that a campaign be inaugurated to educate public opinion to the desirability of such facilities. I. D. Moore of New Orleans said all river terminals should be owned by the public.

ANOMALIES OF CHICAGO ELECTION LAWS SHOWN

CHICAGO, Feb. 18.—Mrs. Angela Murolo, American born and a resident of Chicago all her life, cannot vote at the primary next Tuesday because she is not a citizen, while Mrs. Minnie Clemens, foreign born, who never took out naturalization papers, has a right to help select a candidate for mayor.

A double ruling of the election commission today deprived Mrs. Murolo, who voted last spring, of her franchise, and granted Mrs. Clemens the privilege of an American citizen. Mrs. Murolo, the commission found, recently married an alien and consequently lost her American citizenship. Mrs. Clemens was granted the right to vote because her husband, now dead, was naturalized eighteen years ago. When her husband is naturalized Mrs. Murolo can vote again.

WHAT CAUSES COLDS?

This question "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

AFFAIRS AT SOUTH OMAHA

High School Debating Team Wins Fourth Straight Victory from Lincoln.

MEETS OMAHA MEN FRIDAY

The local debating team won its fourth consecutive debate from the Lincoln High school debating team by the unanimous decision of 7 to 0, at the high school auditorium last evening. The question debated was "Resolved, that the United States Should Own and Operate the Railroads," the locals taking the affirmative and the Capital City trio the negative. Harold Treater, winner of second honors in 1913 in the state elimination contest for high school debaters, spoke with the Lincoln team. The locals, although weak

on delivery, secured the decision through superior argument. Friday evening the local team will meet the Omaha High school team in the first league debate of the eastern district.

Returns from Lincoln. City Attorney H. C. Sturphy returned yesterday from Lincoln where he has been for some days leading the anti-consolidation fight. Mr. Sturphy is ill and has been suffering from a severe cold and inflammation of the ear. It was said that his condition is not serious and that he would be around in a day or two.

Bees in Albright. Pending the attenuation of business there is a quiet boom on south of Albright in property contiguous to that purchased some time ago by the Union Pacific Railroad company. It is asserted that Union Pacific shops will be transferred to this section as soon as business conditions warrant increased expense on the part of the railroad. A

number of other property moves are said to be held up waiting the decision of the consolidation bill. It is said that consolidation will make the coming of the new improvements an assured thing.

Rob Two Places. Thieves broke into the home of Mrs. J. Thibault, 210 O street, Wednesday night and stole a suit of clothes, a revolver and several trinkets. At Twenty-fourth and E streets the burglars broke into a grocery store and stole \$10.

Watch and Chain for Bulla. James H. Bulla, president of the South Omaha Trader's exchange, was presented with a gold watch and chain yesterday noon by the members of the exchange in recognition of his services as head of their organization. Bulla was recently elected to succeed himself for the eighth consecutive term. When the retunda of the exchange was filled with the members during noon hour Bulla was invited to join the crowd.

Bruce McCullough commented on Bulla's long affiliation with the yards and the exchange and ended by thrusting the big gold watch and chain together with an elk's tooth charm into the hands of President Bulla. Bulla responded and after that the program was continued. Just what the program was is a secret, but according to Bulla "everybody was happy."

MISS OMAHA HAWLEY will be seen at the Rose theater tonight in a three-part offering entitled, "The Regenerating Love." This is presented in conjunction with series number five of "Runaway June," which is the first showing of this episode in either of the Omahas.

These "Wirthmor" Waists are Exceedingly Good Looking at \$1

IT'S really a pleasant surprise to see what excellent waists are sold here for a dollar. Many people who have never seen these Wirthmor models on sale at our store, have a wrong conception of what kind of a waist one dollar will buy. We know that the very becoming styles which go on sale tomorrow will meet with a ready sale, and so advise an early call.

Wirthmor Waists are sold here exclusively. They are always one dollar and always worth more. There's value added to good value in the models that go on sale Saturday, First Floor. Bargain Square.
